Tenders, which should always be placed in sealed envelope, in the manner detailed at **Para no. 5.0 above**, will be received and opened on the due dates in **BSNL**, **Electrical Sub Division - I**, **Jaipur up to 15:00 Hrs & 15:30 Hrs. respectively** by Sub Divisional Engineer (E) or his authorized representative in his office.

- 6.1 Envelope-I containing earnest money, tender cost and documents pertaining to eligibility etc. (As per clause 5.3 above) shall be opened first on the due date.
- 6.2 In case Envelope-I is not annexed or tender cost, EMD, Eligibility documents etc. not found in proper form, the Envelope-II containing tender documents will not be opened at all and such unopened tender shall be returned on spot to the bidder or his representative during the process of opening of tenders. The cost of tender documents deposited for tender issue/Demand Draft along with downloaded tender shall not be refunded, even if bidder is found ineligible.
- 6.3 After the opening of Envelope-II of eligible bidders, the Tender documents containing terms & conditions, specifications and Schedule of quantities etc. shall be evaluated by BSNL.
- 6.4 If a holiday is declared on the tender opening day, the tenders will be opened on the next working day.
- 7.0 The tender should be properly bound and sealed. In case of loose/spiral bound submission of tender, the tender shall be liable for rejection. (In case of the downloaded tender documents from the internet).
- 8.0 Every page of downloaded tender shall be signed by the tenderer with stamp (seal) of his firm/organization and the tenderer shall furnish a declaration" that No addition/ deletion/ correction have been made in the tender document submitted and it is identical to the tender document appearing on website. (In case of the downloaded tender documents from the internet)".
- 9.0 If it is found at any stage of tender scrutiny after submission of tender that the bidder has made any correction/addition/alternation/omission in tender documents vis-a-vis tender documents available on the website/original draft NIT in office, the bid shall be treated as non responsive and shall be summarily rejected and the EMD deposited by tenderer shall be forfeited in addition to any other action as per prevalent rules.
- 10.0 The conditional tender or tenders with conditional rebate shall be summarily rejected. However tenders with unconditional rebate will be considered.
- 11.0 The tenderer shall submit the original computer printout of the tender documents downloaded from the internet. The photo copy shall not be accepted.
- 12.0 The tender documents shall not be issued / sent through Post / Courier.

#### 14.0 WORK/QUANTITY DISTRIBUTION:

14.1 The work/quantities of work will not be split and 100% work shall be awarded to one bidder .

- **15.0** The Notice Inviting Tender shall form part of the contract document, In accordance with clause-1 of the contract, the tender acceptance letter shall be issued first in favour of the successful tenderer/contractor. The contract shall be deemed to have come into effect on issue of communication of acceptance of the tender. On such communication of acceptance, the successful tenderer/ contractor shall within 15 days from such date, formally sign the contract which includes all relevent documents.
- 15.1 The Notice Inviting Tender, all the documents including additional conditions, specifications and drawings, if any, forming part of the tender and as issued at the time of invitation of tenders and acceptance thereof together with any correspondence leading thereto.
- 15.2 Standard C.P.W.D/BSNL -8 Form.
- 15.3 The successful tenderer shall be required to execute an agreement, on non-judicial stamp paper of approprite value as notified by Rajasthan state Govt. which shall be purchased by tenderer, with the Engineer-in-charge in the Performa annexed (annexure -VI of section -II) to the tender document, within 7 days of the issue of letter of award by the BSNL. The First running account bill shall be paid only after signing of the Agreement/Contract by both the parties.
- 16 Tenderers are advised to inspect and examine the site and its surrounding and satisfy themselves before submitting their tenders as to the nature of the ground and the form and nature of the site, the means of access to the site, the accommodation they may require and in general shall themselves obtain all necessary information as to risks, contingencies and other circumstances which may influence or affect their tender. A tenderer shall be deemed to have full knowledge of the site whether he inspects it or not and no extra charges consequent on any misunderstanding or otherwise shall be allowed. The tenderer shall be responsible for arranging and maintaining at his own cost all materials, tools & plants, water, electricity, access facilities for workers and all other services required for executing the work unless otherwise specifically provided for in the contract documents. Submission of tender by a tenderer implies that he has read this notice and all other contract documents and has made himself aware of the scope and specifications of the work to be done and of conditions and local conditions and other factors having a bearing on the execution of the work.
- 17.0 The competent authority on behalf of the BSNL does not bind himself to accept the lowest or any other tender, and reserves to himself the authority to reject any or all of the tenders received without the assignment of a reason. All tenders in which any of the prescribed conditions are not fulfilled or are incomplete in any respect are liable to be rejected.
- **18.0** The competent authority on behalf of BSNL reserves to himself the right of accepting the whole or any part of the tender and the tenderer shall be bound to perform the same at the rate quoted.
- 19.0 The tender of the works shall remain open for acceptance for a period of 90 days from the date of opening of tenders. If any tenderer withdraws his tender before the said period or date of issue of letter of acceptance/intent, whichever is earlier or makes any modifications in terms and conditions of the tender which are not acceptable to BSNL, then BSNL shall without prejudice to any right or remedy be at liberty to forfeit 50% of the said earnest money as aforesaid.
- 20 No exemption certificate for payment of EMD is acceptable.
- 21 The company or firm or any other person is not permitted to tender for works in BSNL Unit in which his near relative(s) is (are) posted. (details as per ANNEXURE -I attached)
- **22.0** No Engineer of gazetted rank or other gazetted officer employed in Engineering or Administrative duties in an Engineering Department of the Government of India is allowed to work as contractor for a period of two years after his retirement from Government service, without the previous permission of the Government of India in writing. This contract is liable to be cancelled if either the contractor or any of his employees is found any time to be such a person who had not obtained the permission of the Government of India as aforesaid before submission of the tender or engagement in the contractor's service.

For & on behalf of BSNL.

#### MODEL FORM OF PERFORMANCE GUARANTEE

**1.0** BANK GUARANTEE BOND FOR PERFORMANCE GUARANTEE FOR ELECTRICAL INSTALLATION/O&M/AIR CONDITIONING, DIESEL ENGINE ALTERNATOR, LIFTS AND SUB-STATION WORKS etc.

KNOWN ALL MEN By these presents that We \_\_\_\_\_\_of \_\_\_\_\_having our registered office at \_\_\_\_\_\_\_(here in after called " The Bank " ) are bound up to \_\_\_\_\_\_\_(here in after called "The BSNL") in the sum of \_\_\_\_\_\_\_for which payment will and truly to be made of the said BSNL, the Bank binds itself, its successors and assigns by these presents.

2.0 We (name of the bank) \_\_\_\_\_\_\_ do hereby undertake to pay the amounts due and payable under this guarantee without any demure, merely on a demand from the BSNL by reason of breach by the said contractor(s)' of any of the terms or conditions contained in the said Agreement or by reason of the contractors(s)' failure to perform the said Agreement. Any such demand made on the bank shall be conclusive as regards the amount due and payable by the Bank under this guarantee where the decision of BSNL in these counts shall be final and binding on the bank. However, our liability under this guarantee shall be restricted to an amount not exceeding \_\_\_\_\_\_.

**3.0** We under take to pay to the BSNL any money so demanded notwithstanding any dispute or disputes raised by the contractor(s)/supplier(s) in any suit or proceeding pending before any court or tribunal relating thereto our liability under this present being absolute and unequivocal. The payment so made by us under this bond shall be valid discharge of our liability for payment there under and the contractor(s)/supplier(s) shall have no claim against us for making such payment.

**4.0** We (name of the bank) \_\_\_\_\_\_\_ further agree that the guarantee herein contained shall remain in full force and effect during the period that would be taken for the performance of the said agreement and that it shall continue to be enforceable till all the dues of the BSNL under or by virtue of the said Agreement have been fully paid and its claims satisfied or discharged or till \_\_\_\_\_\_ (office/Department) BSNL certifies that the terms and conditions of the

said Agreement have been fully or properly carried out by the said contractor(s) and accordingly discharges this guarantee. Unless a demand or claim under this guarantee is made on us in writing on or before the expiry of TWO/TWO AND HALF/THREE YEARS (as specified in the agreement) from the date hereof, we shall be discharged from all liabilities under this guarantee thereafter.

5.0 We (name of the bank) \_\_\_\_\_\_\_\_ further agree with the BSNL that the BSNL shall have the fullest liberty without our consent and without affecting in any manner our obligations hereunder to vary any of the terms and conditions of the said Agreement or to extend time of performance by the said contractor(s) from time to time or to postpone for any time or from time to time any of the powers exercisable by the BSNL against the said Contractor(s) and to forbear or enforce any of the terms and conditions relating to the said agreement and we shall not be relieved from our liability by reason of any such variation, or extension being granted to the said Contractor(s) or for any forbearance, act or omission on the part of the BSNL or any indulgence by the BSNL to the said Contractor(s) or by any such matter or thing whatsoever which under the law relating to sureties would, but for this provision, have effect of so relieving us.

**6.0** This guarantee will not be discharged due to the change in the constitution of the Bank or the Contractor(s)/supplier(s).

# SECTION -V (SPECIAL AND ADDITIONAL CONDITIONS)

The contractor shall read carefully the following conditions and shall quote accordingly.

# 1.0 EARNEST MONEY DEPOSIT:

- 1.1 **Validity period:** The validity period of Earnest Money deposit should be kept 30 days beyond the Tender validity i.e. 90+30=120 days, as the tender validity period is 90 days.
- 1.2 **Extension of Validity period:** In case, where the letter of award of work can not be placed with in the validity period of tender, the BSNL can request all tenderers to extend the validity of their respective tenders and the earnest money deposit by a reasonable period. In such cases, extension of validity of earnest money deposit by 30 days beyond the extended validity date of tender should also be asked for. While BSNL can make the request for extension, the tenderer is free to either extend the validity or refuse the request to extend the validity.
- 1.3 Release of Earnest Money Deposit: Earnest money deposit of all unsuccessful tenderers shall be released within one week of issue of tender acceptance letter to the successful tenderer. Where the BSNL requests the tenderer to extend the validity of the tender beyond the stipulated period given in the tender documents, and the tenderer refuses to extend the validity of his tender, the earnest money deposit of such tenderers shall be returned forthwith.
- 1.4 In case the work is not started by the contractor with in specified time frame, the EMD and full Performance guarantee will be forfeited absolutely .

# 2 PERFORMANCE GAUNTEE

- 2.1 The contractor is required to furnish performance guarantee for an amount equal to 5% of the contract value in the form of Bank Guarantee (of a Nationalized/ Scheduled Bank in a standard format) /CDR/FDR/DD within 15 days from the date of issue of award letter.
- 2.2 The validity period of the performance security in the form of performance bank guarantee shall be One Year from the date of actual completion of work
- 2.3 Firm has option to deposit performance guarantee in the form of bank guarantee in the prescribed format as per Annexure-III.

# 3.0 SECURITY DEPOSIT:

2.1 A sum @ 10% of the gross amount of the bill shall be deducted from each running bill of the contractor till the sum along with the sum already deposited as earnest money will amount to security deposit of 10% of the tendered value of the work.

# 4.0 TAXES AND DUTIES:

- 4.1 The bidder shall give the total composite price inclusive of all Levies, Taxes & duties as applicable including EPF, ESI, Packing, Forwarding, Fright and insurance etc. but excluding of GST, as applicable.
- 4.2 No concessional Form except a Certificate stating that the tendered items are meant for the use of BSNL shall only be provided by BSNL on the request of the bidder as and when the firm asked for at the time of execution of work.
- 4.3 The GST invoice favoring to BSNL shall be issued by the firm for Input Tax Credit to BSNL.

# 4.4 VARIATION IN DUTY/TAXES:

- 4.4.1 Tendered rates will be inclusive of all the taxes and levies payable but exclusive of GST, as applicable, under the respective statutes. However, pursuant to the Constitution (Forty six Amendment) Act, 1982, if any further tax or levy is imposed by state after the date of receipt of tenders and the contractor (s) thereupon necessarily and properly pays taxes or levies the contractor(s) will be reimbursed such amounts paid, provided such payment, if any, is not in opinion of SE (E) (whose decision shall be final and binding) attributable to delay in execution of work.
- 4.4.2 The contractor (s) shall keep necessary books of accounts and other documents for the purpose of this condition as may be necessary and shall allow inspection of the same by a duly authorized representative of BSNL and shall furnish such other information/documents as the Engineer-in-Charge may require.
- 4.4.3 The contractor (s) shall within a period of 30 days of imposition of any further tax or levy pursuant to the Constitution (Forty Six Amendment) Act 1982 give a written notice thereof, to the Engineer-in-Charge that the same is given pursuant to this condition together with all necessary information relating thereto.
- 4.4.4 In case of statuary variation in GST Rates, in accordance with directives of Govt. of India, under the GST act, , within the stipulated date of completion of individual agreement, the same shall be paid or recovered as per the actual against documentary proof. However, beyond this period BSNL will take advantage of any duty reduction but will not pay extra on account of duty increase.

### 5.0 EPF PROVISION

**5.1** The contractor shall comply / fulfill the provisions of the EPF & Misc. Provisions Act.-1952 and Employees Provident Fund Scheme-1952 as amended up to date in respect of labourers/ Employees engaged by them for performing this work. Any consequences arising due to non-complying of the provisions as specified above shall be the sole responsibility of the firm only.

#### 6.0 **BID OPENING AND EVALUATION:**

6.1 The bids shall be opened in the presence of bidders or their authorized representatives, who choose to attend, at 15:30Hrs. on the due date for tender opening. The bidder's representatives, who are present, shall sign in tender opening register.

# 7.0 CLARIFICATION OF BIDS:

7.1 To assist in the examination, evaluation and comparison of bids, the purchaser may, at its discretion ask the bidder for the clarification of its bid. The request for the clarification and the response shall be in writing. However, No post bid clarification at the initiative of the bidder shall be entertained.

# 8.0 EVALUATION OF BIDS:

**8.0** BSNL shall evaluate the bids to determine whether they are complete, whether required sureties, Certificates & testimonials have been furnished, whether the documents have been properly signed and whether the bids are generally in order.

### 9.0 EVALUATION AND COMPARISON OF BIDS:

- 9.1 BSNL shall evaluate in detail the bids to see whether any computational errors have been made and compare the bids previously determined to be substantially responsive pursuant to **clause -8 above**.
- 9.2 Arithmetical errors shall be rectified on the following basis. If there is a discrepancy between the unit price and total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected by the purchaser. If there is a discrepancy between words and figures, the amount in words shall prevail. If the supplier does not accept the correction of the errors, his bid shall be rejected.
- 9.3 The evaluation and comparison of responsive bid shall be done on the basis of Net Cost to BSNL inclusive of all levies, duties and taxes, EPF, ESI, Packing, Forwarding, Fright and insurance charges etc. but excluding GST on the price of items / Services offered . The lowest tenderer will be decided based on lowest total net cost to BSNL excluding of GST.
- 9.4 Vendors should furnish the correct GST invoice at applicable rates favouring to BSNL. If the Input tax credit against this Invoice for the Duties and Taxes paid as GST is found to be non admissible at any stage to BSNL owing to wrong furnishing of GST Bill / Rate, than the vendor shall be liable to refund / recovery of such non admissible amount along with penalty, if any charged by the concerned authority. Then, BSNL reserves its right to deduct such non admissible amount from any pending bills or deposit of the vendor.
- 9.5 GST Invoice, as applicable, favouring the BSNL shall be issued by the contractor of each bill indicating correct GST at applicable rates as documentry proof to avail Input Credit of GST by BSNL. Correctness of GST invoice along with applicable rates and geniuness of documents shall rest with Vendor only.
- 9.6 The price quoted by the bidder shall remain fixed during the entire period of contract and shall not be subject to variation on any account. A bid submitted with an adjustable price quotation will be treated as non responsive and rejected. **No claim under "Clause- 10cc"** shall be entertained
- 9.7 GST as per invoice issued by vendor favouring to BSNL for this perticular work shall be paid as extra as per applicable/ notified rates by Govt of India.
- 9.8 **Discount, if any,** offered by the bidder shall not be considered unless specifically indicated in the price schedule . Bidders desiring to offer discount shall therefore modify their offer suitably while quoting and shall quote clearly net price taking all such factors like discount, free supply, etc. into account.
- 9.9 No advance payments can be made. The payment is governed by the normal department practice and stipulations like levy of interest if payment is not made in a specified time is also not acceptable.

# 10.0 INCREASE/DECREASE OF TENDER QUANTITY:

10.1 As per clause - 12.3 of BSNL EW-8 contract condition.

### 11.0 TERMS OF PAYMENT:

- 11.1 Payment to the contactors during progress of work will be regulated as below:
- (a) Monthly payment shall be made for satisfactory performed of monthly maintenance & operation on a certificate from the contractor with each bill that maintenance & operation has been carried out properly and all the testing/drills/ servicing/replacement etc. required during the period have been performed. This certificate has to be countersigned by the SDE (E) in charge. (N/A)
- (b) Vendors to raise monthly invoice with all supporting documents .
- 11.2 **No payment** will be made for goods/equipment rejected and services not maintained satisfactory at the site on testing/verification. Payment, if made, for such items shall be recovered from subsequent bills or other bills of the contractor.
- 11.3 BSNL shall deduct statutory taxes and duties from payments due to the firm as per rules of the central/ State Government. The certificate for such deductions shall be issued to the firm by the Accounts Officer of the concerned Division.

- 11.4 Each claim bill of contractors must accompany the following:
- (a) List showing the details of labourers/employees engaged.
- (b) Duration of their engagement.
- © The amount of wages paid to such labourers/ employees for the duration in question.
- (d) Amount of EPF contributions (Both employer's & employees contribution) for the duration of engagement in question paid to the EPF authorities.
- (e) A declaration from the contractors regarding compliance of the conditions of EPF-Act, 1952.
- (f) GST Invoice (as applicable) favouring the BSNL, indicating correct GST, as applicable rates, as documentry proof to avail Input Credit of GST by BSNL in accordance with clause 9.5 of section V above.
- 11.5 The bill passing authority will check the payment particulars regarding EPF contribution furnished by the contractors along with the bill as mentioned in Para 16.4 above and keep full records of the payments etc. each contract wise. The bill will be passed by the bill passing authority only if the contractor complies with the Terms and conditions of EPF Act, 1952.

# 12.0 OPERATION OF CONTRACT:

- 12.1 This is tender for work as mentioned in the name of work.
- 12.2 After tender is accepted, Agreement will be made in between the SDE (E) concerned and the contractor on the basis of tender approved.
- 12.3 Operation of this contract is for bonafide use of BSNL only and is further restricted to only for such works as are authorized by BSNL.

# 13.0 STORES AND SAFETY :

- 13.1 All the stores and materials required for the satisfactory completion of the work shall be arranged at site by the contractor from his own sources. Lockable space for storing the material may be provided on request. However, safe custody of the material stored at site will be responsibility of the contractor till the completion/ handing over of the work.
- 13.2 Before dispatch to site, the equipment/ component/ materials shall be properly packed so as to afford protection against transit damages and damages against storage in open areas either at transporter's premises or at work site. However, damaged items shall be replaced as per the direction of Engineer In Charge.

# 14.0 COORDINATION AT SITE:

14.1 At the site of work more than one agency may be working. Full co-operation shall be extended to other agencies during progress of work. The work will be carried out in such a way so that it may not cause abnormal noise and hindrance to the officers of the BSNL engaged in erection as well as to normal routine work.

# 15.0 GUARANTEE, MAINTENANCE & DEFECTS LIABILITY :

- 15.1 On completion of the contract, the contractor shall certify and get verify from the Engineer in charge that all equipments/Installations are free from any defect due to defective material and bad workmanship/services and also the equipments/ Installations shall work satisfactorily with performance and efficiencies not less than the rated values corresponding to the life of equipments/ Installations.
- 15.2 Any equipment/ Installation found defective on verification shall be replaced/ rectified free of cost by the contractor. The services of the contractor's personnel, if required during this period shall be made available free of cost to the BSNL.
- 15.3 In case, the contractor fails to depute his representative within 48 hours of notification of defects or fails to cause remedial measure within reasonable time after intimation given by the Engineer in charge in writing or telephonically, the BSNL may proceed to do so at the contractor's risk and expenses and without prejudice to any other right of the BSNL to recover such expenses.

### 16.0 DATE OF COMPLETION:

- 16.1 The work shall be deemed to have been completed after the fulfillment of the following:
- 16.2 The date of satisfactory completion of the contract including extended period under deviation free from any defect and handed over to Department / New agency for next contract without any interruption of services.

# 17.0 BYE-LAWS, INDEMNITY AGAINST LIABILITIES:

17.1 The contractor shall comply with all bye-laws and regulations of local and statutory authorities having jurisdiction over the works and shall be responsible for payment of all fees and other charges and giving/ receiving all necessary notices and keep the Engineer-in-charge informed about the notices issued and received.

17.2 The contractor shall indemnify the BSNL against all claim in respect of patent rights, design, trade mark or name of other protected rights in respect of any plant, machine, work or materials used for or in connection with the work or temporary works and from and against all claims, demands, proceedings, costs, charges and expenses whatsoever in respect of or in relation thereon. The contractor shall defend all actions arising from such claims and shall him-self pay all royalties.

&G

- 17.3 License fees, damages, cost and charges of all and every sort that may be legally incurred in respect thereof shall be borne by the contractor.
- 17.4 All liabilities/ penal recoveries on matters arising out of tax / excise/ levies such as incorrect deductions, discrepancies in the filing of returns, revised assessment by the concerned authorities etc. shall be borne by the contractor.
- 17.5 It is contractor's liability to follow all safety procedures in accordance with relevant I.S. amended up to date during execution of work at site.

### 18.0 IMPORTANT NOTE:

- 18.1 The clauses/conditions as modified in the tender shall supersede the relevant conditions of BSNL/CPWD 6/8. The other conditions shall be as per BSNL/CPWD 6/8.
- 18.2 Dept. reserve the right for forclosure of the agreement any time during the currancy of contract period without giving any notice.
- 18.3 The execution of work will be done in presence of SDE(E)/JTO (E) or his authorised representative and certificate from concerned SDE(E), of satisfactory work.
- 18.4 completion of work will 15 Days, which will be reckoned from 7 th days from the date of award.
- 18.5 Generally materials needed for ectifiaction of defects have to be arranged by the firm at his own cost. Materials arranged by contractor shall be of makes as per the list of approved makes attached, the materials not available in the approved makes list shall be of good quality of makes (ISI) duly approved by Engineer-in-charge. For specific details in this regard refer section relevant to service.
- 18.6 Replacement of defective/damanged material shall be on like by like/ approved make basis.
- 18.7 Dismantled materials shall be returned to the Department except those items for which the replacement is supplied by the agency.
- 18.9 Any damage to the installation(s)/building during the maintenance period due to the carelessness on part of the maintenance staff shall be the responsibility of firm & be replaced/rectified without any extra cost
- 18.10 Any accident or damage during maintenance will be the responsibility of the agency & the Department will not entertain any claim, compensation, penalty etc. on this account or on account of non-observance of any other requirement of law relevant to his work.
- 18.11 Agency has to observe all the labour rules & regulation in-force
- 18.12 The Department reserves the right to carry out any work at the risk and cost of the agency, if the agency fails to perform any duty as per the contract
- 18.13 The contractor shall be rectify the defects as intimated by Engineering in charge with in 3 hour in urban area (in Jaipur) and 8 Hrs in rural area.
- 18.14 In case the contractor fails to rectify and attend to the fault as per performance level. BSNL shall be at liberty to get the same carried out from any other agency at the risk & cost of original contractor and recover the amount from the bills of the contractor. Intimation sent through SMS/E-mail shall be considered sufficient notice. The decision/intimation by EE (E) shall be final.

# 19.0 TERMINATION OF CONTRACT ON DEATH OF CONTRACTOR

19.1 Without prejudice of any of the rights or remedies under this contract, if the contractor dies, the Engineer in Charge on behalf of the BSNL shall have the option of terminating the contract without compensation of the Contractor.

# 20.0 INDULGING OF CONTRACTOR IN CRIMINAL / ANTISOCIAL ACTIVITIES AND CASES UNDER INVESTIGATION/ CHARGE SHEETED BY CBI OR ANY OTHER GOVERNMENT AGENCIES ETC.

20.1 If the CBI/Independent External Monitor (IEM) / Income Tax / Sales Tax / Central Excise / Custom Departments recommends such a course - Action shall be taken as per the directions of CBI or concrened department.

# 21.0 IMPORTANT NOTE:

The clauses/conditions as modified in the tender shall supersede the relevant conditions of BSNL/CPWD 6/8. The other conditions shall be as per BSNL/CPWD 6/8.

# **Important Note :**

<sup>1</sup> GST shall be paid extra, as applicable, on production of documentry proof/ invoice to avail Input credit of GST by BSNL.

Sub Divisional Engineer (E) BSNL, Electrical Sub Division-I Jaipur ADDITIONAL SPECIFICATION FOR PROVIDING EI & FANS

1 Rates of only ISI marked conduits, switches and sockets outlets have been taken in the schedule of quantities. Unless and otherwise specified, only such conduits, cables, switches and sockets outlets shell be used in the work.

2 The work shall be done as per current CPWD specifications for electrical works as amended from time to time and Indian Electricity Rules as amended up to date.

3 The work shall be supervised by a qualified Overseer/Engineer

4 The layout of the work will be given by the Engineer-in-Charge or his duly authorized representative at site of work.

5 All conduit work will be carried out in recessed conduit. If recessed conduit wiring is not possible

6 due to circumstances beyond the control. The conduit can be laid in surface, however such surface conduit work shall be carried out only with prior approval of Engineer-in-Charge Down/Drops of surface conduit & all MS/CI boxes used for housing switch & socket must be recessed. Phenolic laminated sheet should be only of 'HYLUM' make.

7 Separate conduits shall be provided for followings.

a) Power plug wiring.

b) Light and Fan point wiring.

c) Emergency Light point wiring.

d) Telephone wiring.

e) Fire detection and alarm.

8. The number of power plug points shall be designed with only one outlet per circuit.

9. The earthing sets must be provided in the presence of the Engineer-in-Charge or his authorized representative.

10. The contractor will have to give the following tests at his cost and intimate test results before final bills are paid. Nothing extra will be paid to him on this account.

a. Earth test.

b. Polarity test.

c. Insulation test.

d. Earth continuity test of recessed conduit.

11. Any damage done to the building by the contractor during the execution of work shall have to be Made good at his cost & risk. If he does not do it himself within a reasonable time as determined by the Engineer-in-Charge the same will be got executed at his risk & cost departmentally after giving notice to him.

12. The circuit wiring at various places shall be kept minimum by taking the runs on walls.

13. The conduits laid shall be provided with fish wire of 16 SWG to facilitate wiring at a later stage. The telephone outlets shall be provided immediately above skirting level.

14. All the sub distribution boards, sub main boards and main boards shall be sign written clearly indicating the number of distribution board, the type of load it is serving and the number of circuits contained in the distribution board.

15. While making the end connection of wires, no strand shall be out and the termination of wire shall be done with necessary lugs and ferrule by crimping method without any extra payment.

16. Lugs should be provided while terminating 6 SWG GI wire for earth continuity without any extra Payment.

17. The termination of conduits etc. in the junction box to be provided above DB should be done by making proper holes instead of cutting the box.

18. The bus bar provided in main board shall be suitable for current density of not more than 100 Amp/sq.cm.

19. All the points on the walls (except for exhaust fan) in the rooms or the corridors shall be provided at a height of 2300 mm above the floor level.

20. All switch boxes and boards in a room shall be of same size.

21. Air conditioning plant rooms, weather maker room, sub station rooms and engine alternator rooms shall be provided light/fans points on walls only.

22. Conduit laid/fixed in slab or wall with fan box before award of work shall be recovered on the following basis :

a. Conduit as per size on linear basis of DSR (Internal) + Contractors percentage of the agency executing the work.

b. Fan box already provided shall be taken into account.

<u>General</u> Rating in VA Switching Technology Input Voltage Output Voltage

<u>Battery / Backup Bank</u> Battery capacity (Ah) Number of Batteries 500VA IGBT-PWM AC Single phase 230V 50Hz AC Single phase 230V +/-1% 50 Hz

For & on behalf of BSNL Signature \_\_\_\_\_ Designation

|     | General Rules & Directions   |
|-----|--|
| 1   | All works proposed for execution by contractor will be notified in a form of invitation to tender displayed on Notice Board in select BSNL offices and signed<br>by the officer inviting tender or by publication in News papers/internet (designated web page) as the case may be.  |
| 2   | This form will state the work to be carried out, as well as the date of submitting and opening tenders and the time allowed for carrying out the work; also the amount of earnest money to be deposited with the tender, and the amount of performance guarantee to be deposited by the successful tenderer(s). Copies of the specifications, designs and drawings and any other documents required in connection with the work signed for the purpose of identification by the Officer inviting tender shall also be open for inspection by the contractor at the office of Officer inviting tender during off ice hours.   |
| 3   | In the event of the tender being submitted by a firm it must be signed by the authorised signatory.  |
| 5   | Receipts for payments made on account of work when executed by a firm, must also be signed by authorised signatory.<br>Any person who submits a tender shall fill up the usual printed form stating at what rate he is willing to undertake each item of the work. Tenders, which propose any alteration in the work specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other condition of any sort, including conditional rebates will be summarily rejected. However, tenders with unconditional rebate will be acceptable. No single tender shall include more than one work, but contractors who wish to tender for two or more works shall submit separate tender for each. Tenders shall have the name and number of the works to which they refer written on the envelopes.                                       |
|     | The rates(s) must be quoted in decimal coinage. Amounts must be quoted in full rupees by ignoring fifty paise and considering more than fifty paise as rupee one.  |
| 6   | The Officer inviting tender or his duly authorised assistant will open tenders in the presence of any intending contractors who may be present at the time, and will enter the amounts of the several tenders in a Comparative Statement in a suitable form. In the event of a tender being accepted a receipt for the earnest money forwarded therewith shall thereupon be given to the contractor who shall thereupon for the purpose of identification sign copies of the specifications and other documents mentioned in Rule 1. In the event of a tender being rejected, the earnest money forwarded with such unaccepted tender shall thereupon be returned to the contractor remitting the same without any interest.   |
| 7   | The officer inviting tenders shall have the right of rejecting all or any of the tenders, and, will not be bound to accept the lowest or any other tender.   |
| 9   | The receipt of an accountant or clerk for any money paid by the contractor will not be considered as any acknowledgement of payment to the Officer inviting tender and<br>the contractors shall be responsible for seeing that he procures a receipt signed by the concerned Accounts Officer.<br>The memorandum of work tendered for and the schedule of materials to be supplied by BSNL shall be filled and completed in the office of the Officer inviting<br>tender before the tender form is issued. If a form is issued to an intending tenderer without having been so filled in and incomplete, he shall request the  |
| 10  | officer to have this done before he completes and delivers his tender.<br>The tenderer shall sign a declaration under the officials S ecret Act, 1923 for maintaining secrecy of the tender documents drawings or other records connected with<br>the work given to them. The unsuccessful tenderers shall return all the with the work given to them. The unsuccessful tenderers shall return all the drawings  |
| 11  | given to them.<br>Rates quoted by the Contractor in the tender both in figures and words shall be accurately filled-in so that there is no discrepancy in the rates written in figures & words. However, if a discrepancy is found the rates which correspond with the amount worked out by the contractor shall unless otherwise proved be taken as correct. If the amount of an item is not worked out by the contractor in figures or words then the rates quoted by the contractor in words shall be taken as correct. Where the rates quoted by the contractor in figures and in words shall be taken as correct.   |
|     | correctly, the rates quoted by the contractor will unless otherwise proved be taken as correct and not the amount.   |
| 12  | Performance Guarantee: The contractor is required to furnish performance guarantee for an amount equal to 5% of the contract value in the form of bank guarantee / CDR/FDR/DD (of a nationalized / Scheduled Bank in a standard format) within two weeks from the date of issue of award letter. The validity period of the performance security in the form of performance bank guarantee shall be one year from the date of actual completion of work. Security deposit:   |
|     | In addition to performance guarantee stated above, a sum @ 10% of the gross amount of the bill shall be deducted from each running bill of the contractor till the sum deducted will amount to security deposit of 5% of the Tendered value of the work.   |
| 13  | All rates shall be quoted on the tender form. The amount for each item should be worked out and requisite totals given. Special care should be taken to write the rates in figures as well as in words and the amount in figures only, in such a way that interpolation is not possible. The total amount should be written both in figures and words. In case of figures, the word 'Rs.' Should be written before the figure of rupees and word 'P' after the decimal figures, e.g. 'Rs.2.15 P' and in case of words, the word, ' Rupees' should precede and the word 'Paise' should be written at the end. Unless the rate is in whole rupees and followed by the word 'only' it should invariably be upto two decimal places. While quoting the rate in schedule of quantities, the word 'only' should be written closely following the amount and it should not be written in the next line. |
| 14A | The bidder shall give the total composite price inclusive of all Central & state's levies and taxes i.e. Sales-tax, purchase tax, turnover tax, service tax, works contract  |
| 14B | tax etc.or any other taxes or duties like octroi, local area development tax on materials/labour etc<br>The total composite price shall comprise of unit price and all other components of price need to be individually indicated/quoted against the goods/material/service,it  |
|     | proposes to supply under the contract in the following manner:- i) The Basic Unit Price (Ex-Factory Price) of the goods /services/ materials Excise Duty, Sales Tax, Freight, Forwarding ,Packing , service tax, insurance and any<br>other levies /charges already paid or payable by the contractor/supplier shall be quoted separately . ii) The liability to pay all taxes, levies, et shall be of contractor and BSNL will not entertain any claim whatsoever in this respect.  |
| 14C | <ul> <li>iii) The monity to pay an taxes, review, do shan to be conductor and both with order than any chain whatsoever in this respect.</li> <li>iii) The invoice for sexise duty/equivalent duty/service tax paid favoring BSNL shall be issued by the firm.</li> <li>No concessional form except S ales Tax form 'C' for the items as specified in the schedule of works and meant for use in BSNL, shall be provided by BSNL. Form 'C'</li> </ul>  |
|     | <ul> <li>shall be provided by the BSNL only on the specific request of the contractor."</li> <li>(i) BSNL shall veluate in detail the financial bids to see whether any computational errors have been made and compare the bids previously determined to be substantially responsive pursuant to clause -8 above</li> </ul>   |
|     | <ul> <li>substantially responsive pursuant to crause - a above</li> <li>(ii) Arithmetical errors shall be rectified on the following basis. If there is a discrepancy between the unit price and total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected by the purchaser. If there is a discrepancy between words and figures, the amount in words shall prevail. If the supplier does not accept the correction of the errors, his bid shall be rejected.</li> </ul>  |
|     | <ul> <li>(iii) The evaluation and comparison of responsive bids shall be done on the basis of Net cost to BSNL on the prices of the goods offered inclusive of Duties and Taxes</li> <li>(B ut excluding CENVAT-able duties &amp; Taxes) as indicated in the</li> <li>Price Schedule in Section -VIII of the Bid Document.</li> <li>(iii) Vanders should furnish the correct Excise Duty for Section tax in the price schedule if the arrelit for the Duties and Taxes under CENVAT aredit Public 2004 is</li> </ul>   |
|     | (iv) Vendors should furnish the correct Excise Duty & Service tax in the price schedule. If the credit for the Duties and Taxes under CENVAT credit Rules-2004 is found to be not admissible at any stage subsequently owing to wrong furnishing of Tariff, then the vendors will be liable to refund such non admissible amount, if   |
|     | <ul> <li>already paid along with penalty if charged by the concerned authority. BSNL reserves its right to deduct such amount from any pending bills or deposit of the vendor.</li> <li>(v) The price quoted by the bidder shall remain fixed during the entire period of contract and shall not be subject to variation on any account. A bid submitted with an adjustable price quotation will be treated as non - responsive and rejected. No claim under "Clause- 10cc" shall be entertained.</li> <li>(vi) DISCOUNT, if any, offered by the bidders shall not be considered unless specifically indicated in the price schedule. Bidders desiring to offer discount shall</li> </ul>  |
|     | therefore modify their offers suitably while quoting and shall quote clearly net price taking all such factors like Discount, free supply, etc. into account".   |
| 15A | However, pursuant to the constitution (forty-sixth amendment) act, 1982, if any further tax or levy is imposed by statute, after the last date of receipt of tenders,<br>and the contractors thereupon necessarily and properly pays such taxes/ levies, the contractor shall be reimbursed the amount so paid, provided such payment, if any, is  |
| 150 | not in the opinion of Superintending engineer (whose decision shall be final and binding) be attributable to delay in execution of work within the control of contractor.  |
| 15B | The contractor shall keep necessary books of account and other documents for the purpose of this condition as may be necessary and shall allow inspection of<br>the same by a duly authorized representative of BSNL and further shall furnish such other information/ document as engineer-in-charge may require.   |
|     | and same of a day additioned representative of Doral and ration shall ration shell build into matterior document as engineer-in-enarge inlay require.  |

|--|--|
| Time and   | The time allowed for carrying out the work as entered in the tender as per Schedule'F' or the extended time shall be strictly observed by the contractor as  |
| Extension for                                    | shall be the essence of Time and the contract on the part of the contractor and shall be reckoned from the tenth day after Extension the date on whi   |
| Delay  | the order to commence the work is issued to the contractor .If the contractor commits default in commencing the execution of the work  |
| •  | aforesaid, BSNL for Delay shall, without prejudice to any other right or remedy available in law, be at liberty to forfeit the earnest money and t   |
|  | performance guarantee absolutely.  |
|  |  |
|  | 5.1 To ensure good progress during the execution of the work, the contractor shall be bound in all cases in which the time allowed for any wo exceeds, one month(save for special th jobs) to complete 1/8 of the whole of work before 1/4 th of the whole time allowed under th the contract h  |
|  | elapsed; 3/8 of the work before 1/2 of such time has elapsed, and 3/4 th of the work, before 3/4 of such time has elapsed. For special jobs, if a tim  |
|  | schedule has been submitted by the contractor and the same has been accepted by the engineer-in-charge, the contractor shall comply with the sa  |
|  | time schedule  |
|  | 5.2 If the work(s) be delayed by:-   |
|  | i) force majeure, or   |
|  | ii) abnormally bad weather, or   |
|  | iii) serious loss or damage by fire, or  |
|  | iv) civil commotion, local commotion of workmen, strike or lockout, affecting any of the trades employed on the work, or   |
|  | v) Delay on the part of other contractors or tradesmen engaged by Engineer-in-charge in executing work not forming part of the contract or   |
|  | vi) Non-availability of stores, which are the responsibility of BSNL to supply.  |
|  | vii) Then upon the happening of any such event causing delay, the contractor shall immediately give notice thereof in writing to the Engineer-in   |
|  | Charge but shall nevertheless use constantly his best endeavors to prevent or make good the delay and shall do all that may be reasonably required t   |
|  | the atisfaction of the Engineer-in-Charge to proceed with the works.   |
|  | 5.3 Request for extension of time, to be eligible for consideration, shall be made by the contractor in writing within 30 days of the happenir   |
|  | of the event causing delay. The contractor may also, if practicable, indicate in such a request the period for which extension is desired. No  |
|  | application by the contractor for extension of time shall not be a bar for giving a fair and reasonable extension by the Engineer-in-charge and this shall be  |
|  | approximation of the contractor.   |
|  |  |
|  | CLAUSE 6   |
| Measurement                                      | 6.1 All measurement of all items having financial value shall be entered in Measurement Book so that a complete record is obtained of all works performe   |
| of Work Done                                     | under the contract.  |
|  | 6.2 All Measurements shall be taken jointly by the Engineer-in-charge or his authorized representative and by the contractor or his authorized   |
|  | representative from time to time during the progress of the work and such measurements shall be signed and dated by the Engineer-in-charge and the   |
|  | contractor or their representatives in token of their acceptance. If the contractor objects to any of the measurements recorded, a note shall be made  |
|  | to that effect with reason and signed by both the parties.<br>6.3 If for any reason the contractor or his authorized representative is not available and the work of recording measurements is suspended by the  |
|  | Engineer-in-charge or his representative, the Engineer-in-charge and the BSNL shall not entertain any claim from contractor for any loss of  |
|  | damages on this account. If the contractor or his authorised representative does not remain present at the time of such measurements after the   |
|  | contractor or his authorised representative has been given a notice in writing three(3) days in advance or fails to countersign or to record objection within  |
|  | week from the date of the measurement, then such measurements recorded in his absence by the Engineer-in-charge or his representative shall be   |
|  | deemed to be accepted by the contractor.   |
|  | 6.4 The contractor shall, without extra charge, provide all assistance with every appliance, labour and other things necessary for recordin  |
|  | measurements.  |
|  | 6.5 Except where any general or detailed description of the work expressly shows to the contrary, measurements shall be taken in accordance with   |
|  | the procedure set forth in the specifications notwithstanding any provision in the relevant Standard Method of measurement or any general or loc   |
|  |  |
|  | custom. In the case of items which are not covered by specifications, measurements shall be taken in accordance with the relevant standard method of   |
|  | measurement issued by the Bureau of Indian Standards and if for any items no such standard is available then a mutually agreed method shall be followed.   |
|  | 6.6 The contractor shall give not less than seven days notice in writing to the engineer-in-charge or his authorized subordinate in charge of the wor  |
|  | before covering up or otherwise placing beyond the reach of measurement any work in order that the same may be measured and correct  |
|  | dimensions thereof be taken before the same is covered up or placed beyond the reach of measurement and shall not cover up and place beyon   |
|  | the reach of measurement any work without the consent in writing of the engineer-in-charge or his authorized subordinate in-charge of the work who sha   |
|  | within the aforesaid period of seven days inspect the work, and if any work shall be covered up or placed beyond the reach of measurement without suc  |
|  | notice having been given or the engineer-in-charge's consent being obtained the same shall be uncovered at the contractor's expense, or in defau   |
|  |  |
|  | thereof no payment or allowance shall be made for such work or the materials with which the same was executed.<br>6.7 Engineer-in-charge or his authorized representative may cause either themselves or through another officer of BSNL to check the measuremen   |
|  | 0.7 Engineer-m-enauge of mis authorized representative may cause cruter memserves of unough another officer of DSNE to check the measurement   |

| Material be                   | CLAUSE 10 i) Materials which BSNL will supply are shown in the Schedule of work / Schedule B. It also stipulates the quantum, place of issue and rate(s) to b  |
| provided by<br>the Contractor | shared in second thread. The contraction hall be bound to around them from Training in share   |
| the contractor                | charged in respect thereof. The contractor shall be bound to procure them from Engineer-in-charge.<br>ii) As soon as the work is awarded, the contractor shall finalize the program for the completion of work as per clause 5 of this contract an   |
|                               | shall give his estimates of materials required on the basis of drawings/or schedule of quantities of the work. The Contractor shall give in writin   |
|                               | his equirement to the Engineer-in-charge which shall be issued to him keeping in view the progress of work as assessed by the Engineer-in  |
|                               | charge.  |
|                               | iii) The contractor shall see that only the required quantities of materials are got issued. Any such material remaining unused and in perfectly goo   |
|                               | condition at the time of completion or determination of the contract shall be returned to the Engineer-in-charge at the stores from which it was issue   |
|                               | or at a place directed by him by a notice in writing. The contractor shall not be entitled for loading, transporting, unloading and stacking c   |
|                               | such unused material except for the extra transportation, if any involved, beyond the original place of issue.   |
|                               | iv) The contractor shall bear the cost of getting the material issued, loading, transporting to site, unloading, storing under cover as required   |
|                               | assembling and joining the several parts together as necessary.  |
|                               | v) All stores/materials so supplied to the contractor or procured with the assistance of BSNL shall remain the absolute property of BSNL and the   |
|                               | contractor shall be the trustee of the stores/materials, and the said stores/materials shall not be removed/disposed off from the site of the work on an<br>account and shall be at all times open to inspection by the Engineer-in-charge or his authorized agent.                                  |
|                               | vi) In the event of breach of the aforesaid condition, the contractor shall in addition to throwing himself open to account for contravention of th  |
|                               | terms of the licenses or permit and/or for criminal breach of trust, be liable to BSNL for all advantages or profits resulting or which in the usual cours   |
|                               | would have resulted to him by reason of such breach. Provided that the contractor shall in no case be entitled to any compensation or damages of   |
|                               | account of any delay in supply or non-supply thereof all or any such materials and stores provided further that the contractor shall be bound t  |
|                               |  |
|                               | execute the entire work if the materials are supplied by BSNL within the original scheduled time for completion of the work plus 50% thereof or<br>schedule time plus 6 months wchever is more if the time of completion of work exceeds 12 months but if a part of the materials only has bee       |
|                               |  |
|                               | supplied within the aforesaid period then the contractor shall be bound to do so much of the work as may be possible with the materials and store  |
|                               | supplied in the aforesaid period. For the completion of the rest of the work, the contractor shall be entitled to such extension of time as may b  |
|                               | determined by the Engineer-in-charge whose decision in this regard shall be final and binding on the contractor. CLAUSE 10A  |
|                               | The contractor shall, at his own expense, provide all materials, required for the works other than those which are stipulated to be supplied by BSNL.  |
|                               |  |
|                               | i) The contractor, shall at his own expense and without delay, supply to the Engineer-in-charge samples of materials to be used on the worl  |
|                               | and shall get these approved in advance. All such materials to be provided by the contractor shall be in conformity with the specifications laid   |
|                               | down or eferred to in the contract. The contractor shall, if requested by the Engineer-in-charge furnish proof, to the satisfaction of the Engineer<br>in-icharge that the materials so comply. The Engineer-in-charge shall within thirty days of supply of samples or within such further period a |
|                               | he may require intimate to the contractor in writing whether samples are approved by him or not. If samples are not approved, the contractor   |
|                               | shall forthwith arrange to supply to the Engineer-in-charge for his approval fresh samples complying with the specifications laid down in the contract. Whe  |
|                               | materials are required to be tested in accordance with specifications, approval of the Engineer-in-charge shall be issued after the test results ar  |
|                               | received.  |
|                               | ii) The contractor shall at his risk and cost submit the samples of materials to be tested or analysed and shall not make use of or incorporate in th  |
|                               | work any materials represented by the samples until the required tests or analysis have been made and materials finally accepted by the Engineer-in  |
|                               | charge. The contractor shall not be eligible for any claim or compensation either arising out of any delay in the work or due to any corrective measure  |
|                               | required to be taken on account of and as a result of testing of materials.  |
|                               | iii) The Engineer-in-charge or his authorized representative shall at all times have access to the works and to all workshops and places where work i  |
|                               | being prepared or from where materials, manufactured articles or machinery are being obtained for the works and the contractor shall afford every<br>facility and every assistance in obtaining the right to such access.  |
|                               | i) The Engineer-in-charge shall have full powers to require the removal from the premises of all materials which in his opinion are not in accordance wit  |
|                               | the specifications and in case of default the Engineer-in-charge shall be at liberty to employ at the expense of the contractor other persons to remov   |
|                               | the same without being answerable or accountable for any loss or damage that may happen or arise to such materials. The engineer-in-charge shall als   |
|                               | have full powers to require other proper materials to be substituted thereof and in case of default the engineer-in-charge may cause the same to be supplie  |
|                               | and all costs which may attend such removal and substitution are to be borne by the contractor.  |
|                               | CLAUSE 10B   |
|                               | The contractor(s) shall make his/their own arrangements for water/electricity required for internal/external electrification work and nothing extra will b   |
|                               | paid for the same. In respect of specialized works like DG Set, Air conditioning, Fire Detection etc. water/ electricity supply shall be made availabl   |
|                               | by BSNL free of cost for erection/testing.   |
| L                             | CLAUSE 10 C<br>In respect of Contracts with stipulated time period of completion being less than18(Eighteen) months, if after submission of the tender the wages of  |
|                               |  |
|                               | labour increases as a direct result of the coming into force of any fresh law, or statutory rule or order and such increase exceeds ten per cent of the  |
|                               | wages prevailing at the time of the last stipulated date for receipt of the tenders including extensions if any for the work, and the contractor thereupo  |
|                               | necessarily and properly pays in respect of labour engaged on the execution of the work such increased wages, then the amount of the contract shall  |
|                               | accordingly be varied. Provided always that any increase so payable is not, in the opinion of the Superintending Engineer (whose decision shall b  |
|                               | final and binding on the contractor) attributable to any delay in the execution of the contract within the control of the contractor.  |
|                               | Provided, however, no reimbursement shall be made if the increase is not more than 10% of the said wages, and if so, the reimbursement shall be mad  |
|                               | only on the excess over 10% and provided further that any such increase shall not be payable if such increase has become operative after the contract o  |
|                               | extended date of completion of the work in question.   |
|                               | If after submission of the tender, the wages of labour is decreased as a direct result of the coming into force of any fresh law or statutory rules or order and   |
|                               | such decrease exceeds ten per cent of the wages prevailing at the time of receipt of the tender for the work, the BSNL shall in respect of labour  |
|                               | engaged on the execution of the work after the date of coming into force of such law statutory rule or order be entitled to deduct from the dues of th   |
|                               | contractor such amount as shall be equivalent to the difference between the wages as prevailed at the time of the last stipulated date for receipt of tender   |
|                               |  |
|                               | including extensions if any for the work minus ten per cent thereof and the wages of labour on the coming into force of such law, statutory rule or order  |

| downloade |  |
|-----------|--|
|           | The contractor shall, for the purpose of this condition, keep such books of account and other documents as are necessary to show the amount  |
|           | of any increase claimed or reduction available and shall allow inspection of the same by a duly authorized representative of the BSNL, ar  |
|           | further shall, at the request of the Engineer-in-Charge may require any documents so kept and such other information as the Engineer-in-Charge may   |
|           | require.   |
|           | The contractor shall, within a reasonable time of his becoming aware of any alteration in the wages of labour, give notice thereof to the Engineer-in-Charg  |
|           | stating that the same is given pursuant to this condition together with all information relating thereto which he may be in position to supply   |
|           | CLAUSE 10 CC<br>0CC.1 If the prices of materials (not being materials supplied or services rendered at fixed prices by BSNL in accordance with clause 10 A thereo  |
|           | and/or wages of labour required for execution of the work increase, the contractor shall be compensated for such increase as per provisions detailed   |
|           | below and the amount of the contract shall accordingly be varied, subject to the condition that such compensation for escalation in prices shall be  |
|           | available only for the work done during the stipulated period of the contract including such period for which the contract is validity extended under the  |
|           | provisions of clause 5 of the contract without any action under Clause 2. However, for the work done during the justified period extended as above   |
|           | the compensation as detailed below will be limited to prices wages prevailing at the time of stipulated date of completion or as prevailing for the  |
|           | period under consideration, whichever is less. No such compensation shall be payable for a work for which the stipulated period of completion  |
|           | 18 months or less. Such compensation for escalation in the prices of materials and labour when due, shall be worked out based on the following   |
|           | provisions:  |
|           |  |
|           | A)   |
|           | For Lift Work:   |
|           | In respect of works relating to supply and installation of lifts/escalators price variation clause as per IEEMA shall be applicable.   |
|           | B) For work other than lift:   |
|           | i) The base date for working out such escalation shall be the last date of receipt of tenders including extension, if any.   |
|           | ii) The cost of work on which escalation will be payable shall be reckoned as below :-   |
|           | a) Gross value of work done upto this quarter : (A)  |
|           | b) Gross value of work done up to the last quarter : (B)   |
| L         | c) Gross value of work done since previous quarter (A-B): (C)  |
| L         | d) Extra items paid as per Clause 12 & 12A based on : (D)  |
| L         | Prevailing market rate during this quarter   |
|           | e) Cost of work (W) for which escalation is applicable   |
|           | W = 0.85  M [ Where  M = (C - D)]  |
|           | iii) The components of materials and labour in working out such percentages are given below and shall be binding on the contractor.  |
|           | For AC, DG, S/Stn.,F.D., F.F. For internal/external Electrical Works & other specialized works   |
|           | A) material  |
|           | B) labour 15% percent B) labour  |
|           | iv) The compensation for escalation for materials shall be worked out as per the   |
|           | formula given below:-  |
|           | Vm = W x Xm/100 x MI-Mio/Mio   |
|           |  |
|           | Vm- Variation in material cost i.e. Increase or decrease in the amount in rupees to be paid or recovered.  |
|           | W- Cost of work done worked out as indicated in sub para (ii) above  |
|           | Xm- Component of materials expressed as percent of the total value of work   |
|           | MI- All India whole sale index for all commodities for the period under consideration as published by the Economic Advisor to Government of  |
|           | India, Ministry of Industry and Commerce.  |
|           | MIo- All India whole sale price index for all commodities valid on the last stipulated date of receipt of tender including extension if any, as publishe   |
|           | by the Economic Advisor to Government of India, Ministry of Industry and Commerce.   |
|           | v) The following principles shall be followed while working out indices mentioned in sub-Para (iv) above.  |
|           | a) The compensation for escalation shall be worked out at quarterly intervals and shall be with respect to the cost or work done as per bills paid during the  |
|           | three calendar months of the said quarter. The first such payment shall be made at the end of three months after the month (excluding) in which  |
|           | the tender was accepted and thereafter at three months interval. At the time of completion of the work, the last period for payment might become less  |
|           | than three months, depending on the actual date of completion.   |
|           |  |
|           | b) The index (MI) Relevant to any quarter for which such compensation is paid shall be the arithmetical average of the indexes relevant to the three   |
|           | lendar months. If the period up to date of completion after the quarter covered by the last such installment of payment is less than three months, the   |
| 1         | index MI shall be the average of the indices for the month falling within that period .  |
|           |  |
|           | vi) The compensation for escalation for labour shall be worked out as per the formula given below:-  |
|           | VL = W x Y/100 x Ll-Llo / Llo  |
|           | VL- Variation in labour cost i.e. Increase or decrease in the amount in rupees to be paid or recovered.  |
|           | W - Value of work done, worked out as indicated in sub para (ii) above   |
|           | Y - Component of labour expressed as percentage of the total value of work   |
|           | LIo-Minimum daily wage in rupees of an unskilled adult male mazdoor, fixed under any law, statutory rule or order as on the last stipulated da   |
|           | of receipt of tender including extension, if any.  |
|           | LI - Minimum wage in rupees of an unskilled adult male mazdoor, fixed under any law, statutory rule or order as applicable on the last day of the quarter  |
|           | previous to one under consideration.   |
|           | vii) The following principles will be followed while working out the compensation as per sub para (vi) above.  |
|           | a) The minimum wage of an unskilled male mazdoor mentioned in sub para   |
|           | (vi) above shall be the higher of the following two figures, namely those notified by government of India, ministry of labour and those notified by the local administry of labour and those notified by the local administry of labour and those notified by the local administry of labour and those notified by the local administry of labour and those notified by the local administry of labour and those notified by the local administry of labour and those notified by the local administry of labour and those notified by the local administry of labour and those notified by the local administry of labour administry of l |
|           | by the local administration both relevant to the place of work and the period of reckoning.  |
|           | b) The escalation for labour also shall be paid at the same quarterly intervals when escalation due to increase in the cost of materials is paid under the   |
|           | clause. If such revision of minimum wages takes place during any such quarterly intervals, the escalation compensation shall be payable at revise  |
|           | rates only for work done in subsequent quarters.   |
|           | c) Irrespective of variations in minimum wages of any estagory of labour for the nurpose of this clause, the variation in the rates for an un-lilled - the   |
|           |  |
|           | male mazdoor alone shall form the basis for working out the escalation compensation payable on the labour component.   |
|           | <ul> <li>c) Irrespective of variations in minimum wages of any category of labour, for the purpose of this clause, the variation in the rates for an unskilled adu male mazdoor alone shall form the basis for working out the escalation compensation payable on the labour component.</li> <li>viii) In the event the price of materials and/or wages of labour required for execution of the work decrease/s, there shall be downward adjustment of th cost of work so that such price of materials and/or wages of labour shall be deductable from the cost of work under this contract and in this regar</li> </ul>   |

|-----------------------------------|--|
|                                   | a) No such adjustment for the decrease in the price of materials and/ or wages of labour afore-mentioned would be made in case of contracts  |
|                                   | which the stipulated period of completion of the work is eighteen months or less.  |
|                                   | b) The engineer-in-charge shall otherwise be entitled to lay down the procedures by which the provision of this sub-clause shall be implement  |
|                                   | from time to time and the decision of the engineer-in-charge in this behalf shall be final and binding on the contractor.  |
|                                   | ix) Provided always that the provision of the preceding clause 10 (C) shall not be applicable for contracts where provisions of this clause  |
|                                   | applicable but in cases where provision of this clause are not applicable, the provisions of clause 10(C) will become applicable.  |
|                                   | CLAUSE 10D   |
|                                   | The contractor shall treat all materials obtained during dismantling of an installation, excavation of the site for a work etc. as BSNL's properties of the site o |
|                                   | and such materials shall be disposed of to the best advantage of BSNL according to the instructions in writing issued by the engineer-in-charge.   |
| Work to be                        | CLAUSE 11<br>11.1 The contractor shall execute the whole and every part of the work in the most substantial and workman like manner and both as regards mater  |
| Executed in<br>Accordance<br>with | and otherwise in every respect in strict accordance with the specifications. The contractor shall also confirm exactly fully and faithfully to the design  |
| Soecifications,<br>Drawings,      | drawings and instructions in writing in respect of the work signed by the engineer-in-charge. The contractor shall take full responsibility  |
| Orders, etc.                      | adequacy, suitability and safety of all the works and methods of installation.   |
| ,                                 | lil.2 In the case of any class of work for which there is no such specification as referred to Clause 11.1, such work shall be carried out   |
|                                   | accordance with the Bureau of Indian Standards specification, in case there is no such specifications in Bureau of Indian Standards, the w   |
|                                   | shall be carried out as per manufacturer's specifications. In case there are no such specifications as required above the work shall be carr   |
|                                   | out in all respect in accordance with the instructions and requirements of the Engineer-in-charge.   |
|                                   | CLAUSE 12  |
| Devation,                         | 12.1 The engineer-in-charge shall have power   |
| Variations                        | i) To make any alterations in, omissions from, additions to or substitutions for the original specifications, drawings, designs and instructions, i  |
| Extent and                        | may appear to him to be necessary or advisable during the progress of the work and   |
| Pricing                           | ii) To omit a part of the works in case of non-availability of a portion of the site or for any other reasons and the contractor shall be bound to ca  |
|                                   | out the work in accordance with any instructions given to him in writing signed by the engineer-in-charge, and such alterations, omissions, additions  |
|                                   | substitutions shall form part of the contract as if originally provided therein and any altered, additional or substituted work which the contract   |
| ĺ                                 | may be directed to do in the manner specified above as part of the work, shall be carried out by the contractor on the same conditions in all resp   |
|                                   | on which he agreed to do the main work except as hereafter provided  |
|                                   | 12.1.1 The time for the completion of work shall, in the event of any deviations resulting in additional cost over the tendered value of sum be ordered, be extended, if requested by the contractor, as follows:  |
| ĺ                                 |  |
|                                   | i) In the proportion which the additional cost of the altered, additional or substituted work, bears to the original tendered value plus.  |
|                                   | ii) 25% of the time calculated in (i) above or such further additional time as may be considered reasonable by the Engineer-in-charge.   |
|                                   | 12. 2 Rates for such altered, additional or substituted work shall be determined by the Engineer- in-charge as follows:-   |
|                                   | i) If the rates for the additional, altered or substituted item of work is specified in the schedule of quantity, the contractor shall carry out   |
| ļ                                 | altered, additional or substituted item at the same rate.  |
|                                   | ii) If the rate for any additional altered or substituted item of work is not specified in the schedule of quantities, the rate for that item shall  |
|                                   | derived from the rate for the nearest similar item specified therein.  |
|                                   | iii) If the rate for altered, additional or substituted item of work cannot be determined in the manner specified in sub paras (i) and (ii) abo  |
|                                   | then such item of works shall be carried out at the rate entered in the CPWD schedule of Rates as mentioned in the Schedule 'F' minus/plus   |
| ĺ                                 | percentage by which the tendered amount of the work actually awarded is higher or lower than the corresponding estimated amount of the warded  |
|                                   | actually awarded.<br>iv) If the rates for the altered additional or substituted item of work can not determined in the manner specified in the sub-clauses (i)   |
| ĺ                                 | (iii) above, then the rates for such item of work shall be derived from the Schedule of Rates specified in sub para above (iii) minus/plus the percent   |
|                                   | mentioned in that sub para. Provided always that if rates(s) for part(s) of the item(s) are not available in the schedule of rates specified above, rate   |
|                                   | part(s) of such item(s) shall be determined on the basis of the market rate(s) prevailing during the fortnight following the date of the order plus  |
|                                   | percent for profit and overhead.   |
|                                   | v) If the rates for the altered, additional or substituted item of work can not be determined in the manner specified in sub-paras (i) to (iv) abo   |
|                                   | the contractor shall within 15 days of the date of receipt of order to carry out the said work, inform the engineer-in-charge of the rate which  |
|                                   | proposes to claim for such item of work, supported by analysis of rate claimed and the Engineer-in-charge shall within three months thereas  |
|                                   | after giving due consideration to the rate claimed by the contractor, determine the rate or rates on the basis of prevailing market rates. In the event  |
| l                                 | contractor failing to inform the Engineer-in-charge within the stipulated period of time, the rate which he proposes to claim, the rate for such item sl   |
|                                   | be determined by the Engineer-in-charge on the basis of market rate(s).  |
|                                   | vi) Provided further that in case where the original item is substituted, the substituted item shall be deemed to have replaced the original item in   |
|                                   | contract itself to that extent and above provisions pertaining to the deviations shall apply with respect to such substituted item and not   |
|                                   | original item.<br>12.2 In groups of London of tendened groutite  |
|                                   | 12.3 Increase/ Decrease of tendered quantity   |
| ĺ                                 | a) BSNL will have the right to increase or decrease up to 50% of the quantity of goods and services specified in the schedule of items without any change the unit price or other terms and conditions at the time of quart of contract. In excentional and unputoidable cases <b>PSNI</b> can increase the quantity of go   |
|                                   | the unit price or other terms and conditions at the time of award of contract. In exceptional and unavoidable cases BSNL can increase the quantity of go   |
|                                   | and services beyond 50 % of the tendered quantity without any change in tendered and accepted unit price and also other terms and conditions as application application of the tendered quantity without any change in tendered and accepted unit price and also other terms and conditions as application.  |
|                                   | at the time of award of contract   |
|                                   | at the time of award of contract. CLAUSE 13  |

| or Reduction in                          | &G Page  |
|--|--|
| Scope of Work                            | of the works to be carried out, the Engineer-in-charge shall give notice in writing to that effect to the contractor and the contractor shall a  |
|  | accordingly in the matter. The contractor shall have no claim to any payment of compensation or otherwise whatsoever, on account of any profit   |
|  | advantage which he might have derived from the execution of the works in full but which he did not derive in consequence of the foreclosure of the whole   |
|  | part of the works.   |
|  |  |
|  | 13.2 The contractor shall be paid at contract rates full amount for works executed at site and in addition, a reasonable amount as certified by t  |
|  | Engineer-in-charge for the items hereunder mentioned which could not be utilised on the work to the full extent in view of the foreclosures.   |
|  | i) Reasonable compensation for transfer of T&P and staff from site to contractor's permanent stores or to his other works, whichever is less.  |
|  | T&P/staff are not transported to either of the said places, no cost of transportation shall be payable.  |
|  | iii) BSNL shall have the option to take over contractor's materials or any part thereof either brought to site or to which the contractor is legally bound   |
|  | accept delivery from suppliers (for incorporation in or incidental to the work) provided, however BSNL shall be bound to take over the materials   |
|  | such portions thereof as the contractor does not desire to retain. For materials taken over or to be taken over by BSNL cost of such materials   |
|  | detailed by Engineer-in-charge shall be paid. The cost shall, however, take into account purchase price, cost of transportation and deterioration  |
|  | damage which may have been caused to materials whilst in the custody of the contractor.  |
|  | 13.3 The contractor shall, if required by the Engineer-in-charge, furnish to him books of account, wage books and other relevant documents an  |
|  | evidences as may be necessary to enable him to certify the reasonable amount payable under this condition.   |
|  | 13.4 The reasonable amount of item(s) on 13.2 (i) above shall not be in excess of 2% of the cost of the work remaining incomplete on the date  |
|  | closure, i.e. total stipulated cost of the work as per accepted tender less the cost of work actually executed under the contract and less the cost  |
|  | contractor's materials at site taken over by BSNL as per item 13.2 (ii) above. Provided always that against any payments due to the contractor on the  |
|  | account or otherwise, the Engineer-in-charge shall be entitled to recover or be credited with any outstanding balances due from the contractor f   |
|  | advance paid in respect of any work and materials and any other sums which at the date of termination were recoverable by BSNL from the contract   |
|  | under the terms of the contract.   |

|                      | The said notice shall give full particulars of the claim, grounds on which it is based and detailed calculations of the amount claimed and the contract  |
|                      | shall not be entitled to raise any claim nor shall the BSNL be in any way liable in respect of any claim by the contractor unless notice of such claim sha   |
|                      | have been given by the contractor to the Engineer-in-Charge in the manner and within the time as aforesaid. The contractor shall be deemed to have   |
|                      | waived and extinguished all his rights in respect of any claims not notified to the Engineer-in-Charge in writing in the manner and within the time aforesaid  |
|                      | (ii) The Engineer-in-Charge shall give his decision in writing on the claims notified by the contractor within 30 days of the receipt of the noti-   |
|                      | thereof. If the contractor is not satisfied with the decision of the Engineer-in-Charge, the contractor may within 15 days of the receipt of the decision  |
|                      | of the Engineer-in- Charge submit his claims to the conciliating authority named in Schedule 'F' for conciliation along with all details and copies  |
|                      | correspondence exchanged between him and the Engineer-in-Charge.   |
|                      | (iii) The party initiating conciliation shall send to the other party a written invitation to conciliate. Conciliation proceedings shall commence when the   |
|                      | other party accepts in writing the invitation to conciliate. If the other party rejects the invitation, or does not reply within thirty days from the da   |
|                      | of invitation, there will be no Conciliation Proceedings.  |
|                      | (iv) When it appears to the Conciliator that there exists element of a settlement which may be acceptable to the parties, he shall formulate the   |
|                      | terms of a possible settlement and submit them to parties for their observation after receiving the observations of the parties. He may reformula  |
|                      | the terms of a possible settlement in the light of such observations. If the parties reach agreement on settlement of the dispute, they may draw up an   |
|                      | sign a written settlement agreement. Parties may request the Conciliator to draw up or assist them in drawing up the settlement agreement. Such  |
|                      | settlement agreement shall have the same status and effect as if it is an arbitral award on agreed terms on the substance of the dispute rendered by an arbitr   |
|                      | tribunal under section 30 of Arbitration and Conciliation Act 1996. If a settlement does not appear possible, the Conciliator, after consultation with the   |
|                      | parties will give a written declaration that further efforts at Conciliation are no longer justified and the Conciliation Proceedings are terminated.  |
|                      | (v) When conciliation proceedings have become in-fructuous or have been terminated the party, which initiated the Conciliation shall, within a period  |
|                      | of 30 days of termination thereof shall give a notice, in the form prescribed by the BSNL, to the Chief Engineer, Bharat Sanchar Nigam Limited i   |
|                      | charge of the work or if there be no Chief Engineer, to the Administrative Head of the Bharat Sanchar Nigam Limited for appointment of an arbitrat   |
|                      | to adjudicate the notified claims failing which the claims of the contractor shall be deemed to have been considered absolutely barred and waived.   |
|                      | (vi) Except where the decisions have become final, binding and conclusive in terms of the contract, all disputes arising out of the notific  |
|                      | claims of the contractor as aforesaid and all claims of the BSNL shall be referred for adjudication through the arbitration by the Sole Arbitrat   |
|                      | appointed by the Chief Engineer, Bharat Sanchar Nigam Limited in-charge of the work or if there be no Chief Engineer, the Administrative Hea   |
|                      | of the Bharat Sanchar Nigam Limited. It will also be no objection to any such appointment that the Arbitrator so appointed is a BSNL Employ  |
|                      | and that he had to deal with the matters to which the Contract relates in the course of his duties as BSNL Employee. If the arbitrator so appointed  |
|                      | unable or unwilling to act or resigns his appointment or vacates his office due to any reason whatsoever another sole arbitrator shall be appointed  |
|                      | the manner aforesaid by the said Chief Engineer. Such person shall be entitled to proceed with the reference from the stage at which it was left by h  |
|                      | predecessor.   |
|                      | It is a term of this contract that the party invoking arbitration shall give a list of disputes with amounts claimed in respect of each dispute along  |
|                      | with the notice for appointment of arbitrator.<br>It is also a term of this contract that no person other than a person appointed by such Chief Engineer, Bharat Sanchar Nigam Limited or the  |
|                      | administrative head of the Bharat Sanchar Nigam Limited as aforesaid should act as arbitrator and if for any reasons that is not possible, the matter sha  |
|                      | not be referred to arbitration at all. The conciliation and arbitration shall be conducted in accordance with the provisions of the Arbitration  |
|                      | Conciliation Act 1996 or any statutory modification or re-enactment thereof and the rules made thereunder and for the time being in force shall apply  |
|                      | the arbitration proceeding under this clause   |
|                      | It is also a term of this contract that the arbitrator shall adjudicate on only such disputes as are referred to him by the appointing authority and   |
|                      | give separate award against each disputes and claim referred to him. The arbitrator shall give reasons for the award for each dispute referred to him.   |
|                      | It is also a term of the contract that if any fees are payable to the arbitrator these shall be paid equally by both the parties.  |
|                      | It is also a term of the contract that the arbitrator shall be deemed to have entered on the reference on the date he issues notice to both the parties calling the state of t |
|                      | them to submit their statement of claims and counter statement of claims. The venue of the arbitration shall be such place as may be fixed by  |
|                      | the arbitrator in his sole discretion. The fees, if any, of the arbitrator shall, if required to be paid before the award is made and published, be paid has   |
|                      | and half by each of the parties. The cost of the reference and of the award (including the fees, if any, of the arbitrator) shall be in the discretion of the  |
|                      | arbitrator who may direct to any, by whom and in what manner, such costs or any part thereof, shall be paid and fix or settle the amount of cost   |

|---|---|--|--|--|--|
|   |   |  |  |  |  |
| Contractor to<br>Indemnify<br>BSNL against<br>Patent Rights | The Contractor shall fully indemnify and keep indemnified the Bharat Sanchar Nigam Limited against any action, claim or proceeding relating infringement or use of any patent or design or any alleged patent or design rights and shall pay any royalties which may be payable in respect any article or part thereof included in the contract. In the event of any claims made under or action brought against BSNL in respect of any su matters as aforesaid the contractor shall be immediately notified thereof and the contractor shall be at liberty, at his own expense, to settle a  |  |  |  |  |
|   | dispute or to conduct any litigation that may arise therefrom, provided that the contractor shall not be liable to indemnify the Bharat Sanchar Niga<br>Limited if the infringement of the patent or design or any alleged patents or design right is the direct result of an order passed by the Engineer-i<br>Charge in this behalf.  |  |  |  |  |
|   | CLAUSE 27   |  |  |  |  |
|   | When the estimate on which a tender is made includes lump sum in respect of parts of the work ,the contractor shall be entitled to payment respect of the items of work involved or the part of the work in question at the same rates as are payable under this contract for such items, or if the part the work in question is not ,in the opinion of the Engineer-in –charge payable of measurement ,the Engineer-In charge may at his discretion p the lump sum amount entered in the estimate ,and the certificate in writing of the Engineer-In-Charge shall be final and conclusive against the contract with regard to any sum or sums payable to him under the provisions of the clause .  |  |  |  |  |
| Action where  | CLAUSE 28<br>In case of any class of work for which there are no such specifications as referred to in Clause 11 such work shall be carried out in accordance with the  |  |  |  |  |
| no<br>Specifications<br>are specified                       | Bureau of Indian Standards specifications. In case there is no such specifications in Bureau of Indian Standards, the work shall be carried out as p<br>manufacturer's specifications. In case no such manufacturer's specifications is available then as per District Specifications. In case there are no such<br>specifications as required above, the work shall be carried out in all respects in accordance with the instructions and requirements of the Enginee<br>in-Charge.<br>CLAUSE 29  |  |  |  |  |
| Withholding   | i) Whenever any claim or claims for payment of a sum of money arises out of or under the contract or against the contractor, the Engineer-in-Charge   |  |  |  |  |
| and lien in<br>respect of<br>sum due from                   | the Government shall be entitled to withhold and also have a lien to retain such sum or sums in whole or in part from the security, if an<br>deposited by the contractor and for the purposes aforesaid, the Engineer-in-Charge or the Government shall be entitled to withhold the securi<br>deposit, if any, furnished as the case may be and also have lien over the same pending finalisation or adjudication of any such claim. In the event of the  |  |  |  |  |
| the Contractor  | security being insufficient to cover the claimed amount or amounts or if no security has been taken from the contractor, the Engineer-in-Charge the Government shall be entitled to withhold and have a lien to retain such claimed amount or amounts referred to above, from any sum or sums four payable or which may at any time thereafter become payable to the contractor under the same contract or any other contract with the Engineer-i   |  |  |  |  |
|   | Charge of the Government or any contracting person through the Engineer-in-Charge pending finalisation of adjudication of any such claim.<br>It is an agreed term of the contract that the sum of money or moneys so withheld or retained under the lien referred to above by the Engineer  |  |  |  |  |
|   | in- Charge or Government will be kept withheld or retained as such, by the Engineer-in-Charge, till the claim arising out of or under the contract is determined by the arbitrator (if the contract is governed by the arbitration clause) or by the competent court, as the case may be and the the contractor will have no claim for interest or damages whatsoever on any account in respect of such withholding or retention under the list   |  |  |  |  |
|   | referred to above and duly notified as such to the contractor. For the purpose of this clause, where the contractor is a partnership firm or a limit<br>company, the Engineer-in- charge or the Government shall be entitled to withhold and also have a lien to retain towards such claimed amount or amount   |  |  |  |  |
|   | in whole or in part from any sum found payable to any partner/limited company as the case may be ,whether in his individual capacity or otherwise<br>ii) Government shall have the right to cause an audit and technical examination of the works and the final bills of the contractor including a<br>supporting unappear abstract ato, to be used, after numerate of the final bill and if as a result of such audit and technical argument is found<br>to be a supporting unappear abstract ato, to be used, after numerate of the final bill and if as a result of such additional technical argument in found<br>to be a support of the final bills |  |  |  |  |
|   | supporting vouchers, abstract, etc., to be made after payment of the final bill and if as a result of such audit and technical examination any sum is found<br>to have been overpaid in respect of any work done by the contractor under the contract or any work claimed to have been done by him under the<br>contract and found not to have been executed, the contractor shall be liable to refund the amount of over-payment and it shall be lawful for Government   |  |  |  |  |
|   | recover the same from him in the manner prescribed in sub-clause (i) of this clause or in any other manner legally permissible; and if it is found that the contractor was paid less than what was due to him under the contract in respect of any work executed by him under it, the amount of such under payme shall be duly paid by the Government to the contractor, without any interest thereon whatsoever. Provided that the Government shall not be entitled  |  |  |  |  |
|   | recover any sum overpaid, nor the contractor shall be entitled to payment of any sum paid short where such payment has been agreed upon betwee<br>the Superintending Engineer or Executive Engineer on the one hand and the contractor on the other under any term of the contract permittin  |  |  |  |  |
|   | payment for work after assessment by the Superintending Engineer or the Executive Engineer.<br>CLAUSE 29 A  |  |  |  |  |
| Lien in respect<br>of claims in                             | Any sum of money due and payable to the contractor (including the security deposit returnable to him) under the contract may be withheld<br>retained by way of lien by the Engineer-in-Charge or the Government or any other contracting person or persons or through Engineer-in-Charge  |  |  |  |  |
| other contracts   | against any claim of the Engineer-in-Charge of Government or such other person or persons in respect of payment of a sum of money arising out<br>under any other contract made by the contractor with the Engineer-in-Charge or of the Government or with such other person or persons.   |  |  |  |  |
|   | It is an agreed term of the contract that the sum of money so withheld or retained under this clause by the Engineer-in-Charge or the Government w<br>be kept withheld or retained as such by the Engineer-in-Charge or the Government or till his claim arising out of the same contract or any oth<br>contract is either mutually settled or determined by the arbitration clause or by the competent court, as the case may be and that the contract<br>shall have no claim for interest or damages whatsoever on this account or on any other ground in respect of any sum of money withheld<br>retained under this clause and duly notified as such to the contractor.   |  |  |  |  |
|   | CLAUSE 30<br>30.1 The contractor shall provide all necessary superintendence during execution of the work and as long thereafter as may be necessary for prop<br>fulfilling of the obligations under the contract.  |  |  |  |  |
|   | 30.2 The contractor shall immediately after receiving letter of acceptance of the tender and before commencement of the work, intimate in writing the Engineer-in-charge the name, qualifications, experience, age, address and other particulars along with certificates, of the principal technic representative to be in charge of the work. Such qualifications and experience shall not be lower than specified as under :-  |  |  |  |  |
|   | i) Work with estimated cost Recognised Diploma holder<br>Put to tender more than Rs.,2 lakh<br>But less than Rs.5 lakh.   |  |  |  |  |
|   | ii) Work with estimated cost Graduate or recognised   |  |  |  |  |
|   | Put to tender more than Rs. 5 lakh         diploma holder with three years experience.           30.3 The Engineer-in-charge shall within 15 days of receipt of such communication intimate in writing his approval or otherwise of such representative to the contractor. Any such approval may at any time be withdrawn and in case of such withdrawal the contractor shall appoint anoth   |  |  |  |  |
|   | such representative according to the provisions of this clause. Decision of the tender accepting authority shall be final and binding on the contractor<br>this respect. Such a principal technical representative shall be appointed by the contractor soon after receipt of the approval from Engineer-in-charge  |  |  |  |  |

| iowilloaded doc.          | ۵۵ ۲ <i>۵</i> ۷۴۹۷   |
|---------------------------|--|
|                           | 30.4 If the contractor (or any partner in case of firm/company) who himself has such qualifications, it will not be necessary for the said contractor to appoint such a principal technical representative but the contractor shall designate and appoint a responsible agent to represent him and to be present at the work whenever the contractor is not in a position to be so present. All the provisions applicable to the principal technical representative under the clause will also be applicable in such a case to contractor or his responsible agent. The principal technical representative and/or the contractor shall on receiving reasonable notice from the Engineer-in-charge or his designated representative(s) in charge of the work in writing or in person or otherwise, present himself to the Engineer-in-charge and/or at the site of work, as required, to take instructions. Instructions given to the principal technical consultation with the Engineer-in-charge as well as during important stages of execution ofrepresentative and/or the contractor or his responsible authorised agent shall be actually available at site at least two working days every week, these days shall be determined in work, during recording of measurements of work and whenever so required by the Engineer-in-charge by a notice as aforesaid and shall also note down instructions conveyed by the Engineer-in-charge or his designated representative in the site order book and shall affix his signature in token of noting down the instructions and in token of acceptance of measurements. There shall be no objection if the Engineer-in-charge and he shall be gatisfied that the provisions and the purpose of this clause are fulfilled satisfactory. 30.5 If the Engineer-in-charge and he shall be satisfied that the provisions and the purpose of this clause, a recovery shall be effected from the contractor ar specified below : i) Rs. 4000/- per month for works costing above 5 lakhs ii) Rs. 2000/- per month for works costing above 5 lakhs ii) Rs. 8.2000/- per month for wo |
|                           | effectively present or do not discharge their responsibilities satisfactorily, the Engineer-in-charge shall have full powers to suspend the execution of the<br>work until such date as a suitable agent is appointed and the contractor shall be held responsible for the delay so caused to the work. The contractor shall<br>submit a certificate of employment of the technical representative/responsible agent alongwith every on account bill/final bill and shall produce<br>evidence if at any time so required by the Engineer-in-charge.<br>30.7 The contractor shall provide and employ on the site only such technical assistants as are skilled and experienced in their respective fields and such  |
|                           | foremen and supervisory staff as are competent to give proper supervision to the work.<br>30.8 The contractor shall provide and employ skilled, semi-skilled and unskilled labour as is necessary for proper and timely execution of the work.<br>30.9 The Engineer-in-charge shall be at liberty to object to and require the contractor to remove from the works any person who in his opinion<br>mis-conducts himself, or is incompetent or negligent in the performance of his duties or whose employment is otherwise considered by the<br>Engineer-in-charge to be undesirable. Such person shall not be employed again at works site without the written permission of the Engineer-in-charge and<br>the persons so removed shall be replaced as soon as possible by competent substitutes.   |
| Compensation              | CLAUSE 31<br>31.1 The work (whether fully constructed or not) and all materials, machines, tools and plants, scaffolding, temporary buildings and other things   |
|                           | onnected therewith shall be at the risk of the contractor until, the work has been delivered to the engineer-in-charge and a certificate from him to<br>that effect obtained. In the event of the work or any materials property brought to the site for incorporation in the work being damaged o<br>destroyed in consequence of hostilities or warlike operations, activities covered by "excepted risk", the contractor shall, when ordered in writing by<br>the engineer-in-charge, remove any debris from the site, collect and properly stack or remove in store all serviceable materials salvaged from the<br>damaged work and shall be paid at the contract rates in accordance with the provision of this agreement for the work of clearing the site of debris<br>stacking or removal of serviceable materials and for the re-construction of all works ordered by the engineer-in-charge such payments being in<br>addition to compensation upto the value of the work, originally executed before being damaged or destroyed and not paid for. In case of works damaged o<br>destroyed but not already measured and paid for the compensation shall be assessed by the Engineer-in-charge upto Rs.5000/- and by the<br>superintending engineer concerned for a higher amount. The contractor shall be paid for the damage/destruction suffered and for restoring the<br>material at the rates based on theanalysis of rates tendered for in accordance with the provisions of the contract. The certificate of the engineer<br>in-charge regarding the quality and quantity of materials and the purpose of which they were collected shall be final and binding on all parties to<br>this contract.  |
|                           | 31.2 Provided always that no compensation shall be payable for any loss in activities covered by "excepted risk" (a) unless the contractor had taken al such precautions against air raid as are deemed necessary by the A.R.P. Officers or the engineer-in-charge, (b) for any materials etc not on the site or the work or for any taken and plant machinery coefficient temporery buildings and other things not intended for the work.   |
|                           | the work or for any tools and plant, machinery, scaffolding temporary buildings and other things not intended for the work.<br>31.3 In the event of the contractor having to carry out reconstruction as aforesaid he shall be allowed such extension of time for its completion as<br>is considered reasonable by the Engineer-in-charge.<br>CLAUSE 32  |
|                           | All electrical works shall be carried out in accordance with the provisions of Indian Electricity Act, 1910 and Indian Electricity Rule 1956 amended<br>upto date. List of Rules of particular importance to building installations is given in Appendix B & C of CPWD General Specifications for Electrical W orks<br>(external and internal).<br>CLAUSE 33   |
| Release of                | Security Deposit of the work shall not be refunded till the contractor produces a clearance certificate from the Labour Officer. As soon as the work is  |
| Security<br>Donosit after | virtually complete the contractor shall apply for the clearance certificate to the Labour Officer under intimation to the Engineer-in-Charge. The  |
| Deposit after<br>labour   | Engineer-in-Charge, on receipt of the said communication, shall write to the Labour Officer to intimate if any complaint is pending against the contractor<br>in respect of the work. If no complaint is pending, on record till after 3 months after the completion of the work and/or no communication is  |
| clearance                 | received from the Labour Officer to this effect till six months after the date of completion, it will be deemed to have received the clearance certificate<br>and the Security Deposit will be released if otherwise due.  |
| Insurance                 | CLAUSE 34<br>Without limiting the Contractor's obligations and responsibilities stated elsewhere in the Contract, the Contractor shall at his own cost arrange<br>secure and maintain insurance in the joint names of the BSNL and the contractor with any of the subsidiary of the General Insurance Corporation o<br>India in such a manner that the BSNL and the contractor are covered for all time during the period of contract i.e. the time period allowed fo<br>completion of work, extended period and the defect liability period. The insurance shall be effected in accordance with terms approved by the BSNI<br>and the contractor shall submit the insurance policies to the Engineer-In-Charge within one week of signing of the agreement along with the receipt o<br>premium. The contractor shall timely pay and submit the receipts of payment of premiums for extensions of policies, if any. The insurance shal<br>cover the following: -   |
|                           | <ul> <li>a) Contractor's All Risks Insurance</li> <li>The contractor shall insure the work for a sum equivalent to the Contract value or such additional sums as specified and the interests of the BSNL against ALL RISKS claims, proceedings, loss or damages, costs, charges and expenses from whatsoever cause arising out of or in consequence of the execution and maintenance of the work for which the contractor is responsible under the contract</li> <li>b) Workman Compensation &amp; Employers Liability Insurance.</li> </ul>   |

| Internet downloaded doc. | This insurance shall be effected for all the contractor's employees engaged in the performance of the contract. The BSNL shall not be Ragge 4th of        |
|--------------------------|---|
|                          | respect of any damages or compensation payable at law in respect of or in consequence of any accident or injury to any workman or any other person        |
|                          | in the employment of the contractor and the contractor shall indemnify and keep indemnified the BSNL against all such damages and compensation            |
|                          | and against all claims, demands, proceedings, costs, charges and expenses, whatsoever in respect or in relation thereof.                                  |
|                          | c) Third Party Insurance.   |
|                          | The contractor shall be responsible for making good to the satisfaction of the Engineer-in-Charge any loss or any damage to all structures and properties |
|                          | belonging to the BSNL or being executed or procured or being procured by the BSNL or of the other agencies within the premises of all work of the         |
|                          | BSNL if such loss or damage is due to fault and or the negligence or willful acts or omissions of the contractor, his employees, agents,                  |

|                 | Maternity Benefit Act, 1961, or any modification thereof or any other law relating thereof and rules made there under from time to time.   |
|                 | e) Contractor shall also at his own cost carry and maintain any and all other insurance(s) which he may be required to take out under any law  |
|                 | regulation from time to time. He shall also carry and maintain any other insurance, which may be required by the Engineer-in-Charge.   |
|                 | 34.1The Contractor shall prove to the Engineer-in-charge from time to time he has taken out all the insurance policies referred to above and has pa  |
|                 | the necessary premiums for keeping the policies alive till expiry of the Defects Liability Period.   |
|                 | 34.2The aforesaid insurance policies shall provide that they shall not be cancelled till the Engineer-in-charge has agreed for cancellation.   |
|                 | 34.3 Remedy on the contractor's failure to insure  |
|                 | If the contractor shall fail to effect and keep in force the insurance referred to above or any other insurance which he/they may be required to effe  |
|                 |  |
|                 | under the terms of the contract then and in any such case Engineer-in-charge may without being bound to, effect and keep in force any suc  |
|                 | insurance and pay such premium or premiums, as may be necessary for that purpose and from time to time deduct the amount so paid by the  |
|                 | Engineer-in-charge from any moneys due or which may become due to the contractor or recover the same as a debt due from the contractor.  |
|                 | BSNL SAFETY CODE   |
|                 |  |
|                 | 1. Suitable scaffolds should be provided for workmen for all works that cannot safely be done from the ground, or from solid construction except suc<br>short period work as can be done safely from ladders. When ladder is used, an extra mazdoor shall be engaged for holding the ladder and if the |
|                 |  |
|                 | ladder is used for carrying materials as well suitable footholds and handhold shall be provided on the ladder and the ladder shall be given an inclination   |
|                 | not steeper than 4 to 1(1/4 horizontal and 1 vertical).  |
|                 | 2. Scaffolding of staging more than 3.6 m (12 ft.) above ground or floor ,swung or suspended from an overhead support or erected wi  |
|                 | stationery support shall have a guard rail properly attached or bolted , braced and otherwise secured at least 90 cm (3 ft.) high above the floor of   |
|                 | platform of such scaffolding or staging and extending along the entire length of the outside and ends there of with only such opening as may be  |
|                 |  |
|                 | necessary for the delivery of materials .such scaffolding or staging shall be so fastened as to prevent it from swaying f rom the building or structure.   |
|                 | 3. Working platforms ,gangways and stairways should be so constructed that they should not sag unduly or unequallly and if the height of the   |
|                 | paltform or the gangway or the stairway is more than 3.6m (12ft) above ground level or floor level , they should be closely boarded , should ha  |
|                 | adequate width and should be suitably fastened as described in (2) above.  |
|                 | 4. Every opening in the floor of a building or in a working platforms shall be provided with suitable means to prevent the fall of person or materials   |
|                 | providing suitable f encing or railing whose minimum height shall be 90 cm.  |
|                 | 5. Safe means of access shall be provided to all working platforms and other working places. Every ladder shall be securely fixed. No portab   |
|                 | single ladder shall be over 9m (30ft) in length while the width between side rails in rung ladder shall in no case be less than 29 cm $(11/2^{\circ})$ f   |
|                 |  |
|                 | ladder upto and including 3m (10 ft) in length. For longer ladders, this width should be increased atleast 1/4" for each additional 30 cm (1foot)  |
|                 | length. Uniform step spacing of not more than 30 cm shall be kept . Adequate precautions shall be taken to prevent danger from electrical equipment.   |
|                 | materials or any of the sites or work shall be so stacked or placed as to cause danger or inconvenience to any person or the public. The contract  |
|                 | shall provide all necessary fencing and lights to protect the public from the accident and shall be bound to bear the expenses of defence of every su  |
|                 | , action or other proceedings at law that may be brought by any person for injury sustained owing to neglect of the above precautions and to pay a   |
|                 | damages and cost which may be awarded in any such suit, action or proceedings to any such person or which may ,with the consent of the contractor  |
|                 | be paid to compensate any claim by any such person.  |
|                 | 6. Excavation and Trenching-A ll trenches 1.2m (4 ft) or more in depth ,shall at all times be supplied with at least one ladder for each 30m (100 ft)  |
|                 | length or fraction thereof.Ladder shall extend from bottom of the trench to at least 90 cm (3 ft) above the surface of the ground .The side of the   |
|                 |  |
|                 | trenches which are 1.5 m(5 ft) or more in depth shall be stepped back to give suitable slope or securely held by timber bracing, so as to avoid the dang   |
|                 | of sides collapsing. The excavated materials shall not be placed within 1.5 m (5 ft) of the edges of the trench or half of the depth of the trench   |
|                 | whichever is more. Cutting shall be done from top to bottom. Under no circumstances undermining or undercutting shall be done.   |
|                 | 7. Before any rewiring work is commenced and also during the progress of the work, no electric cable or apparatus which is liable to be a source of  |
|                 |  |
|                 | danger or a cable or apparatus used by the operator shall remain electrically charged.   |
|                 | 8. Those engaged in welding works shall be provided with welder's protective eye-  |
|                 | shields.   |
|                 | 9. The contractor shall not employ men and women below the age of 18 years on the work of painting with products containing lead in an   |
|                 | form. W herever men above the age of 18 are employed on the work of lead painting, the following precaution should be taken.   |
|                 | a) No paint containing lead or lead products shall be used except in the form of paste or ready made paint.  |
|                 | b) Suitable face masks should be supplied for use by the workers when paint is applied in the form of spray or a surface having lead paint is dry rubb   |
|                 | and scraped.   |
|                 | c) Overalls shall be supplied by the contractors to the workmen and adequate facilities shall be provided to enable the working painters to wa   |
|                 | during and on the cessation of work.   |
|                 | d) Instructions with regard to special hygienic precautions to be taken in the painting trade shall be distributed to working painters.  |
|                 | 10.Use of hoisting machines and tackle including their attachments, anchorage and supports shall conform to the following standards or conditions :-   |
|                 |  |
|                 | i) a) These shall be of good mechanical construction, sound materials and adequate strength and free from patent defects and shall be kept repair  |
|                 | and in good working order.   |
| -               | b)Every rope used in hoisting or lowering materials or as a means of suspension shall be of durable quality and adequate strength, and fr  |
|                 |  |
|                 | from patent defects.   |
|                 | ii) Every crane driver or hoisting appliance operator, shall be properly qualified and no person under the age of 21 years should be in charge   |
|                 | any hoisting machine including any scaffolding winch or give signals to operator.  |
|                 | iii) In case of every hoisting machine and of every chain ring hook, shackle swivel and pulley block used in hoisting or as means of suspension, t   |
|                 | safe working load shall be ascertained by adequate means. Every hoisting machine and all gear referred to above shall be plainly marked with t   |
| l               | safe working load. In case of a hoisting machine having a variable safe working load each safe working load and the condition under which it   |
|                 | applicable shall be clearly indicated. No part of any machine or any gear referred to above in this paragraph shall be loaded beyond the sa  |
|                 | working load except for the purpose of testing.  |
|                 | Invitante total except for the purpose of testing.   |

| ordinarity employed or are proposed to be employed in any day during the period during which the contract work is in progress.           2. DEFINITION           Work place means a place where tvently or more workers are ordinarily employed in connection with construction work, on any day durin period, during which the contract work is in progress.           3. FIRST-ADFACILITIES           0         At every work place there shall be provided and maintained, so as to be easily accessible during working hours, first aid boxes at the rate of not than one box for 150-contract labour op art there of contrary employed.           0         Differentiation of the contract work in progress.           2.         A term work places in which the number of contract labour employed does not exceed 50- Each first-aid box shall contain the following equipment: - 1.           0         A strange state strilling dressings.         3.           3.         3. If age size strilling dressings.         3.           4.         3 large size strilling dressings.         3.           5.         1. (30 mL) bottle containing a two percent alcoholic solution of iodine         6.           6.         1. (30 mL) bottle containing a two system permagnate crystals.         9.           9.         1 pair colsson:           10.         Logy of the first-aid local by gradual attribute solution of bottles.           11.         12 Outment for burns.           13.         A bottle of strating 1  | 1        | &G Page 4   |

|   |          | i) In every work place, there shall be provided and maintained, at suitable places, easily accessible to labour, a sufficient supply of cold water fit f<br>drinking. |

| ownloaded doc | iii) Every water supply or storage shall be at a distance of not less than 50 feet from any latrine drain or other source of pollution. Where water Rage 4   |  |  |  |  |
|---------------|--|--|--|--|--|
|               | drawn from an existing well, which is within such proximity of latrine, drain or any other source of pollution, the well shall be properly chlorinated before  |  |  |  |  |
|               | water is drawn from it or for drinking. All such wells shall be entirely closed in and be provided with a trap door, which shall be dust and waterproof.<br>iv) A reliable pump shall be fitted to each covered well, the trap door shall be kept locked and opened only for cleaning or inspection which shall 1  |  |  |  |  |
|               | done at least once a month. 5. WASHING FACILITIES  |  |  |  |  |
|               | i) In every work place adequate and suitable facilities for washing shall be provided and maintained for the use of contract labour employed therein.  |  |  |  |  |
|               | <ul><li>ii) Separate and adequate cleaning facilities shall be provided for the use of male and female workers.</li><li>iii) Such facilities shall be conveniently accessible and shall be kept in clean and hygienic condition.</li></ul>   |  |  |  |  |
|               | 6. LATRINES AND URINALS i) Latrines shall be provided in every work place on the following scale namely:-  |  |  |  |  |
|               | a) Where female are employed there shall be at least one latrine for every 25 females.   |  |  |  |  |
|               | <ul> <li>b) Where males are employed, there shall be at least one latrine for every 25 males.</li> <li>Provided that where the number of males or females exceeds 100, it shall be sufficient if there is one latrine for 25 males or females as the case may be at the case ma</li></ul> |  |  |  |  |
|               | upto the first 100, and one for every 50 thereafter.<br>ii) Every latrine shall be under cover and so partitioned off as to secure privacy, and shall have a proper door and fastenings.   |  |  |  |  |
|               | iii) Construction of latrines: The inside walls shall be constructed of masonry or some suitable heat-resisting nonabsorbent materials and shall be ceme   |  |  |  |  |
|               | washed inside and outside at least once a year. Latrines shall not be of a standard lower than bore-hole system.<br>iv) a) Where workers of both sexes are employed, there shall be displayed outside each block of latrine and urinal, a notice in the language understood  |  |  |  |  |
|               | by the majority of the workers "For Men only" or "For Women only" as the case may be.<br>b) The notice shall also bear the figure of a man or a woman, as the case may be.   |  |  |  |  |
|               | v) There shall be at least one urinal for upto 50 number of male workers and one for upto 50 number of female workers employed at a time, provided th  |  |  |  |  |
|               | where the number of male or femal e workers, as the case may be, exceeds 500, it shall be sufficient if there is one urinal for every 50 males or females, up<br>the first 500 and one for every 100 or part thereafter.   |  |  |  |  |
|               | vi) a) The latrines and urinals shall be adequately lighted and shall be maintained in a clean and sanitary condition at all times.  |  |  |  |  |
|               | b) Latrines and urinals other than those connected with a flush sewage system shall comply with the requirements of the Public Health Authorities.<br>vii) Water shall be provided by means of tap or otherwise so as to be conveniently accessible in or near the latrines and urinals.   |  |  |  |  |
|               | viii) Disposal of excreta: - Unless otherwise arranged for by the local sanitary authority, arrangements for proper disposal of excreta by incineration at the work purpose and covering it with a 15 cm. layer of waste or refuse and then covering it place shall be made by means of a suitable incinerator. Alternate  |  |  |  |  |
|               | excreta may be disposed off by putting a layer of night soil at the bottom of a pucca tank prepared for the with a layer of earth for a fortnight (W hen it with   |  |  |  |  |
|               | turn to manure).<br>ix) The contractor shall at his own expense, carry out all instructions issued to him by the Engineer-in-Charge to effect proper disposal of night so  |  |  |  |  |
|               | and other conservancy work in respect of the contractor's workmen or employees on the site. The contractor shall be responsible for payment of ar<br>charges, which may be levied by Municipal or Cantonment Authority for execution of such on his behalf.  |  |  |  |  |
|               | 7. PROVISION OF SHELTER DURING REST  |  |  |  |  |
|               | At every place there shall be provided, free of cost, four suitable sheds, two for meals and the other two for rest separately for the use of men and wome labour. The height of each shelter shall not be less than 3 metres (10 ft.) from the floor level to the lowest part of the roof. These shall be kept clear  |  |  |  |  |
|               | and the space provided shall be on the basis of 0.6 sq. m. (6 sft.) per head. Provided that the Engineer-in-Charge may permit subject to his satisfaction a portion of the building under construction or other alternative accommodation to be used for the purpose.  |  |  |  |  |
|               | 8. CRECHES   |  |  |  |  |
|               | i) At every work place, at which 20 or more women worker are ordinarily employed, there shall be provided two rooms of reasonable dimensions for<br>the use of their children under the age of six years. One room shall be used as a playroom for the children and the other as their bedroom. The rooms sha  |  |  |  |  |
|               | be constructed with specifications as per clause 19 H (ii) a, b & c.   |  |  |  |  |
|               | ii) The rooms shall be provided with suitable and sufficient openings for light and ventilation. There shall be adequate provision of sweepers to kee<br>the places clean.   |  |  |  |  |
|               | <ul> <li>iii) The contractor shall supply adequate number of toys and games in the playroom and sufficient number of cots and beddings in the bedroom.</li> <li>iv) The contractor shall provide one ayah to look after the children in the crèche when the number of women workers does not exceed 50 and two when the</li> </ul>   |  |  |  |  |
|               | number of women workers exceeds 50.<br>v) The use of the rooms earmarked as crèches shall be restricted to children, their attendants and mothers of the children.   |  |  |  |  |
|               | 9. CANTEENS  |  |  |  |  |
|               | i) In every work place where the work regarding the employment of contract labour is likely to continue for six months and where in contract labour  |  |  |  |  |
|               | numbering one hundred or more are ordinarily employed, an adequate canteen shall be provided by the contractor for the use of such contract labour<br>ii) The contractor shall maintain the canteen in an efficient manner.  |  |  |  |  |
|               | iii) The canteen shall consist of atleast a dining hall, kitchen, storeroom, pantry and washing places, separately for workers and utensils.   |  |  |  |  |
|               | <ul> <li>iv) The canteen shall be sufficiently lighted at all times when any person has access to it.</li> <li>v) The floor shall be made of smooth and impervious materials and inside walls shall be lime-washed or colour washed atleast once in each year. Provide</li> </ul>  |  |  |  |  |
|               | that the inside walls of the kitchen shall be lime-washed every 4 months.<br>vi) The premises of the canteen shall be maintained in a clean and sanitary condition.  |  |  |  |  |
|               | vii) Wastewater shall be carried away in suitable covered drains and shall not be allowed to accumulate so as to cause a nuisance.   |  |  |  |  |
|               | <ul><li>viii) Suitable arrangements shall be made for the collection and disposal of garbage.</li><li>ix) The dining hall shall accommodate at a time 30 percent of the contract labour working at a time.</li></ul>   |  |  |  |  |
|               | x) The floor area of the dining hall, excluding the area occupied by the service counter and any furniture, except tables and chairs, shall not be le  |  |  |  |  |
|               | than one square metre (10 sft.) per diner to be accommodated as prescribed in sub-Rule 9.  |  |  |  |  |
|               | <ul> <li>a) A portion of the dining hall and service counter shall be partitioned off and reserved for women workers in proportion to their number.</li> <li>b) Washing places for women shall be separate and screened to secure privacy.</li> </ul>  |  |  |  |  |
|               | xii) Sufficient tables' stools, chair or benches shall be available for the number of diners to be accommodated as prescribed in sub-Rule 9.   |  |  |  |  |
|               | <ul> <li>xiii) a)</li> <li>1. There shall be provided and maintained, sufficient utensils, crockery, furniture and any other equipment's, necessary for the efficient running of the efficie</li></ul> |  |  |  |  |

|              | i) The contractor shall issue an Attendance card cum wage slip to each workman employed by him in the specimen form at (Appendix-VII).   |
|              | <ul><li>ii) The contractor shall be valid for each wage period.</li></ul>  |
|              | iii) The contractor shall mark the attendance of each workman on the card twice each day, once at the commencement of the day and again after t  |
|              | rest interval, before he actually starts work.   |
|              | iv) The card shall remain in possession of the worker during the wage period under reference.  |
|              | v) The contractor shall complete the wage slip portion on the reverse of the card at least a day prior to the disbursement of wages in respect of t  |
|              | wage period under reference.   |
|              | vi) The contractor shall obtain the signature or thumb impression of the worker on the wage slip at the time of disbursement of wages and retain the ca  |
|              | with him.  |
|              | 9. EMPLOYMENT CARD   |
|              | The contractor shall issue an Employment Card in the Form XIV of CL (R&A) Central Rules 1971 to each worker within three days of the   |
|              | employment of the worker (Appendix-VIII).  |
|              | 10. SERVICE CERTIFICATE  |
|              | On termination of employment for any reason whatsoever the contractor shall issue to the workmanwhose services have been terminated, a Service   |
|              | Certificate in the Form XV of the CL (R&A) Central Rules 1971 (Appendi x-IX).  |
|              | 11. PRESERVATION OF LABOUR RECORDS   |
|              | All records required to be maintained under Regulations Nos. 6 &7 shall be preserved in original for a period of three years from the date of last entri   |
|              | made in them and shall be made available for inspection by the Engineer-in-Charge or Labour Officer or any other officers authorised by the Minist   |
|              | of Communication in this behalf.   |
|              | 12. POWER OF LABOUR OFFICER TO MAKE INVESTIGATIONS OR ENQUIRY The labour officer or any person authorised by the Central Government on their behalf shall have power to make enquiries with a view to ascertaining an        |
|              | enforcing due and proper observance of Fair Wage Clauses and provisions of these Regulations. He shall investigate into any complaint regarding the  |
|              | default made by the contractor or subcontractor in regard to such provision.   |
|              | II. REPORT OF LABOUR OFFICER   |
|              | The Labour Officer or other persons authorised as aforesaid shall submit a report of result of his investigation or enquiry to the Executive Engine  |
|              | concerned indicating the extent, if any, to which the default has been committed with a note that necessary deductions from the contractor's bill be made  |
|              |  |
|              | and the wages and other dues be paid to the labourers concerned. In case an appeal is made by the contractor under Clause 13 of the  |
|              | regulations, actual payment to labourers will be made by the Executive Engineer after the Superintending Engineer has given his decision on such appeal.   |
|              | i) The Executive Engineer shall arrange payments to the labour concerned within 45 days from the receipt of the report from the Labour Offic   |
|              | or the Superi ntending Engineer as the case may be.  |
|              | 14. APPEAL AGAINST THE DECISION OF LABOUR OFFICER  |
|              | Any person aggrieved by the decision and recommendations of the Labour Officer or other person so authorised may appeal against such decision  |
|              | the Superintending Engineer concerned within 30 days from the date of decision, forwarding simultaneously a copy of his appeal to the Executive Engine   |
|              | concerned but subject to such appeal, the decision of the officer shall be final and binding upon the contractor.  |
|              | 15. PROHIBITION REGARDING REPRESENTATION THROUGH LAWYER  |
|              | i) A workman shall be entitled to be represented in any investigation or inquiry under these regulations by: -   |
|              | a) An officer of a registered trade union of which he is a member.   |
|              | b) An officer of a federation of trade unions to which the trade union referred to in Clause (a) is affiliated.  |
|              | c) Where the employer is not a member of any registered trade union, by an officer of a registered trade union, connected with the industry in which   |
|              | the worker is employed or by any other workman employed in the industry in which the worker is employed.<br>ii) An employer shall be entitled to be represented in any investigation or inquiry under these regulations by:- |
|              | a) An officer of an association of employers of which he is a member.  |
|              | b) An officer of a federation of associations of employers to which association referred to in Cl ause (a) is affiliated.  |
|              | <ul><li>c) Where the employer is not a member of any association of employers, by an officer of association of employer connected with the industry,</li></ul>   |
|              | which the employer is engaged or by any other employer, engaged in the industry in which the employer is engaged.  |
|              | iii) No party shall be entitled to be represented by a legal practitioner in any investigation inquiry under these regulations.  |
|              | 16 INSPECTION OF BOOKS AND SILPS   |
|              | The contractor shall allow inspection of all the prescribed labour records to any of his workers or to his agent at a convenient time and place after d  |
|              | notice is received or to the Labour Officer or any other person, authorised by the Central Government on his behalf.   |
|              | 17. SUBMISSION OF RETURNS  |
