## 18.0 WORK/QUANTITY DISTRIBUTION:

The work/quantities of work will not be split and 100% work shall be awarded to the lowest bidder.

## 19.0 Performance guarantee:

The successful tenderer shall upon issue of letter of award of tender, shall be required to furnish irrevocable performance guarantee for an amount equal to 5% of the contract value in the form of CDR/FDR/DD/ Bank Guarantee (Annexure-III to the tender documents) within 15 days from the date of issue of the acceptance letter of the tender by the BSNL. In the event of failure on the part of the successful tenderer to furnish the performance guarantee within 15 days, the earnest money deposited (EMD) will be forfeited and tender shall be cancelled.

- 19.1 In case the work is not started by the contractor with in specified time, the full performance guarantee will be forfeited.
- **20.0** The Notice Inviting Tender shall form part of the contract document, In accordance with clause-1 of the contract, the tender acceptance letter shall be issued first in favour of the successful tenderer/contractor. The contract shall be deemed to have come into effect on issue of communication of acceptance of the tender. On such communication of acceptance, the successful tenderer/ contractor shall within 15 days from such date, formally sign the contract which includes all relevent documents.
- **20.1** The Notice Inviting Tender, all the documents including additional conditions, specifications and drawings, if any, forming part of the tender and as issued at the time of invitation of tenders and acceptance thereof together with any correspondence leading thereto.
- **20.2** Standard BSNL EW-8 Form as available on our web site www.electrical.bsnl.co.in shall be part of the agreement.
- **20.3** The successful tenderer shall be required to execute an agreement on non-judicial stamp paper approprite value as notified by Rajasthan state Govt., which shall be purchased by tenderer with the Engineer-in-charge in the Performa annexed (annexure -VI of section -3) to the tender document, within 15 days of the issue of letter of award by the BSNL. The First running account bill shall be paid only after signing of the Agreement/Contract by both the parties.
- 21.0 Tenderers are advised to inspect and examine the site and its surrounding and satisfy themselves before submitting their tenders as to the nature of the ground and the form and nature of the site, the means of access to the site, the accommodation they may require and in general shall themselves obtain all necessary information as to risks, contingencies and other circumstances which may influence or affect their tender. A tenderer shall be deemed to have full knowledge of the site whether he inspects it or not and no extra charges consequent on any misunderstanding or otherwise shall be allowed. The tenderer shall be responsible for arranging and maintaining at his own cost all materials, tools & plants, water, electricity, access facilities for workers and all other services required for executing the work unless otherwise specifically provided for in the contract documents. Submission of tender by a tenderer implies that he has read this notice and all other contract documents and has made himself aware of the scope and specifications of the work to be done and of conditions and local conditions and other factors having a bearing on the execution of the work.
- **22.0** The competent authority on behalf of the BSNL does not bind himself to accept the lowest or any other tender, and reserves to himself the authority to reject any or all of the tenders received without the assignment of a reason. All tenders in which any of the prescribed conditions are not fulfilled or are incomplete in any respect are liable to be rejected.
- **23.0** The competent authority on behalf of BSNL reserves to himself the right of accepting the whole or any part of the tender and the tenderer shall be bound to perform the same at the rate quoted.

- **24.0** The tender of the works shall remain open for acceptance for a period of **90 days** from the date of opening of tenders. If any tenderer withdraws his tender before the said period or date of issue of letter of acceptance/intent, whichever is earlier or makes any modifications in terms and conditions of the tender which are not acceptable to BSNL, then BSNL shall without prejudice to any right or remedy be at liberty to forfeit 50% of the said earnest money as aforesaid.
- **25.0** No exemption certificate for payment of EMD is acceptable.
- **26.0** The company or firm or any other person is not permitted to tender for works in BSNL Unit in which his near relative(s) is (are) posted. ( details as per ANNEXURE -I attached)
- **27.0** No Engineer of gazetted rank or other gazetted officer employed in Engineering or Administrative duties in an Engineering Department of the Government of India is allowed to work as contractor for a period of two years after his retirement from Government service, without the previous permission of the Government of India in writing. This contract is liable to be cancelled if either the contractor or any of his employees is found any time to be such a person who had not obtained the permission of the Government of India as aforesaid before submission of the tender or engagement in the contractor's service.

## 28.0 Power of Attorney :-

- **28.1** The power of Attorney should be submitted and executed on the non-judicial stamp paper of appropriate value as prevailing in the concerned states(s) and the same be attested by a Notary public or registered before Subregistrar of the state(s) concerned.
- **28.2** The power of Attorney be executed by a person who has been authorized by the Board of Directors of the bidder in this regard, on behalf of the Company/ institution/ Body corporate.
- **28.3** In case of the bidder being a firm, the said Power of Attorney should be executed by all the partner(s) in favour of the said Attorney.
- **28.4** Attestation of the specimen signatures of authorized signatory by the Company's/ firm's bankers shall be furnished. Name, designation, Phone number, mobile number, email address and postal address of the authorized signatory shall be provided.

### SECTION -V (SPECIAL AND ADDITIONAL CONDITIONS)

Ń

The contractor shall read carefully the following conditions and shall quote accordingly.

#### 1.0 EARNEST MONEY DEPOSIT:

- 1.1 Validity period: The validity period of Earnest Money deposit should be kept 30 days beyond the Tender validity i.e. 90+30=120 days, as the tender validity period is 90 days.
- 1.2 Extension of Validity period: In case, where the letter of award of work can not be placed with in the validity period of tender, the BSNL can request all tenderers to extend the validity of their respective tenders and the earnest money deposit by a reasonable period. In such cases, extension of validity of earnest money deposit by 30 days beyond the extended validity date of tender should also be asked for. While BSNL can make the request for extension, the tenderer is free to either extend the validity or refuse the request to extend the validity.
- 1.3 Release of Earnest Money Deposit: Earnest money deposit of all unsuccessful tenderers shall be released within one week of issue of tender acceptance letter to the successful tenderer. Where the BSNL requests the tenderer to extend the validity of the tender beyond the stipulated period given in the tender documents, and the tenderer refuses to extend the validity of his tender, the earnest money deposit of such tenderers shall be returned forthwith.
- 1.4 In case the work is not started by the contractor with in specified time frame, the full Performance guarantee will be forfeited absolutely.

#### 2.0 PERFORMANCE GUARANTEE:

- 2.1 The contractor is required to furnish performance guarantee for an amount equal to **5%** of the contract value in the form of Bank Guarantee (of a Nationalized/ Scheduled Bank in a standard format) /CDR/FDR/DD within 15 days from the date of issue of award letter.
- 2.2 The validity period of the performance security in the form of performance bank guarantee shall be One year from the date of actual completion of work.
- 2.3 Firm has option to deposit performance guarantee in the form of bank guarantee in the prescribed format as per **Annexure-III**.
- 2.4 The Performance guarantee and security deposite Shall be released after One year of the actual completion of work.

#### 3.0 SECURITY DEPOSIT:

3.1 In addition to performance guarantee stated above, a sum @ 10% of the gross amount of the bill shall be deducted from each running bill of the contractor till the sum along with the sum already deposited as earnest money & Performance Guarantee will amount to security deposit of 10% of the tendered value of the work.

## 4.0 TAXES AND DUTIES:

- 4.1 The bidder shall give the total composite price inclusive of all Levies, Taxes & duties as applicable including EPF, ESI, Packing, Forwarding, Fright and insurance etc. but excluding of GST.
- 4.2 No concessional Form except a Certificate stating that the tendered items are meant for the use of BSNL shall only be provided by BSNL on the request of the bidder as and when the firm asks for it at the time of execution of work.
   24 to 27
- 4.3 The GST invoice favoring to BSNL shall be issued by the firm for Input Tax Credit to BSNL.

28 to 29 30 to 67

### 4.4 VARIATION IN DUTY/TAXES:

- 4.4.1 Tendered rates will be inclusive of all the taxes and levies payable under the respective statutes. However, pursuant to the Constitution (Forty six Amendment) Act, 1982, if any further tax or levy is imposed by state after the date of receipt of tenders and the contractor (s) thereupon necessarily and properly pays taxes or levies the contractor(s) will be reimbursed such amounts paid, provided such payment, if any, is not in opinion of SE (E) (whose decision shall be final and binding) attributable to delay in execution of work.
- 4.4.2 The contractor (s) shall keep necessary books of accounts and other documents for the purpose of this condition as may be necessary and shall allow inspection of the same by a duly authorized representative of BSNL and shall furnish such other information/documents as the Engineer-in-Charge may require.
  4.4.3 The contractor (s) shall within a period of 30 days of imposition of any further tax or levy
- 4.4.3 The contractor (s) shall within a period of 30 days of imposition of any further tax or levy pursuant to the Constitution (Forty Six Amendment) Act 1982 give a written notice thereof, to the Engineer-in-Charge that the same is given pursuant to this condition together with all necessarv information relating thereto.
- 4.4.4 In case of statuary variation in GST rates within the stipulated date of completion of individual agreement, the same shall be paid or recovered as per the actual against documentary proof. However, beyond this period BSNL will take advantage of any duty reduction but will not pay extra on account of duty increase.

#### 5.0 EPF & ESI PROVISIONS

5.1 The contractor shall comply / fulfill the provisions of the EPF & Misc. Provisions Act.-1952, Employees Provident Fund Scheme-1952 and ESI Act -1948 as amended up to date in respect of labourers/ Employees engaged by them for performing this work. Any consequences arising due to non-complying of the provisions as specified above shall be the sole responsibility of the firm only.

#### 6 BID OPENING AND EVALUATION:

The bids (Envelop I & II) shall be opened in the presence of bidders or their authorized representatives, who choose to attend on the due date & time / date notified by BSNL through site for tender opening. The bidder's representatives, who are present, shall sign in tender opening register.

#### 7.0 CLARIFICATION OF BIDS:

To assist in the examination, evaluation and comparison of bids, the purchaser may, at its discretion ask the bidder for the clarification of its bid. The request for the clarification and the response shall be in writing. However, No post bid clarification at the initiative of the bidder shall be entertained.

#### 8.0 EVALUATION OF BIDS:

8.1 BSNL shall evaluate the bids to determine whether they are complete, whether required sureties, Certificates & testimonials have been furnished, whether the documents have been properly signed and whether the bids are generally in order.

#### 9.0 EVALUATION AND COMPARISON OF BIDS:

- 9.1 BSNL shall evaluate in detail the bids to see whether any computational errors have been made and compare the bids previously determined to be substantially responsive pursuant to **clause -8 above**.
- 9.2 Arithmetical errors shall be rectified on the following basis. If there is a discrepancy between the unit price and total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected by the purchaser. If there is a discrepancy between words and figures, the amount in words shall prevail. If the supplier does not accept the correction of the errors, his bid shall be rejected.
- 9.3 The evaluation and comparison of responsive bid shall be done on the basis of Net Cost to BSNL inclusive of all levies, duties and taxes, EPF, ESI, Packing, Forwarding, Fright and insurance charges etc. but excluding GST on the price of items / services offered. The lowest tenderer will be decided based on lowest total net cost to BSNL excluding of GST.

9.4 Vendors should furnish the correct GST invoice at applicable rates favouring to BSNL. If the Input tax credit against this Invoice for the Duties and Taxes paid as GST is found to be non admissible at any stage to BSNL owing to wrong furnishing of GST Bill / Rate, than the vendor shall be liable to refund / recovery of such non admissible amount along with penalty, if any charged by the concerned authority. Then, BSNL reserves its right to deduct such non admissible amount from any pending bills or deposit of the vendor.

Ń

- 9.5 GST Invoice favouring the BSNL shall be issued by the contractor of each bill indicating correct GST at applicable rates as documentry proof to avail Input Credit of GST by BSNL. Correctness of GST invoice along with applicable rates and geniuness of documents shall rest with Vendor only.
- 9.6 The price quoted by the bidder shall remain fixed during the entire period of contract and shall not be subject to variation on any account. A bid submitted with an adjustable price quotation will be treated as non responsive and rejected. **No claim under "Clause-10cc"** shall be entertained
- 9.7 GST as per invoice issued by vendor favouring to BSNL for this particular work shall be paid as extra as per applicable/ notified rates by Govt of India.
- **9.8 Discount, if any,** offered by the bidder shall not be considered unless specifically indicated in the price schedule. Bidders desiring to offer discount shall therefore modify their offer suitably while quoting and shall quote clearly net price taking all such factors like discount, free supply, etc. into account.
- **9.9** No advance payments can be made. The payment is governed by the normal department practice and stipulations like levy of interest if payment is not made in a specified time is also not acceptable.

#### 10.0 INCREASE/DECREASE OF TENDER QUANTITY:

#### 10.1 As per clause- 12.3 of BSNL EW-8 contract conditions

#### 11.0 TERMS OF PAYMENT:

- 11.1 Payment to the contactors during progress of work will be regulated as below:
- (a) No payment shall be made for a work estimated to cost rupees Twenty thousand or less till after the whole of the work shall have been completed and certificate of completion given. But in the case of a work estimated to cost more than Rs. Twenty thousand interim or running account bills shall be submitted by the contractor for the work executed on the basis of recorded measurements. The contractor shall not be entitled to be paid any interim payment if the gross work done since the last payment is less than Rs. Twenty thousand
- (b) The interim payment shall be made for any site after Successful Installation, Commissioning and testing of Equipment by the conntractor at Site.
- .(c) Interim payment shall not be made against delivery of material.
- 11.2 **No payment** will be made for goods/equipment rejected and services not maintained satisfactory at the site on testing/verification. Payment, if made, for such items shall be recovered from subsequent bills or other bills of the contractor.
- 11.3 BSNL shall deduct statutory taxes and duties from payments due to the firm as per rules of the central/ State Government. The certificate for such deductions shall be issued to the firm by the Accounts Officer of the concerned Division.
- 11.4 Each claim bill of contractors must accompany the following:
- (a) List showing the details of labourers/employees engaged.
- (b) Duration of their engagement.
- (c) The amount of wages paid to such labourers/ employees for the duration in question.
- Amount of EPF & ESI contributions of each employes along with EPF & ESI Account Number (Both (d) employer's & employees contribution) for the duration of engagement in question paid to the EPF & ESI authorities.
- (e) Copies of authenticated documents of payments of such contribution to EPF & ESI authorities.
- (f) A declaration from the contractors regarding compliance of the conditions of EPF-Act, 1952 & ESI-Act, 1948

The contractor will make payment of wages etc to their personnel/manpower engaged at site as per prevailing minimum wages notified by Central or State Govt. from time to time (whichever is higher among Central/State Govt. for the category(i.e. construction or Building operations...) for respective zone/class of city where site is located) either by crossed account payee cheque or through online transfer etc. The agency shall submit

N

- (g) certificate to the effect that the wages of labours have been paid by crossed cheque or on line transfer along with each bill. Further the certificate from each of the engaged man power/personnel to the effect that he has received the payment must also be enclosed to each bill.
- 11.5 The bill passing authority will check the payment particulars regarding EPF contribution furnished by the contractors along with the bill as mentioned in Para 11.4 above. The bill will be passed by the bill passing authority only if the contractor complies with the Terms and conditions of EPF Act, 1952 & ESI Act. 1948.

#### 12.0 STORES AND SAFETY :

- 12.1 All the stores and materials required for the satisfactory completion of the work shall be arranged at site by the contractor from his own sources. Lockable space for storing the material may be provided on request. However, safe custody of the material stored at site will be responsibility of the contractor till the completion/ handing over of the work.
- 12.2 Before dispatch to site, the equipment/ component/ materials shall be properly packed so as to afford protection against transit damages and damages against storage in open areas either at transporter's premises or at work site. However, damaged items shall be replaced by the contractor as per the direction of Engineer-in-Charge.

## 13.0 COORDINATION AT SITE:

13.1 At the site of work more than one agency may be working. Full co-operation shall be extended to other agencies during progress of work. The work will be carried out in such a way so that it may not cause abnormal noise and hindrance to the officers of the BSNL engaged in erection as well as to normal routine work.

#### 14.0 GUARANTEE, MAINTENANCE & DEFECTS LIABILITY :

- 14.1 The gurantee shall be valid for the period of one year after completion of the work the contractor shall certify and get verify from the Engineer in charge that all equipments/Installations are free from any defect due to defective material and bad workmanship/services and also the equipments/ Installations shall work satisfactorily with performance and efficiencies not less than the rated values corresponding to the life of equipments/ Installations
  14.2 Any equipment/ Installation found defective on verification shall be replaced/ rectified free of cost by the
- 14.2 Any equipment/ Installation found defective on verification shall be replaced/ rectified free of cost by the contractor. The services of the contractor's personnel, if required during this period shall be made available free of cost to the BSNL.
- 14.3 The contractor shall depute his representative to the site within 36 hours of notification of defects by the BSNL.
- 14.4 A joint inspection report shall be prepared by the representative of BSNL and the contractor regarding the nature of defects and remedial action required. Time schedule for such action shall also be finalized.
- 14.5 In case, the contractor fails to depute his representative within 36 hours of notification of defects or fails to cause remedial measure within reasonable time as decided during joint inspection, the BSNL may proceed to do so at the contractor's risk and expenses and without prejudice to any other right of the BSNL to recover such expenses.

#### 15.0 BYE-LAWS, INDEMNITY AGAINST LIABILITIES:

- 15.1 The contractor shall comply with all bye-laws and regulations of local and statutory authorities having jurisdiction over the works and shall be responsible for payment of all fees and other charges and giving/ receiving all necessary notices and keep the Engineer-in-charge informed about the notices issued and received.
- 15.2 The contractor shall indemnify the BSNL against all claim in respect of patent rights, design, trade mark or name of other protected rights in respect of any plant, machine, work or materials used for or in connection with the work or temporary works and from and against all claims, demands, proceedings, costs, charges and expenses whatsoever in respect of or in relation thereon. The contractor shall defend all actions arising from such claims and shall him-self pay all royalties.
- 15.3 License fees, damages, cost and charges of all and every sort that may be legally incurred in respect thereof shall be borne by the contractor.
- 15.4 All liabilities/ panal recoveries on matters arising out of tax / excise/ levies such as incorrect deductions, discrepancies in the filing of returns, revised assessment by the concerned authorities etc. shall be borne by the contractor.
- 15.5 It is contractor's liability to follow all safety procedures in accordance with relevant I.S. amended up to date during execution of work at site.
- 16.0 Termination of contract on death of contractor:-
- 16.1 With prejudice of any of the rights or remedies under this contract, if the contactor dies, the engineer in charge on behalf of the BSNL shall have the option of terminating the contract without compensation to the contractor.
- 17.0 Indulging of contactor in criminal/ anti social activities and cases under investigation/ charge sheeted by CBI or any other Government agencies etc.;
- 17.1 If the CBI/ Independent External Monitor (IEM) / Income Tax/ Sales Tax / Central Excise/ Custom Department recommended such a course : Action will be taken as per direction of CBI or concerned department.

### 18.0 IMPORTANT NOTE:

The clauses/conditions as modified in the tender shall supersede the relevant conditions of BSNL EW-8/CPWD 6/8. The other conditions shall be as per BSNL EW-8/CPWD 6/8.

Executive Engineer (E)

- 3 The work shall be supervised by a qualified Overseer/Engineer.
- 4 The layout of the work will be given by the Engineer-in-Charge or his duly authorized representative at site of work.
- 5 All conduit work will be carried out in recessed conduit. If recessed conduit wiring is not possible due to circumstances beyond the control, the conduit can be laid in surface. However such surface conduit work shall be carried out only with prior approval of Engineer-in-Charge. Down/Drops of surface conduit & all MS/CI boxes used for housing switch & socket must be recessed.
  - Separate conduits shall be provided for followings.
  - a) Power plug wiring.
  - b) Light and Fan point wiring.
  - c) Emergency Light point wiring.
  - d ) Telephone wiring.
  - f) Fire detection and alarm.
- 6 The number of power plug points shall be designed with only one outlet per circuit.
- 7 The earthing sets must be provided in the presence of the Engineer-in-Charge or his authorized representative.
- 8 The contractor will have to give the following tests at his cost and intimate test results before final bills are paid. Nothing extra will be paid to him on this account.
  - a. Earth test.
  - b. Polarity test.
  - c. Insulation test.
  - d. Earth continuity test of recessed conduit.
- 9 Any damage done to the building by the contractor during the execution of work shall have to be Made good at his cost & risk. If he does not do it himself within a reasonable time as determined by the Engineer-in-Charge the same will be got executed at his risk & cost departmentally after giving notice to him.
- 10 The circuit wiring at various places shall be kept minimum by taking the runs on walls.
- 11 The conduits laid shall be provided with fish wire to facilitate wiring at a later stage. The telephone outlets shall be provided immediately above skirting level.
- 12 All the sub distribution boards, sub main boards and main boards shall be sign written clearly indicating the number of distribution board, the type of load it is serving and the number of circuits contained in the distribution board.
- 13 While making the end connection of wires, no strand shall be out and the termination of wire shall be done with necessary lugs and ferrule by crimping method without any extra payment.
- 14 Lugs should be provided while terminating 6 SWG GI wire for earth continuity without any extra Payment.
- 15 The termination of conduits etc. in the junction box to be provided above DB should be done by making proper holes instead of cutting the box.
- 16 The bus bar provided in main board shall be suitable for current density of not more than 100 Amp/sq.cm.

- 17 All the points on the walls (except for exhaust fan) in the rooms or the corridors shall be provided at a height of 2300 mm above the floor level.
- 18 All switch boxes and boards in a room shall be of same size.
- 19 Air conditioning plant rooms, weather maker room, sub station rooms and engine alternator rooms shall be provided light/fans points on walls only.
- 20 Conduit laid/fixed in slab or wall with fan box before award of work shall be recovered on the following basis :
  - a. Conduit as per size on linear basis of DSR-2007 (Internal) +/- abatment of agreement.
  - b. Fan box already provided shall be taken into account.

## SPECIFICATIONS OF CABLE

- 1 The cable laying shall be as per CPWD specification.
- 2 The route for the cable laying should be gets approved from the Engineer-in-Charge.
- 3 All cable joints should be done in presence of Engineer-in-Charge or his authorized representative. The LT joints should be done with crimping method and will make lugs/ferrules should only be used.
- 4 The measurement of the cable will be done from the top of the one cable and control box to the top of the other cable and box
- 5 The earthing (wherever applicable) should be done in the presence of the Engineer-in-Charge.
- 6 Any damage done to the building during the erection will have to be made good to the entire satisfaction of Engineer-in-Charge.
- 7 Under ground cable of 1.1 KV grade should be subjected to pressure/insulation test before & after laying to the same in the ducts and in case of unsatisfactory tests the cost of all repairs and replacement & all extra work of removal and relaying will have to be made good by the contractor at his own cost and risk.
- 8 Schedule of work should be carefully read before quoting if any deviation regarding any item is proposed should be clearly indicated in the tender particularly the type of the cable should be specified.
- 9 The quantity of cable in the tender is approximate. The agency will have to assess the quantity from the site before dispatch.

## Specifications of EA set servicing, shifting & repairing (What so ever applicable)

- 1 E/A Set should be attended within prescribed time format and visit to be made immdiately to maintain the services by restoration of DG supply at the extent possible
- 2 During visit, detailed fault report prepared at site with consent of Exchange In Charge and submitted to concerned SDE(E).
- 3 In case of shifting of EA set from two exchanges, both EA shall be loaded simultaneously and parallelly to minimise the intruption in power supply.
- 4 The shifting and transportation shall be done safely else necessary recovery shall be made in case of any damage found
- 5 Servicing and all parameters shall be checked & adjusted as per specifications of manufacturer.
- 6 There should be no any oil or fuel leakage after the servicing
- 7 All the parts shall be as per mfr recommended & GST invoice shall be produced a.w. part no's or otherwise of approved make
- 8 Tappit clearance shall be adjusted as per mgr specifications and as per instruction of EIC

- 9 Trottle linkage, belt tension, cleaning of breather shall be checked & adjusted accordingly
- 10 A/T shall be done as per schedule of T&D circle with 7 hrs at full load & 1 hr at 10% overload
- 11 All existing protections with audio, visual as well as tripping are covered in repairing of control wiring as per schedule.

## Specifications of Airconditioning (What so ever applicable)

1

AC Unit should be attended within prescribed time format and visit to be made immdiately to maintain the services by restoration of AC Unit at the extent possible.

- 2 During visit, detailed fault report prepared at site with consent of Exchange In Charge and submitted to concerned SDE(E).
- All T&P shall be arranged by the contractor on his owncost and nothing shall be paid 3 on this accopunt
- 4 Proper allignments & balancing of the components shall be thoroughly checked.
- 5 Filters shall be checked & cleaned properly
- 6 In case of replacement of the compressor, valid test certificate / Original Invoice showing the Old and New Compressor Serial No. shall be submitted.
- 7 Compressor shall be operative to the existing operative system of refrigerent & electric supply as well.
- 8 Proper leakage testing, pressure testing, vacumazing, purging shall be conducted befoe gas charging, as per deptt. Specs and direction of EIC
- 9 Proper combing shall be done at condenser & evoporator fins.
- 10 Suction & Discharge pressure shall be within specified limits
- 11 Belt tension of blower shall be checked.
- 12 RPM's of blower functioning of expansion valve/ capillaries shall be checked as well as adequate return of air.
- 13 Rate of removal of refregerant vapour by compressor should meet the production rate in evoporator
- 14 Proper CFM's according to the capacity of blower should be checked
- 15 Gauge ports should provided in compressor, if any
- 16 Pipes if provided should be of proper gauge as per mfr specs.

Executive Engineer (E) BSNL Electrical Division-II JAIPUR

	IMPORTANT / REMARKS / SPECIAL NOTES
PAR	<u>Γ-Α</u>
A	This Contract is for mainetance work so quantity mentioned in the schedule are tentative and shall be executed as per actual requirment at site. The deviation of individual item have no limit. However, increase/ decrease of overall contract value will be governed as per special conditions.
В	The workers engaged by firm should maintain proper discipline and good behavior with occupants. The firm shall not depute such workers at the site, whose behavior is found improper.
С	The agency will provide the workers with necessary Tools & Plant, Testing and safety equipments
D	Agency has to observe all the labour rules and regulations in force and indemnify BSNL against any claims whatsoever, either from this clause or any other clause in the contract.
E	Firm shall issue ID card to their workforce whenever they enter premises for bonafide work. Nobody shall be allowed entry without work and nobody will be allowed overnight stay without work.
F	Unserviceable replaced parts/items/ material can be removed from the site after checking and varification of JTO(E)/SDE(E) incharge.
G	The contractor has to keep all the units, neat and clean to avoid any accident and / or fire hazards.
Н	Firm should have round the clock contact telephone number. In case of Emergency, contractor and authorized engineer supervisor shall be available at site on short notice from engineer-in-charge and make all efforts to make the situation normal at the earliest.
I	Minimum inventory of spares shall be maintained by the contractors, the plea of non- availability of spares shall be attributed to the delay by the contractors.For critical spare parts, firm shall have arrangement with dealers for prompt supply.
J	Any material used/replaced by the Firm for the work shall have same specification model / make of particular DEA set. Alternate Make shall be allowed, only after prior approval of the Engineer in charge.
K	For genuineness of the parts, agency shall have to produce documentary proof.
L	All the work /item supplied by the contractor bears guarantee of at least one year and faulty item during this period is to be replaced by contractor free of cost.(No visit charges are admissible in case of attending the fault for guaranteed work/item).
М	All the material will be under the charge of contractor till it is completed and handed over. Safe custody of material shall be the firms responsibility even if any running payments have been made for material brought at site or installed. However, no material shall be removed from site without written permission of Engineer in charge.
Ν	The firm has to submitt field service report duly signed by the particular exchange/BTS incharge/SDE(E)/JTO(E).
0	This is tender for works at various sites under area of SSA mention in Name of work. However, the work may be execute at anywhere under Jurisdiction of BSNL Electrical Division-II, Jaipur.

1	General Rules & Directions All works proposed for execution by contractor will be notified in a form of invitation to tender displayed on Notice Board in select BSNL offices and
	An works proposed for execution by contractor with be notified in a form of invitation to reture anspaged on Notice board in select BSNL offices and signed by the officer inviting tender or by publication in News papers/internet (designated web page) as the case may be.
2	This form will state the work to be carried out, as well as the date of submitting and opening tenders and the time allowed for carrying out the work
	also the amount of earnest money to be deposited with the tender, and the amount of performance guarantee to be deposited by the successfu
	tenderer(s). Copies of the specifications, designs and drawings and any other documents required in connection with the work signed for the purpose of
	identification by the Officer inviting tender shall also be open for inspection by the contractor at the office of Officer inviting tender during off ice hours.
	In the event of the tender being submitted by a firm it must be signed by the authorised signatory. Receipts for payments made on account of work when executed by a firm, must also be signed by authorised signatory.
	Any person who submits a teach shall full up the usual printed form stating at what rate he is willing to undertake each item of the work. Tenders
	which propose any alteration in the work specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain
	any other condition of any sort, including conditional rebates will be summarily rejected. However, tenders with unconditional rebate will be acceptable
	No single tender shall include more than one work, but contractors who wish to tender for two or more works shall submit separate tender for each
	Tenders shall have the name and number of the works to which they refer written on the envelopes.
	The rates(s) must be quoted in decimal coinage. Amounts must be quoted in full rupees by ignoring fifty paise and considering more than fifty paise a rupee one.
i	The Officer inviting tender or his duly authorised assistant will open tenders in the presence of any intending contractors who may be present at the time
	and will enter the amounts of the several tenders in a Comparative Statement in a suitable form. In the event of a tender being accepted a receipt for the
	earnest money forwarded therewith shall thereupon be given to the contractor who shall thereupon for the purpose of identification sign copies of the
	specifications and other documents mentioned in Rule 1. In the event of a tender being rejected, the earnest money forwarded with such unaccepted tende shall thereupon be returned to the contractor remitting the same without any interest.
1	The officer inviting tenders shall have the right of rejecting all or any of the tenders, and, will not be bound to accept the lowest or any other tender.
•	The receipt of an accountant or clerk for any money paid by the contractor will not be considered as any acknowledgement of payment to the Officer inviting
	In recent of an account of cert for any more pair by the contactor win not considered as any accounts officer.
	The memorandum of work tendered for and the schedule of materials to be supplied by BSNL shall be filled and completed in the office of the Office
	inviting tender before the tender form is issued. If a form is issued to an intending tenderer without having been so filled in and incomplete, he shall
0	request the officer to have this done before he completes and delivers his tender. The tenderer shall sign a declaration under the officials S ecret Act, 1923 for maintaining secrecy of the tender documents drawings or other record
	the context shall sign a declaration under the one-state 5 effect set, 122 to maintaining secrety of the ended obtained automation under the one-state secret set.
1	return all the drawings given to them.
1	Rates quoted by the Contractor in the tender both in figures and words shall be accurately filled-in so that there is no discrepancy in the rates written in
	figures & words. However, if a discrepancy is found the rates which correspond with the amount worked out by the contractor shall unless otherwise
	proved be taken as correct. If the amount of an item is not worked out by the contractor or it does not correspond with the rates written in either in figure
	or words then the rates quoted by the contractor in words shall be taken as correct. Where the rates quoted by the contractor in figures and in words tall but the amount is not worked out correctly, the rates quoted by the contractor will unless otherwise proved be taken as correct and not the amount.
2	Performance Guarantee:
	The contractor is required to furnish performance guarantee for an amount equal to 5% of the contract value in the form of bank guarantee
	CDR/FDR/DD (of a nationalized / Scheduled Bank in a standard format) within two weeks from the date of issue of award letter. The validity period of th
	performance security in the form of performance bank guarantee shall be one year from the date of actual completion of work.
	Security deposit:
	In addition to performance guarantee stated above, a sum @ 10% of the gross amount of the bill shall be deducted from each running bill of the contractor till the run deducted will around to exempt in denoting the Tandarda upulae of the work.
3	sum deducted will amount to security deposit of 5% of the Tendered value of the work. All rates shall be quoted on the tender form. The amount for each item should be worked out and requisite totals given. Special care should be taken t
	write the rates in figures as well as in words and the amount in figures only, in such a way that interpolation is not possible. The total amount should b
	written both in figures and words. In case of figures, the word 'Rs.' Should be written before the figure of rupees and word 'P' after the decimal figures, e.g
	'Rs.2.15 P' and in case of words, the word, 'Rupees' should precede and the word 'Paise' should be written at the end. Unless the rate is in whole rupee
	and followed by the word 'only' it should invariably be upto two decimal places. While quoting the rate in schedule of quantities, the word' 'only
	should be written closely following the amount and it should not be written in the next line.

I) BSNL shall evaluate in detail the financial bids to see whether any computational errors have been made and compare the bids previously determines to be substantially responsive pursuant to clause -8 above (I) Arithmetical errors shall be rectified on the following basis. If there is a discrepancy between the unit price and quantity, the unit price and quantity, the unit price and upantity and the total price shall be corrected by the purchaser. If there is a discrepancy between versts and figures, the amount in words shall prevail. If the supplier does not accept the correction of the errors, his bid shall be regicted. (III) The claude shall comparison of responsive bids shall be done on the basis of Net cost to BSNL on the prices of the goods offered inclusive of Dutie and Taxes (But excluding CENVAT-redit duties & Taxes) an indicated in the Price Schedule in Section -VIII of the Bid Document. (IV) Vendors should furnish the correct Eccise Duty & Service tax in the price schedule. If the c

19	Some restrictions may be imposed by the security staff etc. On the working and/or movement of labour, material etc., The contractor shall be bound to follow all
20	such restrictions /instructions and nothing extra shall be payable on this account.
0	The contractor shall comply with the provisions of the Apprentices Act 1961, and the rules and orders issued thereunder from time to time. If he fails to do so, his failure will be a breach of the contract and the Engineer-in-charge may in his discretion without prejudice to any other right or remedy available
	in law cancel the contract. The contractor shall also be liable for any pecuniary liability arising on account of any violation by him of the provisions of the
1	said Act. No engineer of gazetted rank or executive of BSNL employed in engineering or administrative duties in an engineering department of the government of
	India/BS NL is allowed to work as a contractor for a period of two years of his retirement from government service without the previous permission of government of India/BSNL. This contract is liable to be cancelled if either the contractor or any of his employee is found at any time to be such a person
	who had not obtained the permission of government of India as foresaid, before submission of the tender or engagement in the contractor's service as
2	the case may be. Near relatives of all BSNL employees either directly recruited or on deputation are prohibited from participation in tenders and execution of works in the
	different units of BSNL. The near relatives for this purpose are defined as:
	a) Members of a Hindu Undivided family. b) They are husband and wife.
	c) The one is related to the other in the manner as father, mother, son(s) & son's wife(daughter-in-law), Daughter(s) & daughter's husband(son-in-law), brother(s) & brother(s) & sister(s) & sister's husband(brother -in-law).
3	The company or firm or any other person is not permitted to tender for works in BSNL Unit in which his near relative(s) is(are) posted. The unit is
	defined as SSA/Circle/Chief Engineer/Chief Archt./Corporate office for non executive employees and all SSA in a circle including circle office/Chief Eng./Chief Archt./Corporate office for executive employees (including those called as Gazetted officers at present). The tenderer should give a certificate
	that none of his/her such near relative is working in the units as defined above where he is going to apply for tender/work, for proprietorship firm
	certificate will be given by the sole proprietor, for partnership firm, certificate will be given by the authorized signatory. Any breach of these conditions by the company or firm or any other person, the tender/work will be cancelled and earnest money/performance guarantee will be forfeited at any stage
	whenever it is so noticed. BSNL will not pay any damages to the company or firm or the concerned person. The company or firm or the person will also be debarred for further participation in the concerned unit.
	The format of the certificate to be given is
	"I Son of Sh
	Resident
	of
	hereby certify that none of my relative(s) as defined in the tender document is/are employed in BSNL unit as per details given in tender document. In case at any stage, it is found that the information given by me is false/incorrect, BSNL shall have the absolute right to take any action as deemed fit/without
	any prior intimation to me".
	(Seal of the firm) (Signature of Contractor)
	(Sear of the firm) (Signature of Contractor)
efinitions	1. The 'contract' means the documents forming the tender and acceptance thereof and the formal agreement executed between the competent
	authority on behalf of BSNL and the contractor, together with the documents referred to therein including the conditions, the specifications, designs, drawings and instructions issued from time to time by the Engineer-in-Charge and all these documents taken together,
	shall be deemed to form one contract and shall be complementary to one another.
	In the contract the following expression shall, unless the context there otherwise requires have the meanings hereby respectively assigned to them:-
	i) The expression 'works' or 'work' shall unless there be something either in the subject or context repugnant to such construction, be
	construed and taken to mean the works by or by virtue of the contract contracted to be executed whether temporary or permanent and whether
	original, altered, substituted or additional ii) The `site' shall mean the land / Building/ or other places on into or through which work is to be executed under the contract or any alternate
	and, building, path or street which may be allotted or used for the purpose of carrying out the contract.
	iii) The `contractor' shall mean the individual or firm or company whether incorporated or not, undertaking the works and shall include the legal
	personal representative of such individual or the persons composing such firm or company or theof such individual or the persons composing such firm or company or the successors of such firm or company and the permitted assignees of such individual, firm or
	company.
	iv) BSNL means the Bharat Sanchar Nigam Ltd. having its corporate office at B-148, Statesman House, Barakhamba Road, New Delhi-110001 and
	v) The 'Engineer-in-charge' means the Engineer officer who shall supervise and be
	incharge of the work and who shall sign the contract on behalf of BSNL as
	mentioned in Schedule F hereunder. vi) Accepting Authority means the authority mentioned in Schedule 'F'.
	vii) Excepted Risk are risks due to riots (other than those on account of contractor's employees), war (whether declared or not) invasion, act
	of foreign enemies, hostilities, civil war, rebellion, revolution, insurrection, military or usurped power, any acts of Government, damages from

	of start of the work, sign the contract consisting of the notice inviting tender, all the documents including drawings, if any, forming the
Contract) 10	tender as issued at the time of invitation of tender and acceptance thereof together with any correspondence leading thereto. The agreement to be signed on non-judicial stamp paper and the cost to be decided as per the prevailing local bye-laws or zonal head of the circle.
	CLAUSES OF CONTRACT
Performance	CLAUSE - 1 1.1 i)The contractor is required to furnish performance guarantee for an amount equal to 5% of the contract value in the form of bank guarantee / CDR/FDR/DD (of a nationalized / Scheduled Bank in a standard format) within two weeks from the date of issue of award
	letter. The validity period of the performance security in the form of performance bank guarantee shall be one year from the date of actual completion of work. Compensation or the other sums of money payable by the contractor under the terms of this contract may be deducted from or paid by the sale of a sufficient part of his performance guarantee or from the interest arising therefrom, or from any sum whichmay be due to or may become due to the contractor by BSNL on any account whatsoever absolutely determine the contract in any of the following cases a foresaid, the contractor shall within 10 day.
Guarantee	make good in cash or guarantee bonds or fixed deposit receipt tendered by the state bank of India or by scheduled banks executed in favou of BSNL.scheduled banks executed in favour of BSNL. ii) The Performance Guarantee shall be initially valid upto the stipulated date of completion plus one year beyond that. In case the time fo
	completion of works gets enlarged ,the contractor shall get the validity of Performance Guarantee extended to cover such enlarged time for completion of work.
	iii) The Engineer –in –charge shall not make a claim under the performance guarantee except for amounts to which BSNL is entitled under the contract (not withstanding and or without prejudice to any other provisions in the contract agreement in the event of: a) Failure by the contractor to extend the validity of the Performance guarantee as described herein above, in which event the engineer-in- charge may claim the full amount of the Performance Guarantee.
	b) Failure by the contractor to pay BSNL any amount due, either as agreed by the contractor or determined under clauses/conditions of the agreement, within 30 days of the service of notice to this effect by engineer-in-charge.
	iv))In the event of the contract being determined or rescinded under provision of any of the Clause/Condition of the agreement, the Performance guarantee all stand forfeited in full and shall be at the disposal of the BSNL.
	1.2 In case a fixed deposit receipt of any bank is furnished by the contractor to the BSNL as part of the Performance guarantee and the Bank is unable to make payment against the fixed deposit receipt, the loss caused thereby shall fall on the contractor and the contractor shall
	forthwith on demand furnish additional security to the BSNL to make good the deficit.
Recovery of	CLAUSE 1A The person/persons whose tender(s) may be accepted (hereinafter called contractor shall permit Government/BSNL at the time of making any
Security Security	payment to him for work done under the contract to deduct a sum at the rate of 10% of the gross amount of each running bill till the sum, wil
Deposit	amount to security deposit of 5% of the tendered value. This will be released after an observation period of 12 months after the date of Completion of work along withafter an observation period of 12 months after the date of Completion of work along with Performance Guarantee.
Compensation for	CLAUSE 2 2.1 If the contractor fails to maintain the required progress in terms of clause 5 or to complete the work and clear the site on or before the contract
	or extended date of completion, he shall, without prejudice to any other right or remedy available under the law to BSNL on account of such breach, pay as agreed compensation the amount calculated at the rates stipulated below or such smaller amount as decided by the
Delay	Superintending Engineer (whose decision in this regard shall be final and binding). i) First en weeks - 0.5% of contract value per week
	<ol> <li>ii) Next ten weeks - 0.7% of contract value per week</li> <li>2.2 Provided always that the total amount of compensation for delay to be paid under this condition shall not exceed 12% of the tendered value of work. The amount of compensation may be adjusted or set-off against any sum payable to the contractor under this or any othe</li> </ol>
	contract with BSNL. 2.3 For the purpose of grant of extension of time, air conditioning, Engine Alternator, Fire detection work is deemed to have been completed after successful completion of the initial acceptance testing by T&D Circle and as per BSNL standards. For Sub Station, the date of clearance from electrical inspector and for wet riser system date of clearance from concerned Fire authority is taken as deemed date of completion For lift the date of completion shall be taken as the date of clearance from the lift inspector.
When Contract Can	CLAUSE 3 3.0 Subject to other provisions contained in this clause the engineer-in-charge may without prejudice to his right against the contractor in respect of any delay, or inferior workmanship or otherwise to any claims for damage in respect of any breaches of the contract and without
	prejudice to any rights or remedies under any of the provisions of this contract or otherwise and whether the date for completion has or has
be Determine	not elapsed by notice in writing absolutely determine the contract in any of the following cases

	(i) If the contractor having been given by the engineer in charge a notice in whiting to receive a non-struct on realized our difference in the distribution of the second structure of the second str
	(i) If the contractor having been given by the engineer-in charge a notice in writing to rectify, reconstruct or replace any defective work or that the work is being performed in any inefficient or otherwise improper or unworkman like manner shall omit to comply with the requirements of
	such notice for a period of seven days thereafter.
	(ii) If the contractor being a company shall pass a resolution or the court shall make an order that the company shall be wound up or if a
	receiver or a manager on behalf of a creditor shall be appointed or if circumstances shall arise which entitle the court or creditor to appoint a receiver or a manager or which entitle the court to make a winding up order.
	(iii) If the contractor has, without reasonable cause suspended the execution of the work or has failed to proceed with the work with due
	diligence so that in the opinion of the engineer-n-charge( which shall be final and binding) he will be unable to secure completion of the
	work by the date for completion and continues to do so after a notice in writing of seven days from the Engineer-in-Charge.
	(iv) If the contractor fails to complete the work within the stipulated date or items of work with individual date of completion, if any
	stipulated, on or before such date(s) of completion and does not complete them within the period specified in a notice given in writing in that
	behalf by the Engineer-in-Charge. (v) If the contractor persistently neglects to carry out his obligations under the contract and/or commits default in complying with any of the
	terms and conditions of the contract and does not remedy it or take effective steps to remedy it within 7 days after a notice in writing is given to
	him in that behalf by the Engineer-in-Charge.
	(vi) If the contractor commits any acts mentioned in clause 21 hereof. When the contractor has made himself liable for action under any of the cases aforesaid, the engineer-in charge on behalf of the BSNL shall have powers.
	a) To determine or rescind the contract as aforesaid( of which termination or rescission notice in writing to the contractor under the
	hand of the engineer-in- charge shall be conclusive evidence) upon such determination or rescission the full performance guarantee and
	security deposit of the contractor shall be liable to be forfeited and shall be absolutely at the disposal of BSNL. If any portion of the performance
	guarantee and security deposit has not been paid or received it would be called for and forfeited.
	b) To employ labour paid by BSNL and to supply materials to carry out the work or any part of the work debiting the contractor with the
	cost of the labour and the price of the materials( of the amount of which cost and price certified by the engineer in charge shall be
	final and conclusive against the contractor) and crediting him with the value of the work done in all respects in the same manner and at the
	same rates as if it had been carried out by the contractor under the terms of this contract. The certificate of divisional officer as to the
	value of the work done shall be final and conclusive against the contractor provided always that action under the sub clause shall only be taken after civing notice in writing to the contractor. Provided also that if the avanages insurred by PSNL are less than the amount payable to the
	taken after giving notice in writing to the contractor. Provided also that if the expenses incurred by BSNL are less than the amount payable to the
	contractor at his agreement rates, the difference should not be paid to the contractor. c) After giving notice to the contractor to measure up the work of the contractor and to take such whole or the balance or part thereof as shall be
	unexecuted out of his hands and to give it to another contractor to complete in which case any expenses which may be incurred in excess of the
	sum which would have been paid to the original contractor if the whole work had been executed by him( of the amount of which excess the certificate in writing of the engineer-in-charge shall be final and conclusive) shall be borne and paid by the original contractor and may be
	deducted from any money due to him by BSNL under this contract or on any other account whatsoever or from his performance guarantee or the
	proceeds of sales thereof or a sufficient part thereof as the case may be. If the expenses incurred by BSNL are less than the amount
	payable to the contractor at his agreement rates, the differences shall not be paid to the contractor. The contractor whose contract is determined or rescinded as above shall not be allowed to participate in the tendering process for the balance work. In the event of any one or more of the above
	courses being adopted by the engineer-in-charge the contractor shall have no claim to compensation for any loss sustained by him by reasons
	CLAUSE 4
ontractor Liable to	In any case in which any of the powers conferred upon the engineer-in-charge by clause-3thereof, shall have become exercisable and the same are
av Compensation	not exercised, the non-exercise thereof shall not constitute a waiver of any of the conditions hereof and such powers shall not withstanding be exercisable in the event of any future case of default by the contractor and the liability of the contractor for compensation shall remain unaffected. In
	the event of the engineer-in-charge putting in force all or any of the powers vested in him under the preceding clause he may, if he so desires,
	after giving a notice in writing to the contractorpreceding clause he may, if he so desires, after giving a notice in writing to the contractor take possession of (or at the sole discretion of the engineer-in-charge which shall be final and binding on the contractor, Engineer in charge by notice in
aken under clause	writing may order the contractor or his clerk of the works, foreman or other authorised agent to remove such tools, plant, materials or stores
	from the premises(within a time to be specified in such notice) and in the event of the contractor failing to comply with any such requisition,
	the engineer-in-charge may remove them at the contractor's expenses or sell them by auction or private sale on account of the contractor and

	6.3 If for any reason the contractor or his authorized representative is not available and the work of recording measurements is suspended
	by the Engineer-in-charge or his representative, the Engineer-in-charge and the BSNL shall not entertain any claim from contractor for any
	loss or damages on this account. If the contractor or his authorised representative does not remain present at the time of such
	measurements after the contractor or his authorised representative has been given a notice in writing three(3) days in advance or fails to countersign
	or to record objection within a week from the date of the measurement, then such measurements recorded in his absence by the Engineer-in-
	charge or his representative shall be deemed to be accepted by the contractor. 6.4 The contractor shall, without extra charge, provide all assistance with every appliance, labour and other things necessary for recording
	measurements. 6.5 Except where any general or detailed description of the work expressly shows to the contrary, measurements shall be taken in
	accordance with the procedure set forth in the specifications notwithstanding any provision in the relevant Standard Method of measurement or any general or local custom. In the case of items which are not covered by specifications, measurements shall be taken in accordance with
	the relevant standard method of measurement issued by the Bureau of Indian Standards and if for any items no such standard is available then a
	mutually agreed method shall be followed. 6.6 The contractor shall give not less than seven days notice in writing to the engineer-in-charge or his authorized subordinate in charge of
	the work before covering up or otherwise placing beyond the reach of measurement any work in order that the same may be measured and correct dimensions thereof be taken before the same is covered up or placed beyond the reach of measurement and shall not cover up and place beyond the reach of measurement any work without the consent in writing of the engineer-in-charge or his authorized subordinate in-charge of the work who shall within the aforesaid period of seven days inspect the work, and if any work shall be covered up or placed beyond the reach of measurement without such notice having been given or the engineer-in-charge's consent being obtained the same shall be uncovered at the contractor's expense, or in default thereof no payment or allowance shall be made for such work or the materials with which the same was executed.
	6.7 Engineer-in-charge or his authorized representative may cause either themselves or through another officer of BSNL to check the measurements recorded jointly or otherwise as aforesaid and all provisions stipulated herein above shall be applicable to such checking of
	measurements. 6.8 It is also a term of this contract that recording of measurements of any item of work in the measurement book and/or its payment in
	the interim, on account or final bill shall not be considered as conclusive evidence as to the sufficiency of any work or material to which it relates nor shall it relieve the contractor from liabilities from any over measurement or defects noticed till completion of the defects
	liability period. CLAUSE 7
ayment on	7.1 No payment shall be made for a work estimated to cost rupees Twenty thousand or less till after the whole of the work shall have been
ntermediate	completed and certificate of completion given. But in the case of a work estimated to cost more than Rs. Twenty thousand interim or
ertificate to be	running account bills shall be submitted by the contractor for the work executed on the basis of recorded measurements. The contractor
egarded as dvance	shall not be entitled to be paid any interim payment if the gross work done since the last payment is less than Rs. Twenty thousand.
	7.2 Interim payment on account of amount admissible shall be made by the Engineer-in-charge certifying the sum to which the contractor is
	considered entitled by way of interim payment at such rates as decided by the Engineer-in-charge. The amount admissible thshall be paid by
	20 working day after the day of presentation of the bill by the contractor to the Engineer-in-charge or his Sub Divisional Engineer. 7.3.1 Payment to the contractors for Sub Station, Lifts, fire detection, fire fighting and other specialized items, during progress of work, will
	be regulated as below :-
	a) 80% of prorata of the approved price breakup of contract value on receipt of equipment at site and after satisfactory physical inspection.
	b) 10% of prorata of the approved price breakup of contract value after successful installation of equipment.
	c) 5% of the approved contract value after successful completion of Initial acceptance testing.
	<ul> <li>d) 5% of the approved contract value after successful completion of the final acceptance testing.</li> <li>e) For the works where A/T is not applicable e.g. for substation, lift, fire fighting etc. 5% of the approved contract value shall be released after</li> </ul>
	clearance by Electrical inspector/ lift inspector/ Fire officer respectively.
	7.3.2 Payment to the contractors for Air Conditioning and Engine Alternator, during progress of work, will be regulated as below :-
	(a) In respect of part 'A' agreement 95% of the approved price on receipt of equipment at site and after satisfactory physical inspection. For claiming this payment, the following documents are to be submitted to the paying authority.
	(i) Excise Gate Pass / Invoice or equivalent document.
	(ii) Delivery Challan. (iii) Consignee receipt.
	(iv) Proof of payment of Entry Tax etc., if any.
	(b) The balance 5% payment shall be made after Successful Installation, Commissioning and acceptance testing of equipment. © In respect of part Be agreement process payment up to 75% of agreement rates shall be made on completion of physical installation
	<ul> <li>'B' agreement prorate payment up to 75% of agreement rates shall be made on completion of physical installation.</li> <li>(d) No payment will be made for goods/equipment rejected at the site on testing. Payment, if made, for such items shall be recovered from</li> </ul>
	subsequent bills or other bills of the supplier. (e) BSNL shall deduct statutory taxes and duties from payments due to the firm as per rules of the central/State Government. The certificate for
	such deductions shall be issued to the firm by the Accounts Officer of the concerned Division.
	(f) Each claim bill of contractors must accompany the following:
	(i) List showing the details of labourers/employees engaged.     (ii) Duration of their engagement.
	(ii) The amount of wages paid to such labourers/ employees for the duration in question.
	(iv) Amount of EPF contributions (Both employer's & employees contribution) for the duration of engagement in question paid to the EPF
	authorities. (v) Copies of authenticated documents of payments of such contribution to EPF-authorities.
	(vi) A declaration from the contractors regarding compliance of the conditions of EPF-Act, 1952.
	(g) The bill passing authority will check the payment particulars regarding EPF contribution furnished by the contractors along with the bill as mentioned in Para 16.4 above and keep full records of the payments etc. each contract wise. The bill will be passed by the bill passing authority only if the contractor complies with the Terms and conditions of EPF Act, 1952.
	7.4 All such intermediate payments shall be regarded as payments by way of advance against the final payment only and not as payments for work actually done and completed and shall not preclude the requiring of bad, unsound and imperfect or unskilled work to be removed and taken away and reconstructed or re-erected or be considered as an admission of the due performance of the contract or any part thereof in any respect or the accruing of any claim nor shall it conclude, determine or affect in any way the powers of the engineer-in-charge under these conditions or any of them as to the final settlement and adjustment of the accounts or otherwise or in any other way vary or affect the contract.
	7.5 Pending consideration of extension of date of completion interim payments shall continue to be made as herein provided, without prejudice to the right of BSNL to take action under the terms of this contract for delay in the completion of work, if the extension of date of completion is not granted by the mpetent authority.

	8.1 Within ten days of the completion of the work, the contractor shall give notice of such completion to the engineer-in-charge and within thirty days of the receipt of such notice the Completion engineer in charge shall inspect the work and if there is no defect in the work shall furnish
	thirty days of the receipt of such notice the Completion engineer-in-charge shall inspect the work and if there is no defect in the work shall furnish Certificate the contractor with a final certificate of completion, otherwise a provisional certificate of physical completion indicating
	defects(a) to be rectified by the contractor /or(b) for which payment will be made at reduced rates, shall be issued but no final
	certificate of completion shall be issued, nor shall the work be sidered to be complete until the contractor shall have removed from the
	premises on which the work shall be executed all scaffolding, surplus materials and rubbish and dirt etc. from the site. if the contractor shall fail
	to comply with the requirements of this clause as to removal of scaffolding, surplus aterials and rubbish etc. the engineer-in-charge may
	at the expense of the contractor remove such scaffolding, surplus materials and rubbish etc. and dispose of the same as he thinks fit and
	clean of such dirt as aforesaid and the contractor shall have no claim in respect of any such scaffolding or surplus materials as aforesaid
	· · · · · · · · · · · · · · · · · · ·
	8.2 The contractor shall submit completion plan as required vide CPWD general specifications for Electrical works( part 1 - Internal) 1994 and
	(part II - External) 1995 /BSNL specifications as applicable within thirty days of the completion of the work.
	8.3 In case, the contractor fails to submit the completion plan as aforesaid he shall be liable to pay a sum equivalent to 2.5% of the value of
	the work subject to a ceiling of Rs.15,000/- (Rs. Fifteen thousand only) as may be fixed by the Superintending Engineer concerned and in this
	respect the decision of the Superintending Engineer shall be final and binding on the contractor.
	CLAUSE 9
ayment of final	9.1 The final bill shall be submitted by the contractor in the same manner as specified in Payment interim bills within three months of
	physical completion of the work or within one month of of Final the date of the final certificate of completion furnished by the Engineer-in-
	charge whichever is earlier. No further claims shall be made by the contractor after submission of the final bill and these shall be deemed to have
	been waived and extinguished. payment of those items of the bill in respect of which there is no dispute and of items in dispute, for quantities and
	rates as approved by Engineer-in-charge, will, as ar as possible be made within the period specified herein under, the period being reckoned from
	the date of receipt of the bill by the Engineer-in-charge or his authorized Sub Divisional Engineer, complete with account of materials issued by
	BSNL and dismantled materials.
	i) If the Tendered value of work is upto Rs. 5 lakhs : 3 months
	ii) If the Tendered value of work exceeds Rs. 5 lakhs : 6 months
	9.2 Payments due to the contractor, may if so desired by him, be made to his bank instead of direct to him provided that the contractor furnishes
,	to the ngineer-in-charge (i) an authorization in the form of a legally valid documents such as a power of attorney Payment of conferring
	authority on the bank to receive payments and (ii) his own acceptance of the Contractor's Bill correctness of the amount made out as being due
	to him by BSNL or his signature on the to Banks bill or other claim preferred against BSNL before settlement by the engineer-in-charge of the
	account or claim by the payment to the bank. While the receipt given by such bank shall constitute a full and sufficient discharge for the
	payment, the contractor shall whenever possible present his bills duly receipted and discharge through his bank. Nothing herein contained
anks	shall operate to create in favour of the bank any rights or equities vis-à-vis BSNL.
	CLAUSE 10
Vaterial be	i) Materials which BSNL will supply are shown in the Schedule of work / Schedule B. It also stipulates the quantum, place of issue and rate(s) to
provided by the	
-	be charged in respect thereof. The contractor shall be bound to procure them from Engineer-in-charge.
	i) As soon as the work is awarded, the contractor shall finalize the program for the completion of work as per clause 5 of this contract
	and shall give his estimates of materials required on the basis of drawings/or schedule of quantities of the work. The Contractor shall
	give in writing his equirement to the Engineer-in-charge which shall be issued to him keeping in view the progress of work as assessed
	give in writing in sequencing to the Engineer in charge when shall be issued to him deeping in their the progress of work as assessed by the Engineer-in-charge.
	iii) The contractor shall see that only the required quantities of materials are got issued. Any such material remaining unused and in perfectly good
	condition at the time of completion or determination of the contract shall be returned to the Engineer-in-charge at the stores from which it was
	issued or at a place directed by him by a notice in writing. The contractor shall not be entitled for loading, transporting, unloading and
	stacking of such unused material except for the extra transportation, if any involved, beyond the original place of issue.
	iv) The contractor shall bear the cost of getting the material issued, loading, transporting to site, unloading, storing under cover as required,
	assembling and joining the several parts together as necessary.
	v) All stores/materials so supplied to the contractor or procured with the assistance of BSNL shall remain the absolute property of BSNL and
	the contractor shall be the trustee of the stores/materials, and the said stores/materials shall not be removed/disposed off from the site of the
	work on any account and shall be at all times open to inspection by the Engineer-in-charge or his authorized agent.
	vi) In the event of breach of the aforesaid condition, the contractor shall in addition to throwing himself open to account for contravention
	of the terms of the licenses or permit and/or for criminal breach of trust, be liable to BSNL for all advantages or profits resulting or which in
	the usual course would have resulted to him by reason of such breach. Provided that the contractor shall in no case be entitled to any
	compensation or damages on account of any delay in supply or non-supply thereof all or any such materials and stores provided further that
	the contractor shall be bound to execute the entire work if the materials are supplied by BSNL within the original scheduled time for
	completion of the work plus 50% thereof or schedule time plus 6 months wchever is more if the time of completion of work exceeds 12
	months but if a part of the materials only has been supplied within the aforesaid period then the contractor shall be bound to do so much of
	the work as may be possible with the materials and stores supplied in the aforesaid period. For the completion of the rest of the work, the
	contractor shall be entitled to such extension of time as may be determined by the Engineer-in-charge whose decision in this regard shall be final
	CLAUSE 10A
	The contractor shall, at his own expense, provide all materials, required for the works other than those which are stipulated to be supplied by
	BSNL.
	i) The contractor, shall at his own expense and without delay, supply to the Engineer-in-charge samples of materials to be used on the
	work and shall get these approved in advance. All such materials to be provided by the contractor shall be in conformity with the
	specifications laid down or eferred to in the contract. The contractor shall, if requested by the Engineer-in-charge furnish proof, to the
	satisfaction of the Engineer-in-icharge that the materials so comply. The Engineer-in-charge shall within thirty days of supply of samples
	or within such further period as he may require intimate to the contractor in writing whether samples are approved by him or not. If
	samples are not approved, the contractor shall forthwith arrange to supply to the Engineer-in-charge for his approval fresh samples complying with
	the specifications laid down in the contract. When materials are required to be tested in accordance with specifications, approval of the
	Engineer-in-charge shall be issued after the test results are received.
ł	ii) The contractor shall at his risk and cost submit the samples of materials to be tested or analysed and shall not make use of or incorporate
1	in the work any materials represented by the samples until the required tests or analysis have been made and materials finally accepted by the
	Engineer-in-charge. The contractor shall not be eligible for any claim or compensation either arising out of any delay in the work or due to any
	corrective measures required to be taken on account of and as a result of testing of materials.

extra will be paid for the same. In respect of specialized works like DG Set, Air conditioning, Fire Detection etc. water/ electricity supply shall be made available by BSNL free of cost for erection/testing.
CLAUSE 10 C
In respect of Contracts with stipulated time period of completion being less than18(Eighteen) months, if after submission of the tender the wages of labour increases as a direct result of the coming into force of any fresh law, or statutory rule or order and such increase exceeds ten per cent of the wages prevailing at the time of the last stipulated date for receipt of the tenders including extensions if any for the work, and the contractor thereupon necessarily and properly pays in respect of labour engaged on the execution of the work such increased wages, then the amount of the contract shall accordingly be varied. Provided always that any increase so payable is not, in the opinion of the Superintending Engineer (whose decision shall be final and binding on the contractor) attributable to any delay in the execution of the contract within the control of the contractor.
 Provided however, no minimum amount shall be made if the increases is not more than 10% of the sold waves, and if so, the minimum ant shall be
Provided, however, no reimbursement shall be made if the increase is not more than10% of the said wages, and if so, the reimbursement shall be made only on the excess over 10% and provided further that any such increase shall not be payable if such increase has become operative after the contract or extended date of completion of the work in question.
If after submission of the tender, the wages of labour is decreased as a direct result of the coming into force of any fresh law or statutory rules or order and such decrease exceeds ten per cent of the wages prevailing at the time of receipt of the tender for the work, the BSNL shall in respect of labour engaged on the execution of the work after the date of coming into force of such law statutory rule or order be entitled to deduct from the dues of the contractor such amount as shall be equivalent to the difference between the wages as prevailed at the time of the last stipulated date for receipt of tenders including extensions if any for the work minus ten per cent thereof and the wages of labour on the coming into force of such law, statutory rule or order.
The contractor shall, for the purpose of this condition, keep such books of account and other documents as are necessary to show the
amount of any increase claimed or reduction available and shall allow inspection of the same by a duly authorized representative of the
BSNL, and further shall, at the request of the Engineer-in-Charge may require any documents so kept and such other information as the
Engineer-in-Charge may require. The sector to the minimum of his horizontation of the sector of the
The contractor shall, within a reasonable time of his becoming aware of any alteration in the wages of labour, give notice thereof to the Engineer-in- Charge stating that the same is given pursuant to this condition together with all information relating thereto which he may be in position to supply
 CLAUSE 10 CC
OCC.1 If the prices of materials (not being materials supplied or services rendered at fixed prices by BSNL in accordance with clause 10 A thereof) and/or wages of labour required for execution of the work increase, the contractor shall be compensated for such increase as per provisions detailed below and the amount of the contract shall accordingly be varied, subject to the condition that such compensation for escalation in prices shall be available only for the work done during the stipulated period of the contract including such period for which the contract is validity extended under the provisions of clause 5 of the contract without any action under Clause 2. However, for the work done during the justified period extended as above ,the compensation as detailed below will be limited to prices wages prevailing at the time of stipulated date of completion or as prevailing for the period under consideration , whichever is less. No such compensation shall be payable for a work for which the stipulated period of completion is 18 months or less. Such compensation for escalation in the prices of materials and labour when due, shall be worked out based on the following provisions:
A)
 For Lift Work:
 For Lift Work: In respect of works relating to supply and installation of lifts/escalators price variation clause as per IEEMA shall be applicable.
 For Lift Work:
 For Lift Work:         In respect of works relating to supply and installation of lifts/escalators price variation clause as per IEEMA shall be applicable.         B) For work other than lift:         i) The base date for working out such escalation shall be the last date of receipt of tenders including extension, if any.         ii) The cost of work on which escalation will be payable shall be reckoned as below :-

	LIo-Minimum daily wage in rupees of an unskilled adult male mazdoor, fixed under any law, statutory rule or order as on the last
	stipulated date of receipt of tender including extension, if any. LI - Minimum wage in rupees of an unskilled adult male mazdoor, fixed under any law, statutory rule or order as applicable on the last day of the
	quarter previous to one under consideration.
	vii) The following principles will be followed while working out the compensation as per sub para (vi) above.
	<ul> <li>a) The minimum wage of an unskilled male mazdoor mentioned in sub para</li> <li>(vi) above shall be the higher of the following two figures, namely those notified by government of India, ministry of labour and those</li> </ul>
	notified by the local administration both relevant to the place of work and the period of reckoning.
	b) The escalation for labour also shall be paid at the same quarterly intervals when escalation due to increase in the cost of materials is paid under this clause. If such revision of minimum wages takes place during any such quarterly intervals, the escalation compensation shall be payable
	at revised rates only for work done in subsequent quarters.
	c) Irrespective of variations in minimum wages of any category of labour, for the purpose of this clause, the variation in the rates for an unskilled
	adult male mazdoor alone shall form the basis for working out the escalation compensation payable on the labour component. viii) In the event the price of materials and/or wages of labour required for execution of the work decrease/s, there shall be downward adjustment
	of the cost of work so that such price of materials and/or wages of labour shall be deductable from the cost of work under this contract and
	in this regard formula herein before stated under this clause 10(cc) shall mutatis mutandis apply, provided that. a) No such adjustment for the decrease in the price of materials and/ or wages of labour afore-mentioned would be made in case of
	contracts in which the stipulated period of completion of the work is eighteen months or less. b) The engineer-in-charge shall otherwise be entitled to lay down the procedures by which the provision of this sub-clause shall be
	implemented from time to time and the decision of the engineer-in-charge in this behalf shall be final and binding on the contractor. ix) Provided always that the provision of the preceding clause 10 (C) shall not be applicable for contracts where provisions of this clause are
	applicable but in cases where provision of this clause are not applicable, the provisions of clause 10(C) will become applicable. CLAUSE 10D

Foreclosure of Contract due to Abandonment or	CLAUSE 13 13.1 If at any time after acceptance of the tender BSNL shall decide to abandon or reduce the scope of the works for any reason whatsoever an
Reduction in Scope	
· · ·	hence not require the whole or any part
	of the works to be carried out, the Engineer-in-charge shall give notice in writing to that effect to the contractor and the contractor sha
	act accordingly in the matter. The contractor shall have no claim to any payment of compensation or otherwise whatsoever, on account of an
	profit or advantage which he might have derived from the execution of the works in full but which he did not derive in consequence of the
	foreclosure of the whole or part of the works.
	13.2 The contractor shall be paid at contract rates full amount for works executed at site and in addition, a reasonable amount as certified by the
	Presinger in shares for the items becaused maninged which could not be utilized on the used to the full automic order of the forestowned
	Engineer-in-charge for the items hereunder mentioned which could not be utilised on the work to the full extent in view of the foreclosures. i) Reasonable compensation for transfer of T&P and staff from site to contractor's permanent stores or to his other works, whichever i
	less. If T&P/staff are not transported to either of the said places, no cost of transportation shall be payable.
	ii) BSNL shall have the option to take over contractor's materials or any part thereof either brought to site or to which the contractor is legall
	bound to accept delivery from suppliers (for incorporation in or incidental to the work) provided, however BSNL shall be bound to tak
	over the materials or such portions thereof as the contractor does not desire to retain. For materials taken over or to be taken over by BSN
	cost of such materials as detailed by Engineer-in-charge shall be paid. The cost shall, however, take into account purchase price, cost of
	transportation and deterioration or damage which may have been caused to materials whilst in the custody of the contractor.
	13.3 The contractor shall, if required by the Engineer-in-charge, furnish to him books of account, wage books and other relevant document
	and evidences as may be necessary to enable him to certify the reasonable amount payable under this condition.
	13.4 The reasonable amount of item(s) on 13.2 (i) above shall not be in excess of 2% of the cost of the work remaining incomplete on the date of
	closure, i.e. total stipulated cost of the work as per accepted tender less the cost of work actually executed under the contract and less the
	cost of contractor's materials at site taken over by BSNL as per item 13.2 (ii) above. Provided always that against any payments due to the
	contractor on this account or otherwise, the Engineer-in-charge shall be entitled to recover or be credited with any outstanding balances du from the contractor for advance paid in respect of any work and materials and any other sums which at the date of termination were recoverable b
	BSNL from the contractor under the terms of the contract.
	CLAUSE 14
uspension of Work

	c) for safety of the works or part thereof.
	The contractor shall, during such suspension, properly protect and secure the works to the extent necessary and carry out the instructions given
	in that behalf by the Engineer-in-charge.
	<ul> <li>ii) If the suspension is ordered for reasons (b) and (c) in sub para (i) above.</li> <li>a) The contractor shall be entitled to an extension of time equal to the period of every such suspension plus 25% of completion time specified in the contract.</li> </ul>
	b) If the total period of all such suspensions in respect of the work exceeds thirty days, the contractor shall, in addition, be entitled to such
	compensation as the Engineer-in-charge may consider reasonable in respect of salaries and/or wages paid by the contractor to his employees
	and labour at site, remaining idle during the period of suspension, adding thereto 2% to cover indirect expenses of the contractor. Provided
	the contractor submits his claim supported by details to the Engineer-in-charge within fifteen days of the expiry of the period of 30 days. c) If the works or part thereof is suspended on the orders of the Engineer-in-charge for more than three months at a time, except when suspension is reduced for an except when suspension is a supersonal except of the except of
	is ordered for reason 15.1 i) (a) in sub para above, the contractor may after receipt of such order serve a written notice on the Engineer-in-charge requiring
	permission within fifteen days from receipt by the Engineer-in- charge of the said notice, to proceed with the work or part thereof in
	regard to which progress has been suspended and if such permission is not granted within that time, the contractor, if he intends to treat the suspension, where it affects only a part of the works as an omission of such part by BSNL or where it affects whole of the works,
	as an abandonment of the works by BSNL, shall within ten days of expiry of such period of 15 days give notice in writing of his interaction to the Engineer in shore. In the sum of the sector tending the summaries of an abandonment of the sector tending of tending
	intention to the Engineer-in-charge. In the event of the contractor treating the suspension as an abandonment of the contract by BSNL, he shall have no claim to payment of any compensation on account of any profit or advantage which he might have derived from the execution
	of the work in full but which he could not derive in consequence of the abandonment. He shall, however, be entitled to such compensation, as
	the Engineer-in-charge may consider reasonable, in respect of salaries and/or wages paid by him to his employees and labour at site, remaining idle 15.2 Provided further that the contractor shall not be entitled to claim any compensation from BSNL for the loss suffered by him on account
	of delay by BSNL in the supply of materials in schedule of work where such delay is covered by difficulties relating to the availability of trucks,
	force majeure including non-allotment of such materials by controlling authorities, acts of God, acts of enemies of the state/country or any
	reasonable cause beyond the control of BSNL. CLAUSE 16
Rectification of	16.1 All work under or in course of execution or executed in pursuance of the contract shall at all time be open and accessible to the
	inspection and supervision of the Engineer-in-charge, his authorised subordinates in charge of the work and all the superior officers, officer of the Vigilance Cell of BSNL and of the Chief Technical Examiner's office (CVC) and the contractor shall at all times during
	the usual working hours, and at all other times at which reasonable notice of the intention of the engineer-in-charge or his authorised
	subordinate to visit the works, shall have been given to the contractor, either himself be present to receive order and instructions, or have a responsible agent duly accredited in writing present for that purpose. Orders given to the contractor's agent shall be considered to have
Defects	the same force as if they had been given to the contractor himself.
	16.2 If it shall appear to the Engineer-in-charge or his authorised subordinates in charge of the work or to the Chief Engineer-in-charge/Vigilance Cell or his subordinate officers or to the Chief Technical Examiner or his subordinate officers, that any work has been executed with
	unsound, imperfect or unskillful workmanship, or with materials or articles provided by him for the execution of the work which are unsound or of a quality inferior to that contracted or otherwise not in accordance with the contract the contractor shall on demand in writing
	which shall be made within six months of the completion of the work from the Engineer-in-charge specifying the work, materials or
	articles complained of notwithstanding that the same may have been passed, certified and paid for forthwith rectify or remove and reconstruct the work so specified in whole or in part, as the case may require or as the case may be, remove the materials or articles so
	specified and provide other proper and suitable materials or articles at his own charge and cost. In the event of his failing to do so within a
	period specified by the Engineer-in-charge in the demand aforesaid, then the contractor shall be liable to pay compensation at the same
	16.3 In such case the Engineer-in-charge may not accept the item of work at the rates applicable under the contract but may accept such items at reduced rates as the competent authority (Superintending Engineer) may consider reasonable during the preparation of on account
	bills or final bill if the item is so acceptable without detriment to the safety and utility of the item and the equipment or he may reject the
	work outright without any payment and/or get it an other connected and incidental items rectified, or removed and re-executed at the risk and cost of the contractor. Decision of the Engineer-in-charge to be conveyed in writing in respect of the same will be final and binding on the
	contractor.
Contractor liable for	CLAUSE 17 If the contractor or his working people or servants shall break, deface, injure or destroy any part of building in which they may be working,
	or any building road, road kerb, fence enclosure, water pipe, cable drains, electric or telephone post or wires, trees, grass or grassland, or
damages defects	cultivated ground contiguous to the premises on which the work or any part of its is being executed or if any damage shall happen to the work while in progress, from any cause whatever or if any defect, shrinkage or other faults appear in the work within twelve months after a certificate
	final or otherwise of its completion shall have been given by the engineer-in-charge as aforesaid arising out of defective or improper materials

	Labour (R&A) Act 1970, and the Contract Labour (Regulation and Abolition) Central Rules 1971, as amended from time to time, before
	the commencement of the work and continue to have these validated until the completion of the work. Any failure to fulfill the above
	requirements shall attract the penal provisions of this contract arising out of the resultant of non-execution of the work. CLAUSE 19 A
	No labour below the age of eighteen years shall be employed on the work.
	CLAUSE 19 B
Payment of wages	Payment of wages:
	i) The contractor shall pay to labour employed by him either directly or through sub-contractors, wages not less than fair wages as defined in
	the contractor's Labour Regulation or as per the provisions of The Building & Other Construction Workers (Regulation of Employment &
	Condition of Service) Act 1996", The Building & Other Construction Workers (Regulation of Employment & Condition of Service) Rules
	1998, AND, contract labour (Regulation and Abolition) Act 1970, and the contract labour (Regulation and Abolition) Central Rules, 1971,
	wherever applicable. ii) The contractor shall not withstanding the provisions of any contract to the contrary cause to be paid fair wage to labour indirectly
	ii) The contractor shall, not withstanding the provisions of any contract to the contrary, cause to be paid fair wage to labour indirectly engaged on the work, including any labour engaged by his sub-contractors in connection with the said work, as if the labour had been
	immediately employed by him.
	iii) In respect of all labour directly or indirectly employed in the works for performance of the contractor's part of this contract, the
	contractor shall comply with or cause to be complied with the contractor's Labour Regulations made by the Government / BSNL from time to
	time in regard to payment of wages, wage period, deductions from wages recovery of wages not paid and deductions unauthorisedly made,
	maintenance of wage books or wage slips, publication of scale of wages and other terms of employment, inspection and submission of periodical
	returns and all other matters of the like nature or as per the provisions of The Building & Other Construction Workers( Regulation of
	Employment & Condition of Service) Act 1996", The Building & Other Construction Workers ( Regulation of Employment & Condition of
	Service) Rules 1998, AND, contract labour(Regulation & Abolition) Act, 1970, and the Contract Labour (Regulation and Abolition)
	Central Rules, 1971, wherever applicable.
	iv) a)The Engineer-in-Charge concerned shall have the right to deduct from the moneys due to the contractor any sum required or estimated to be required for making good the loss suffered by a worker or workers by reason of non-fulfillment of the conditions of
	the contract for the benefit of the workers, non-payment of wages or of deductions made from his or their wages which are not justified by
	their terms of the contract or non-observance of the Regulations.
	b) Under the provisions of Minimum W ages (Central) Rules, 1950, the contractor is bound to allow to the labours directly or indirectly
	employed in the works one day rest for six days continuous work and pay wages at the same rate as for duty. In the event of default the
	Engineer-in-Charge shall have the right to deduct the sum or sums not paid on account of wages for weekly holidays to any labours and pay the
	same to the persons entitled thereto from any money due to the contractor by the Engineer-in-Charge concerned.
	In the case of Union Territory of Delhi, however, as the all inclusive minimum daily wages fixed under Notification of the Delhi
	Administration No.F.12 (162) MWO/DAB/43884-91, dated 31.12.1979 as amended from time to time are inclusive of wages for the weekly day of rest, the question of extra payment for weekly holiday would not arise.
	y) The contractor shall comply with the provisions of the Payment of Wages Act, 1936, Minimum Wages Act, 1948, Employees Liability
	Act 1938, workmen's compensation Act, 1923, industrial disputes Act, 1947, Maternity benefits act, 1961, and the contractor's labour
	(Regulation and Abolition) Act, 1970, The Building & Other Construction Workers (Regulation of Employment & Condition of Service) Act
	1996 or the modifications thereof or any other laws relating thereto and the rules made there-under from time to time.
	vi) The contractor shall indemnify and keep indemnified BSNL against payments to be made under and for the observance of the Laws
	aforesaid and the contractor's Labour Regulations without prejudice to his right to claim indemnity from his sub-contractors.
	vii) The laws aforesaid shall be deemed to be a part of this contract and any breach thereof shall be deemed to be a breach of this contract.
	will) Whatsure is the minimum more for the time being or if the more earble is higher they such more such more show he will be able to a
	viii) Whatever is the minimum wage for the time being, or if the wage payable is higher than such wage, such wage shall be paid by the contractor to the Workmen directly without the intervention of Jamadar and that Jamadar shall not be entitled to deduct or recover any
	amount from the minimum wage payable to the workmen as and by way of commission or otherwise.
	viii) The contractor shall ensure that no amount by way of commission or otherwise is deducted or recovered by the Jamadar from the wage of
	workmen.
	CLAUSE 19 C
	(1) In respect of of all labour directly or indirectly employed in the work for the performance of the contractor's part of this contract, the
	contractor shall, at his own expense, arrange for the safety provisions as per Model Safety Code framed from time to time and shall, at his own
	expense, provide for all facilities in connection therewith. The contractor shall ensure that at the construction site of The Building or other
	construction work, adequate safety measures are taken to protect The Building workers against any ccident etc. The adequate safety
	measures in conformity with the provisions of Part III of The Building and Other Construction Workers (Regulation of Employment and
	condition of service) Central Rules 1998 should be provided in addition to the safety measures laid down in Model Safety Code. In case of
	any discrepancy, the safety measures as perPart III of the Building and Other Construction Workers (Regulation of Employment and condition of service) Central Rules 1998 shall supercede other provisions.
	<ol> <li>(2) In case the contractor fails to make arrangements and provide necessary facilities as aforesaid he shall be liable to pay a penalty of</li> </ol>
	Rs.200/- for each default and in addition the Engineer-in-Charge shall be at liberty to make arrangement and provide facilities as aforesaid
	and recover the costs incurred in that behalf from the contractor.
	CLAUSE 19 D
	The contractor shall submit by the 4th and 19th of every month, to the Engineer-in-Charge a true statement showing in respect of the second half of

Specifications specified Withholding lien in respect sum due from Contractor Lien in respect	and of the of	Instructions and requirements of the Engineer-in-Charge. <b>CLAUSE 29</b> 1) Whenever any claim or claims for payment of a sum of money arises out of or under the contract or against the contractor, the Engineer-in- Charge or the Government shall be entitled to withhold and also have a lien to retain such sum or sums in whole or in part from the security, if any, deposited by the contractor and for the purposes aforesaid, the Engineer-in-Charge or the Government shall be entitled to withhold the security being insufficient to cover the claimed amount or amounts or if no security has been taken from the contractor, the Engineer-in-Charge or the Government shall be entitled to withhold and have a lien to retain such claimed amount or amounts referred to above, from any sum or sums found payable or which may at any time thereafter become payable to the contract or under the same contract or any other contract with the Engineer-in-Charge of the Government or any contracting person through the Engineer-in- Charge pending finalisation of adjudication of any such claim. It is an agreed term of the contract that the sum of money or moneys so withheld or retained under the lien referred to above by the Engineer-in-Charge or Government will be ket withheld or retained as such, by the Engineer-in-Charge till the claim arising out of or retention under the contract or will have no claim for interest or damages whatsoever on any account in respect of such withholding or retention under the lien referred to above and duly notified as such to the contractor. For the purpose of this clause, where the contractor is a partnership firm or a limited company, the Engineer-in-charge or the Government shall be entitled to withhold and also have a lien to retain towards such claimed amount or amounts in whole or in part from any sum found payable to any partner/limited company as the case may be ,whether in his individual capacity or otherwise. I) Government shall have the right to cause an audit and technical examination	

	It is an agreed term of the contract that the sum of money so withheld or retained under this clause by the Engineer-in-Charge or the
	Government will be kept withheld or retained as such by the Engineer-in-Charge or the Government or till his claim arising out of the san
	contract or any other contract is either mutually settled or determined by the arbitration clause or by the competent court, as the case may be
	and that the contractor shall have no claim for interest or damages whatsoever on this account or on any other ground in respect of ar
	sum of money withheld or retained under this clause and duly notified as such to the contractor.
	CLAUSE 30 30.1 The contractor shall provide all necessary superintendence during execution of the work and as long thereafter as may be necessary for
	proper fulfilling of the obligations under the contract.
	30.2 The contractor shall immediately after receiving letter of acceptance of the tender and before commencement of the work, intimate
	writing to the Engineer-in-charge the name, qualifications, experience, age, address and other particulars along with certificates, of the princip
	technical representative to be in charge of the work. Such qualifications and experience shall not be lower than specified as under :-
	i) Work with estimated cost Recognised Diploma holder Put to tender more than Rs. 2 lakh
	But less that miss.5 lakh.
	ii) Work with estimated cost Graduate or recognised
	Put to tender more than Rs. 5 lakh diploma holder with three years experience.
	30.3 The Engineer-in-charge shall within 15 days of receipt of such communication intimate in writing his approval or otherwise of such
	representative to the contractor. Any such approval may at any time be withdrawn and in case of such withdrawal the contractor shall appoi
	another such representative according to the provisions of this clause. Decision of the tender accepting authority shall be final and binding on the contractor in this respect. Such a principal technical representative shall be appointed by the contractor soon after receipt of the approval fro
	Engineer-in-charge and shall be available at site within fifteen days of start of work.
	30.4 If the contractor (or any partner in case of firm/company) who himself has such qualifications, it will not be necessary for the sa
	contractor to appoint such a principal technical representative but the contractor shall designate and appoint a responsible agent to represent hi
	and to be present at the work whenever the contractor is not in a position to be so present. All the provisions applicable to the princip
	technical representative under the clause will also be applicable in such a case to contractor or his responsibleagent. The princip technical representative and/or the contractor shall on receiving reasonable notice from the Engineer in charge or his designate
	technical representative and/or the contractor shall on receiving reasonable notice from the Engineer-in-charge or his designate representative(s) in charge of the work in writing or in person or otherwise, present himself to the Engineer-in-charge and/or at the site of wor
	as required, to take instructions. Instructions given to the principal technical consultation with the Engineer-in-charge as well as during
	important stages of execution of representative or the responsible agent shall be deemed to have the same force as if these have been given
	the contractor. The principal technical representative and/or the contractor or his responsible authorised agent shall be actually available
	30.5 If the Engineer-in-charge, whose decision in this respect is final and binding on the contractor, is convinced that no such technic
	representative or agent is effectively appointed or is effectively attending or fulfilling the provision of this clause, a recovery shall be effect
	from the contractor as specified below :-
	<ul> <li>i) Rs. 4000/- per month for works costing above 5 lakhs</li> <li>ii) Rs.2000/- per month for works costing between 2 lakhs and 5 lakhs</li> </ul>
	30.6 The decision of the Engineer-in-charge as recorded in the site book and measurement recorded in Measurement Books shall be final ar
	binding on the Contractor. Further if the contractor fails to appoint a suitable technical representative or responsible agent and if such appoint
	persons are not effectively present or do not discharge their responsibilities satisfactorily, the Engineer-in-charge shall have full powers
	suspend the execution of the work until such date as a suitable agent is appointed and the contractor shall be held responsible for the delay
	caused to the work. The contractor shall submit a certificate of employment of the technical representative/responsible agent alongwith eve
	on account bill/final bill and shall produce evidence if at any time so required by the Engineer-in-charge. 30.7 The contractor shall provide and employ on the site only such technical assistants as are skilled and experienced in their respective fields at
	such foremen and supervisory staff as are competent to give proper supervision to the work.
	30.8 The contractor shall provide and employ skilled, semi-skilled and unskilled labour as is necessary for proper and timely execution of the
	work.
	30.9 The Engineer-in-charge shall be at liberty to object to and require the contractor to remove from the works any person who in h
	opinion mis-conducts himself, or is incompetent or negligent in the performance of his duties or whose employment is otherwi
	considered by the Engineer-in-charge to be undesirable. Such person shall not be employed again at works site without the written permission
	the Engineer-in-charge and the persons so removed shall be replaced as soon as possible by competent substitutes.
	CLAUSE 31
ompensation	31.1 The work (whether fully constructed or not) and all materials, machines, tools and plants, scaffolding, temporary buildings and other thin,
	connected therewith shall be at the risk of the contractor until, the work has been delivered to the engineer-in-charge and a certificate fro
	him to that effect obtained. In the event of the work or any materials property brought to the site for incorporation in the work bein damaged or destroyed in consequence of hostilities or warlike operations, activities covered by "excepted risk", the contractor shall, wh
luring warlike	ordered in writing by the engineer-in-charge, remove any debris from the site, collect and properly stack or remove in store a
iunny wanke	serviceable materials salvaged from the damaged work and shall be paid at the contract rates in accordance with the provision of the
	agreement for the work of clearing the site of debris, stacking or removal of serviceable materials and for the re-construction of all wor
	ordered by the engineer-in-charge such payments being in addition to compensation upto the value of the work, originally executed before being
tuations	damaged or destroyed and not paid for. In case of works damaged or destroyed but not already measured and paid for the compensation sha
	31.2 Provided always that no compensation shall be payable for any loss in activities covered by "excepted risk" (a) unless the contractor h
	taken all such precautions against air raid as are deemed necessary by the A.R.P. Officers or the engineer-in-charge, (b) for any materials e
	not on the site of the work or for any tools and plant, machinery, scaffolding temporary buildings and other things not intended for the work.
	31.3 In the event of the contractor having to carry out reconstruction as aforesaid he shall be allowed such extension of time for it
	completion as is considered reasonable by the Engineer-in-charge.
	CLAUSE 32
	All electrical works shall be carried out in accordance with the provisions of Indian Electricity Act, 1910 and Indian Electricity Rule 19:
	amended upto date. List of Rules of particular importance to building installations is given in Appendix B & C of CPWD General Specifications f
	Electrical W orks (external and internal).
elease of Socurity	CLAUSE 33 Security Deposit of the work shall not be refunded till the contractor produces a clearance certificate from the Labour Officer. As soon as the wo
-	
	is virtually complete the contractor shall apply for the clearance certificate to the Labour Officer under intimation to the Engineer-in-Charg
	The Engineer-in-Charge, on receipt of the said communication, shall write to the Labour Officer to intimate if any complaint is pending again
eposit after labour	
)eposit after labour	
Deposit after labour clearance	the contractor in respect of the work. If no complaint is pending, on record till after 3 months after the completion of the work and/or n communication is received from the Labour Officer to this effect till six months after the date of completion, it will be deemed to hav received the clearance certificate and the Security Deposit will be released if otherwise due.

Without limiting the Contractor's obligations and responsibilities stated elsewhere in the Contract, the Contractor shall at his own cost
arrange, secure and maintain insurance in the joint names of the BSNL and the contractor with any of the subsidiary of the General Insurance Corporation of India in such a manner that the BSNL and the contractor are covered for all time during the period of contract i.e. the time
period allowed for completion of work, extended period and the defect liability period. The insurance shall be effected in accordance with terms
approved by the BSNL and the contractor shall submit the insurance policies to the Engineer-In-Charge within one week of signing of the
agreement along with the receipt of premium. The contractor shall timely pay and submit the receipts of payment of premiums for extensions of
policies, if any. The insurance shall cover the following: - a) Contractor's All Risks Insurance
The contractor shall insure the work for a sum equivalent to the Contract value or such additional sums as specified and the interests of
the BSNL against ALL RISKS claims, proceedings, loss or damages, costs, charges and expenses from whatsoever cause arising out of or
in consequence of the execution and maintenance of the work for which the contractor is responsible under the contract b) Workman Compensation & Employers Liability Insurance.
 This insurance shall be effected for all the contractor's employees engaged in the performance of the contract. The BSNL shall not be
liable in respect of any damages or compensation payable at law in respect of or in consequence of any accident or injury to any workman or
any other person in the employment of the contractor and the contractor shall indemnify and keep indemnified the BSNL against all such
damages and compensation and against all claims, demands, proceedings, costs, charges and expenses, whatsoever in respect or in relation
thereof. c) Third Party Insurance.
The contractor shall be responsible for making good to the satisfaction of the Engineer-in-Charge any loss or any damage to all structures and
properties belonging to the BSNL or being executed or procured or being procured by the BSNL or of the other agencies within the premises of all
work of the BSNL if such loss or damage is due to fault and or the negligence or willful acts or omissions of the contractor, his
employees, agents, representatives. The contractor shall take sufficient care in moving his plants, equipments and materials from one place to another so that they do not cause
any damage to any person or to the property of the BSNL or any third party including overhead and underground cables and in the event of any
damage resulting to the property of the BSNL or to a third party during the movement of the aforesaid plant, equipment or materials, the cost
of such damages including eventual loss of production, operation or services in any plant or establishment as estimated by the BSNL or
 ascertained or demanded by the third party, shall be borne by the contractor.
d) The contractor shall also at times indemnify the BSNL against all claims, damages or compensation under the provisions of Payment or Wages
Act, 1936, Minimum W ages Act, 1948, Employer's Liability Act, 1938, the W orkman's Compensation Act, 1947, Industrial Disputes Act,
1947 and Maternity Benefit Act, 1961, or any modification thereof or any other law relating thereof and rules made there under from time to time.
 <ul> <li>e) Contractor shall also at his own cost carry and maintain any and all other insurance(s) which he may be required to take out under any</li> </ul>
 law or regulation from time to time. He shall also carry and maintain any other insurance, which may be required by the Engineer-in-Charge.
34.1The Contractor shall prove to the Engineer-in-charge from time to time he has taken out all the insurance policies referred to above and has
paid the necessary premiums for keeping the policies alive till expiry of the Defects Liability Period. 34.2The aforesaid insurance policies shall provide that they shall not be cancelled till the Engineer-in-charge has agreed for cancellation.
 34.3 Remedy on the contractor's failure to insure
 If the contractor shall fail to effect and keep in force the insurance referred to above or any other insurance which he/they may be required to
effect under the terms of the contract then and in any such case Engineer-in-charge may without being bound to, effect and keep in force
any such insurance and pay such premium or premiums, as may be necessary for that purpose and from time to time deduct the amount
so paid by the Engineer-in-charge from any moneys due or which may become due to the contractor or recover the same as a debt due from the contractor.
contactor.

10.Use of hoisting machines and tackle including their attachments, anchorage and supports shall conform to the following standards or
 10.Use of hoisting machines and tackle including their attachments, anchorage and supports shall conform to the following standards or page conditions :-
i) a) These shall be of good mechanical construction, sound materials and adequate strength and free from patent defects and shall be kept
repaired and in good working order. b)Every rope used in hoisting or lowering materials or as a means of suspension shall be of durable quality and adequate strength, and
free from patent defects. ii) Every crane driver or hoisting appliance operator, shall be properly qualified and no person under the age of 21 years should be in
 charge of any hoisting machine including any scaffolding winch or give signals to operator.
iii) In case of every hoisting machine and of every chain ring hook, shackle swivel and pulley block used in hoisting or as means of suspension, the safe working load shall be ascertained by adequate means. Every hoisting machine and all gear referred to above shall be
plainly marked with the safe working load. In case of a hoisting machine having a variable safe working load each safe working load and the
condition under which it is applicable shall be clearly indicated. No part of any machine or any gear referred to above in this paragraph
shall be loaded beyond the safe working load except for the purpose of testing. iv) In case of departmental machines, the safe working load shall be notified by the Electrical Engineer-in-charge. As regards contractor's
machines the contractors shall notify the safe working load of the machine to the Engineer-in-Charge whenever he brings any machinery
 to site of work and get if verified by the Electrical Engineer concerned. 11. Motors gearing, transmission, electric wiring and other dangerous parts of hoisting appliances should be provided with efficient
safeguards. Hoisting appliances should be provided with such means as will reduce to the minimum risk of accidental descent of the load.
Adequate precautions should be taken to reduce to the minimum the risk of any part of a suspended load becoming accidentally displaced. When workers are employed on electrical installations which are already energized, insulating mats, wearing apparel, such as gloves,
sleeves and boots as may be necessary should be provided. The worker should not wear any rings, watches and carry keys or other materials
 which are good conductors of electricity.
12. All scaffolds, ladders and other safety devices mentioned or described herein shall be maintained in safe condition and no scaffold, ladder or equipment shall be altered or removed while it is in use. Adequate washing facilities should be provided at or near places of
work. 13. These safety provisions should be brought to the notice of all concerned by display on a notice board at a prominent place at work
 spot. The person responsible for compliance of the safety code shall be named therein by the contractor.
14. To ensure effective enforcement of the rules and regulations relating to safety precautions the arrangements made by the contractor shall be open to inspection by the Labour Officer or Engineer-in-Charge of the department or their representatives.
15. Notwithstanding the above clauses from (1) to (15) there is nothing in these to exempt the contractor from the operations of any other
 Act or Rule in force in the Republic of India. 16. At every work place, First Aid Box shall be provided and maintained so as to be easily accessible during the working hours.
 NOTE:
In case of difference or ambiguity in Hindi and English Version, the English version will prevail MODEL RULES FOR THE PROTECTION OF HEALTH AND SANITARY ARRANGEMENTS FOR WORKERS EMPLOYED BY
 BHARAT SANCHAR NIGAM LIMITED OR ITS CONTRACTORS  1. APPLICATION
These rules shall apply to all buildings and construction works in charge of the Bharat Sanchar Nigam Limited in which twenty or more
 workers are ordinarily employed or are proposed to be employed in any day during the period during which the contract work is in progress.
 2. DEFINITION Work place means a place where twenty or more workers are ordinarily employed in connection with construction work, on any day during
 the period, during which the contract work is in progress.
 3. FIRST-AID FACILITIES i) At every work place there shall be provided and maintained, so as to be easily accessible during working hours, first aid boxes at the rate of
 not less than one box for 150-contract labour or part thereof ordinarily employed.
 <ul> <li>ii) The first-aid box shall be distinctly marked with a red cross on white back ground and shall contain the following equipment: -</li> <li>a) For work places in which the number of contract labour employed does not exceed 50- Each first-aid box shall contain the following equipment: -</li> </ul>
a) for work places in which the humber of contract facour employed does not exceed 50- Each first-aid box shall contain the following equipment.
 1. 6 small sterilised dressings.
 2. 3 medium size sterilised dressings.         3. 3 large size sterilised dressings.
4. 3 large sterilised burn dressings.
 <ul> <li>5. 1 (30 ml.) bottle containing a two percent alcoholic solution of iodine</li> <li>6. 1 (30ml) bottle containing salvolatile having the dose and mode of administration indicated on the label.</li> </ul>
7. 1 snakebite lancet.
 8. 1 (30gms.) bottle of potassium permanganate crystals.
9. 1 pair scissors.         10. 1 copy of the first-aid leaflet issued by the Director General, Factory Advice Service and Labour Institute, Government of India.
 11. 1 Bottle containing 100 tablets (each of 5 gms.) of aspirin.
12. Ointment for burns.         13. A bottle of suitable surgical antiseptic solution
 13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.
 13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.         1. 12 small sterilised dressing.
13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.
 13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.         1. 12 small sterilised dressing.         2. 6 medium size sterilised dressings.         3. 6 large size sterilised burn dressings.         4. 6 large size sterilised burn dressings.
 13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.         1. 12 small sterilised dressing.         2. 6 medium size sterilised dressings.         3. 6 large size sterilised dressings.         4. 6 large size sterilised burn dressings.         5. 6 (15-gms.) packets sterilised cotton wool.
13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.         1. 12 small sterilised dressing.         2. 6 medium size sterilised dressings.         3. 6 large size sterilised dressings.         4. 6 large size sterilised burn dressings.         5. 6 (15-gms.) packets sterilised conton wool.         6. 1 (60 ml.) bottle containing two percent alcoholic solution iodine.         7. 1 (60-ml.) bottle containing salvolite latile having the dose and mode of administration indicated on the label.
13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.         1. 12 small sterilised dressing.         2. 6 medium size sterilised dressings.         3. 6 large size sterilised dressings.         4. 6 large size sterilised dressings.         5. 6 (15-gms.) packets sterilised cotton wool.         6. 1 (60 ml.) bottle containing wo percent alcoholic solution iodine.         7. 1 (60-ml.) bottle containing salvolite latile having the dose and mode of administration indicated on the label.         8. 1 roll of adhesive plaster.
13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.         1. 12 small sterilised dressing.         2. 6 medium size sterilised dressings.         3. 6 large size sterilised dressings.         4. 6 large size sterilised burn dressings.         5. 6 (15-gms.) packets sterilised conton wool.         6. 1 (60 ml.) bottle containing two percent alcoholic solution iodine.         7. 1 (60-ml.) bottle containing salvolite latile having the dose and mode of administration indicated on the label.
13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.         1. 12 small sterilised dressing.         2. 6 medium size sterilised dressings.         3. 6 large size sterilised dressings.         4. 6 large size sterilised burn dressings.         5. 6 (15-gms.) packets sterilised cotton wool.         6. 1 (60 ml.) bottle containing two percent alcoholic solution iodine.         7. 1 (60-ml.) bottle containing salvolite latile having the dose and mode of administration indicated on the label.         8. 1 roll of adhesive plaster.         9. 1 snake bite lancet.         10. 1 (30 gms.) bottle of potassium permanganate crystals.         11. 1 pair of scissors.
13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.         1. 12 small sterilised dressing.         2. 6 medium size sterilised dressings.         3. 6 large size sterilised dressings.         4. 6 large size sterilised burn dressings.         5. 6 (15-gms.) packets sterilised cotton wool.         6. 1 (60 ml.) bottle containing two percent alcoholic solution iodine.         7. 1 (60-ml.) bottle containing salvolite latile having the dose and mode of administration indicated on the label.         8. 1 roll of adhesive plaster.         9. 1 snake bite lancet.         10. 1 (30 gms.) bottle of potassium permanganate crystals.
13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.         1. 12 small sterilised dressing.         2. 6 medium size sterilised dressings.         3. 6 large size sterilised dressings.         4. 6 large size sterilised burn dressings.         5. 6 (15-gms.) packets sterilised cotton wool.         6. 1 (60 ml.) bottle containing two percent alcoholic solution iodine.         7. 1 (60-ml.) bottle containing salvolite latile having the dose and mode of administration indicated on the label.         8. 1 roll of adhesive plaster.         9. 1 snake bite lancet.         10. 1 (30 gms.) bottle of potassium permanganate crystals.         11. 1 pair of scissors.         12. 1 copy of the first-aid leaflet issued by the Director General Factory Advice Service and Labour Institute/ Government of India.         13. A bottle containing 100 tablets (each of 5 gms.) of aspirin.
13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.         1. 12 small sterilised dressing.         2. 6 medium size sterilised dressings.         3. 6 large size sterilised dressings.         4. 6 large size sterilised dressings.         5. 6 (15-gms.) packets sterilised cotton wool.         6. 1 (60 ml.) bottle containing two percent alcoholic solution iodine.         7. 1 (60-ml.) bottle containing salvolite latile having the dose and mode of administration indicated on the label.         8. 1 roll of adhesive plaster.         9. 1 snake bite lancet.         10. 1 (30 gms.) bottle of potassium permanganate crystals.         11. 1 pair of scissors.         12. 1 copy of the first-aid leaflet issued by the Director General Factory Advice Service and Labour Institute/ Government of India.
13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.         1. 12 small sterilised dressing.         2. 6 medium size sterilised dressings.         3. 6 large size sterilised dressings.         4. 6 large size sterilised dressings.         5. 6 (15-gms.) packets sterilised cotton wool.         6. 1 (60 ml.) bottle containing two percent alcoholic solution iodine.         7. 1 (60-ml.) bottle containing salvolite latile having the dose and mode of administration indicated on the label.         8. 1 roll of adhesive plaster.         9. 1 snake bite lancet.         10. 1 (30 gms.) bottle of potassium permanganate crystals.         11. 1 pair of scissors.         12. 1 copy of the first-aid leaflet issued by the Director General Factory Advice Service and Labour Institute/ Government of India.         13. A bottle containing 100 tablets (each of 5 gms.) of aspirin.         14. Ointment for burns.         15. A bottle or suitable surgical antiseptic solution.         iii) Adequate arrangements shall be made for immediate recoupment of the equipment when necessary.
13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.         1. 12 small sterilised dressing.         2. 6 medium size sterilised dressings.         3. 6 large size sterilised dressings.         4. 6 large size sterilised dressings.         5. 6 (15-gms.) packets sterilised conton wool.         6. 1 (60 ml.) bottle containing two percent alcoholic solution iodine.         7. 1 (60-ml.) bottle containing salvolite latile having the dose and mode of administration indicated on the label.         8. 1 roll of adhesive plaster.         9. 1 snake bite lancet.         10. 1 (30 gms.) bottle of potassium permanganate crystals.         11. 1 pair of scissors.         12. 1 copy of the first-aid leaflet issued by the Director General Factory Advice Service and Labour Institute/ Government of India.         13. A bottle containing 100 tablets (each of 5 gms.) of aspirin.         14. Ointment for burns.         15. A bottle of suitable surgical antiseptic solution.         1ii) Adequate arrangements shall be made for immediate recoupment of the equipment when necessary.         iv) Nothing except the prescribed contents shall be kept in the First-aid box.
13. A bottle of suitable surgical antiseptic solution         b) For workplaces in which the number of contract labour exceeds 50- Each first-aid- box shall contain the following equipment.         1. 12 small sterilised dressing.         2. 6 medium size sterilised dressings.         3. 6 large size sterilised dressings.         4. 6 large size sterilised dressings.         5. 6 (15-gms.) packets sterilised cotton wool.         6. 1 (60 ml.) bottle containing two percent alcoholic solution iodine.         7. 1 (60-ml.) bottle containing salvolite latile having the dose and mode of administration indicated on the label.         8. 1 roll of adhesive plaster.         9. 1 snake bite lancet.         10. 1 (30 gms.) bottle of potassium permanganate crystals.         11. 1 pair of scissors.         12. 1 copy of the first-aid leaflet issued by the Director General Factory Advice Service and Labour Institute/ Government of India.         13. A bottle containing 100 tablets (each of 5 gms.) of aspirin.         14. Ointment for burns.         15. A bottle or suitable surgical antiseptic solution.         iii) Adequate arrangements shall be made for immediate recoupment of the equipment when necessary.

vii) In work places where the number of contract labour employed is 500 or more and hospital facilities are not available within easy distance from the works, First-aid posts shall be established and run by a trained compounder. The compounder shall be on duty and shall be available at
 all hours when the workers are at work.
viii) Where work places are situated in places, which are not towns or cities, a suitable motor transport shall be kept readily available to carry injured person or person suddenly taken ill to the nearest hospital.
4. DRINKING W ATER
i) In every work place, there shall be provided and maintained, at suitable places, easily accessible to labour, a sufficient supply of cold water fit
for drinking. ii) Where drinkingstored, water is obtained from an intermittent public water supply, each work place shall be provided with storage
where such dri nking water shall be
iii) Every water supply or storage shall be at a distance of not less than 50 feet from any latrine drain or other source of pollution. Where water has
to be drawn from an existing well, which is within such proximity of latrine, drain or any other source of pollution, the well shall be properly chlorinated before water is drawn from it or for drinking. All such wells shall be entirely closed in and be provided with a trap door, which shall be
dust and waterproof.
iv) A reliable pump shall be fitted to each covered well, the trap door shall be kept locked and opened only for cleaning or inspection which
shall be done at least once a month. 5. WASHING FACILITIES
<ul> <li>i) In every work place adequate and suitable facilities for washing shall be provided and maintained for the use of contract labour employed therein.</li> </ul>
<ul> <li>ii) Separate and adequate cleaning facilities shall be provided for the use of male and female workers.</li> <li>iii) Such facilities shall be conveniently accessible and shall be kept in clean and hygienic condition.</li> </ul>
III) obder tachness snam de contennenty accessible and snam de kept in clean and nyglene condition. 6. LATRINES AND URINALS
 i) Latrines shall be provi ded in every work place on the following scale namely:-
<ul><li>a) Where female are employed there shall be at least one latrine for every 25 females.</li><li>b) Where males are employed, there shall be at least one latrine for every 25 males.</li></ul>
Provided that where the number of males or females exceeds 100, it shall be sufficient if there is one latrine for 25 males or females as the case
 may be upto the first 100, and one for every 50 thereafter.
<ul> <li>ii) Every latrine shall be under cover and so partitioned off as to secure privacy, and shall have a proper door and fastenings.</li> <li>iii) Construction of latrines: The inside walls shall be constructed of masonry or some suitable heat-resisting nonabsorbent materials and shall be</li> </ul>
cement washed inside and outside at least once a year. Latrines shall not be of a standard lower than bore-hole system.
iv) a) Where workers of both sexes are employed, there shall be displayed outside each block of latrine and urinal, a notice in the language
understood by the majority of the workers "For Men only" or "For Women only" as the case may be.
<ul><li>b) The notice shall also bear the figure of a man or a woman, as the case may be.</li><li>v) There shall be at least one urinal for upto 50 number of male workers and one for upto 50 number of female workers employed at a time,</li></ul>
provided that where the number of male or femal e workers, as the case may be, exceeds 500, it shall be sufficient if there is one urinal for every 50
males or females, upto the first 500 and one for every 100 or part thereafter.
<ul><li>vi) a) The latrines and urinals shall be adequately lighted and shall be maintained in a clean and sanitary condition at all times.</li><li>b) Latrines and urinals other than those connected with a flush sewage system shall comply with the requirements of the Public Health</li></ul>
 Authorities.

	manufacture through contract labour or who supplies contract labour for any work and includes a subcontractor.
	iv) Wages shall have the same meaning as defined in the Payment of Wages Act.
3	i) Normally working hours of an adult employee should not exceed 9 hours a day and in case of child 4 1/2 hours a day. The working day shall be s
	arranged that inclusive of interval for rest, if any, it shall not spread over more than 12 hours on any day.
	ii) When an adult worker is made to work for more than 9 hours on any day or for more than 48 hours in any week he shall be paid over time for
	the extra hours put in by him at double the ordinary rate of wages. Children shall not be made to work extra hours.
	iii) a) Every worker shall be given a weekly holiday normally on a Sunday, in accordance with the provisions of Minimum W ages (Centra
	Rules 1960, as amended from time to time, irrespective of whether such worker is governed by the Minimum Wages Act or not.
	b) Where the minimum wages prescribed by the Government, under the Minimum Wages Act, are not inclusive of the wages for the week
	day of rest, the worker shall be entitled to rest day wages, at the rate applicable to the next preceding day, provided he has worked under the san
	contractor for a continuous period of not less than 6 days.
	c) Where a contractor is permitted by the Engineer-in-Charge to allow a worker to work on a normal weekly holiday, he shall grant
	substituted holiday to him for the whole day, on one of the five days, immediately before or after the normal weekly holiday, and pa
	wages to such worker for the work performed on the normal weekly holiday at the overtime rate.
	4. DISPLAY OF NOTICE REGARDING WAGES ETC.
	The contractor shall, before he commences his work on contract, display and correctly maintain and continue to display and correct
	maintain, in a clear and legible condition in conspicuous places on the work, notices in English and in local Indian languages spoken by the
	majority of the workers, giving the minimum rates of the wages fixed under Minimum Wages Act, the actual wages being paid, the hours of
	work for which such wage are earned, wages periods, dates of payments of wages and other relevant information as per
	work for which such wage are carried, wages periods, dates or payments of wages and other relevant information as per Appendix 'III'.
	5. PAYMENT OF WAGES.
	<ul> <li>i) The contractor shall fix wage periods in respect of which wages shall be payable.</li> </ul>
	i) No wage period shall exceed one month.
	<ul> <li>iii) The wages of every person employed as contract labour in an establishment or by a contractor, where less than one thousand such persons at</li> </ul>
	employed, shall be paid before the expiry of seventh day and in other cases before the expiry of tenth day after
	the last day of the wage period in respect of which the wages are payable.
	iv) Where the employment of any worker is terminated by or on behalf of the contractor the wages earned by him shall be paid before the expi
	of the second working day from the date on which his employment is terminated.
	v) All payment of wages shall be made on a working day at the work premises and during the working time and on a date notified in advance and
	case the work is completed before the expiry of the wage period, final payment shall be made within 48 hours of the last working day.
	vi) Wages due to every worker shall be paid to him direct or to other person authorised by him in this behalf.
	vii) All wages shall be paid in current coin or currency or in both.
	viii) Wages shall be paid without any deductions of any kind except those specified by the Central Government by general or special order in th
	behalf or permissible under the Payment of W ages Act 1956.
